

Depression Screenings

A happy mind is a very important part of the healthy life. It is inevitable that in life, we feel frustrated, down, empty and hopeless sometimes. However, if it affects our daily routine and activities it is good to know what effective approaches we can take to get better?

Orange County Department on Aging will offer one-on-one private emotional screenings at two locations. In addition, individuals will receive resources, educational materials and referrals to appropriate healthcare professionals if needed.

Start your journey to a healthier you, call 919-968-2087 to schedule your appointment today.
