If you are interested in participating in a singing group please contact Terry at 919-245-2016.

**Finding Your Voice**

Each class starts with vocal exercises. It's important that vocalists use every muscle to achieve the sound they want. We'll do full body stretches, facial gestures, tongue exercises, lip trills, tongue trills, head and neck stretches, etc. We will learn how to "place the sound forward" to get the fullest sound using concentration of diaphragm and other anatomy.

In addition, there will be tongue twisters, catchy songs and harmonic exercises. Then comes the good stuff – the song. The instructor will teach two or three songs the first day. Each following day there will be a review of what was learned, and then proceed to learn new songs. The rate depends on the desire of the group. Participants will be encouraged to provide input into what they'd like to learn – and have fun as well as learn. Here are some of the types of songs that will be covered:

- Folk
- Country
- Blues
- Appalachian
- A Cappella
- Gospel

Since harmony lends breadth to songs, that will be a major focus. The instructor will teach using her skills, as well as inviting input from the students. While each class is built upon the previous, a student may join at any time and still gain the benefits of the Joy of Singing! **Must have 5 participants for class to take place, with a maximum of 10 per class. Register by Wed, Sept 2.**
