---

**PURPOSE:** To consider awarding a bid to Paddock Construction Co., Inc. of Rock Hill, South Carolina in the amount of \$108,151 to re-plaster and install new drains in the pools at the Triangle Sportsplex.

**BACKGROUND:** Orange County Environmental Health has notified the Triangle Sportsplex that the swimming pools at the Sportsplex must be re-plastered and the drains replaced by June 1, 2009 in order to stay operational. Five drains must be replaced in order to be in strict compliance with the important safety measures contained in the Virginia Graeme Baker Act as enacted by the federal government. This regulation requires pool drains be equipped with vortex reduction devices, with hydrostatic relief valves. Sportsplex pools are scheduled to be closed on May 10, 2009 to complete the work.

In collaboration with the Sportsplex staff, the Purchasing office created bid specifications which would meet the requirements of both Orange County Environmental Health and the Virginia Graeme Baker Act. Bids were solicited from four firms experienced in this type of work and responses were received from two firms. Paddock Construction Co., Inc. of Rock Hill, South Carolina submitted the lowest responsive bid at a total cost of \$108,151.

**FINANCIAL IMPACT:** The total cost of this work is \$108,151. Funding is available in the Sportsplex Enterprise Fund to support the expense.

**RECOMMENDATION(S):** The Manager recommends the Board award a bid to Paddock Construction Co., Inc. of Rock Hill, South Carolina in the amount of \$108,151 to re-plaster and replace drains in pools at the Triangle Sportsplex; and authorize the Purchasing and Central Services Director to execute paperwork necessary to effect the work.
