Success Story: Loretha Greene

"I was starting over from scratch in my life when I began *Job Partners*. I saw a lot of things that I knew would help me like the Opportunity Classes, so I kept a positive attitude. The most difficult part was not being able to find a job right away but I kept going—every day I filled out job applications.

“*Job Partners* helped me get to know more people and create more connections with local employers. This helped me land more interviews and I eventually got a job.

“My biggest take-away from *Job Partners* was their desire and motivation to help other people who need work. Now I want to volunteer with *Job Partners*, so I can help other people.”
