

Orange County Office Building

Orange County has recently opened this office building as part of the Orange County West Campus on the site of the Old Southern States building off of Margaret Lane in Hillsborough. Orange County houses several County services in this building: Planning and Inspections, Environmental Health, Economic Development, Information Technologies, and Asset Management Services. The facility will be adjacent to the new Orange County Main Library and the Gateway Center. Surface and structured parking will be provided for the County Customers visiting these services.
