### Purpose

The Steering Committee provides guidance, resources, and manpower for the Master Aging Plan. The MAP Leadership Team reports progress to the Steering Committee quarterly. The Steering Committee assisted with recruiting membership for the work groups by recommending staff and other relevant parties that should be involved. They also provided feedback on the Master Aging Plan. Ultimately, the organizations and agencies in the Steering Committee share some responsibility in implementing and evaluating the goals, objectives, and strategies set forth in the Master Aging Plan.

### Process

The Steering Committee meets quarterly to hear MAP progress and provide feedback.
