KICKOFF: SEPT 10 @ 7PM

DURHAM TECH ORANGE COUNTY CAMPUS

SolarizeHillsborough.org

Together we can make solar simple and affordable.

Find out how:

SolarizeHillsborough.org

Homeowners and businesses in Orange County are eligible.

1 Free Solar Assesssment

After you sign up, a representative from Southern Energy Management or Yes! Solar Solutions will contact you for your free solar assessment.

Our vetted installer partners were selected using a competative proposal process. They provide a complete solution, from the initial assessment to the final quality check and lasting warranty.

2 Grow Your Savings

State and Federal tax credits are worth up to 65% of your installation costs. Here's how it works for a typical home (4 kW):

Average retail price:	**$ 19,000**
Solarize price:	$ 16,080
35% NC tax credit:	$ 5,628
Est. Federal tax credit:	$ 3,586
Net cost:	**$ 6,870**

This example system would decrease your electricity costs by $**560** per year. Compared to continuing to buy power from your utility, you would **be better off after about 6 years, much sooner than the 25 year lifetime of your panels**. And as more people go solar, the discounts grow for everyone.

3 Go Solar Today!

You don't have to wait. Our financing partners have developed loans custom fit for solar.

800-715-8472

919-956-4644

You also may qualify for a home equity line of credit. Consider contacting your home mortgage banker.

Spread the word!

The enthusiasm in Hillsborough for local, clean, and independent solar power is strong. But to ensure a sustainable future and get the greatest discounts, we need everyone to be involved. To find out what you can do to help, email info@solarizenc.org

Solarize Hillsborough is a grassroots initiative organized by NextClimate, a North Carolina-based non-profit. To promote solar energy, the Town of Hillsborough is providing non-monetary support to the initiative by offering the use of town meeting space for public solar education events and the use of staff time to spread the word to homeowners and businesses. The Hillsborough Board of Commissioners adopted a resolution of support at its June 2014 meeting.
