

# Orange County Health Department Nutrition Counseling

## Healthier Eating for a Healthier Lifestyle

Proper nutrition is an important component of overall good health. The Orange County Health Department offers nutrition counseling (Medical Nutrition Therapy) to help you prevent or manage certain medical conditions. Meet with the Registered Dietitian to develop a personalized plan to help you prevent or better manage medical conditions or simply to improve the way you feel.

Medical Nutrition Therapy is available for many issues including:

- Weight Management (adults and children)
- Cholesterol
- Diabetes
- High Blood Pressure
- High Risk Pregnancy Conditions
- Feeding Issues in Children

Ask your medical provider for a referral then call us to make an appointment.
