

Film description: A father's search to find the healthiest building materials leads him to the completion of the nation's first hemp house. Hemp with lime is a non-toxic, energy efficient, mildew, fire and pest resistant building material. The drawback — industrial hemp is currently illegal to farm in the U.S.A. Industrial hemp is a non-psychoactive plant, grown in 31 other countries that makes 1,000's of sustainable products and offers solutions for global warming, nutrition, poverty and deforestation. Here in the U.S., hemp could be a money-making crop for farmers and create jobs. But why can't we grow it here? Now raising production funds, BRINGING IT HOME tells the story of hemp: past, present and future and a global industry that includes textiles, building materials, food products, bio-plastics, auto parts and more.

## **Big Fun and Crowd for Bringing It Home's NC Premiere May 17th**

Thanks to all who attended Bringing It Home's Green Carpet Premiere with The Abundance Foundation on May 17th at Piedmont Biofuels in Pittsboro, NC. It was a beautiful, festive evening and in addition to the outdoor screening of the documentary, guests sampled products at the hemp information tent, dined on hemp appetizers, and enjoyed live music from Circle City. Guests arrived in pedicabs, biodiesel car, bicycles and a tractor! We thank all the chef/restaurant and food donors, the incredible team of volunteers and the following hemp companies and

groups for providing handouts and hemp samples: Hemp History Week; Vote Hemp; Nutiva, Dr. Bronner's Magic Soaps, GOOD Oil, Nature's Path, Manitoba Harvest, Hemp Naturals, prAna and Ziggy Marley Organics. Lots of letters were signed for NC Senators to sponsor the Industrial Hemp Farming Act.

## **Bringing It Home Premieres with Hemp History Week June 3rd-9th**

Launch cities will include New York City, Los Angeles, San Francisco, Escondido; Portland, Boulder, CO, Bellingham WA, and Petaluma CA
