

Energy and Climate Action Task Force

The Town of Carrboro established a new Energy and Climate Protection Planning Task Force task force in May, 2014, charged with supporting the Town with community planning for climate protection and resiliency. The Task Force has been asked to prepare a report to submit to the Board of Aldermen by June, 2015 that addresses:

- a. Recommendations for new actions the Town can pursue to reduce nonrenewable energy use and greenhouse gas emissions from residential and commercial buildings in Carrboro;
- b. Recommendations for new actions the Town can pursue to reduce nonrenewable energy use associated with transportation in Carrboro;
- c. Recommendations for new actions the Town can pursue to promote renewable energy in Carrboro; and
- d. Recommendations for new actions the Town can pursue to better manage vegetation, soil, and impervious surfaces to capture carbon, reduce energy use in buildings, mitigate the heat island effect, and reduce stormwater runoff.

Agendas and meeting minutes will be posted as they become available.
