PLUMBING CONTRACTOR

License # _____

Address _____ City/State/Zip _____ Class _____

Contact Person _____ E-mail _____ Phone# _____

Contractor Signature _____ FAX# _____

Orange County Solid Waste Management Recyclable Material Permit Application-Simple Permits #919-968-2788

Please read and understand the following terms:

- A Recyclable Material Permit is required before your Building Permit can be issued.
- Incomplete RM permit applications will not be considered & will be returned. It is the applicant's responsibility to resubmit the completed application before it can be considered.
- A permit applies only to the project listed below & is valid for as long as the related Building Permit.
- Non-adherence to permit conditions is a violation of the Regulated Recyclable Material Ordinance.
- Violations of the ordinance may result in Criminal or Civil Penalties or the revocation of a Recyclable Material Collectors' License, if applicable.
- A Collectors' License is required for hauling debris in vehicles larger than 9000 lbs GVW. Make certain that you or your hired waste hauler is licensed.
- Material Management Requirements:
 - **Clean Wood Waste, Scrap Metal, & Corrugated Cardboard must be separated for recycling.** Disposing of these materials at Orange County Landfill subjects the hauler to a surcharge doubling the tipping fee. Hauling these materials elsewhere for disposal in a landfill will result in Civil or Criminal penalties & may result in the loss of a Recyclable Material Collector's License. Facilities exist at Orange County Landfill to recycle these materials at reduced or zero tip-fees. **Do not use public recycling centers.**
 - **Certified recycling facilities** may be used as an alternate to the source-separation requirement. For a current list of certified facilities, contact the Orange County Solid Waste Management Department at #919-968-2788.
 - **Construction & Demolition Debris** may not be disposed of through open burning.
 - **Yard Waste** is banned from burial at Orange County Landfill. Disposing of this material subjects the hauler to a surcharge doubling the tipping fee. Facilities exist at Orange County Landfill for recycling this material at reduced tip-fees.
 - **Appliances & Tires** are banned from burial in landfills in the State of North Carolina. Facilities exist at Orange County Landfill for recycling these materials at reduced tip-fees.
 - Solid Waste Department enforcement staff may enter the jobsite to inspect waste collection areas.
 - If solid Waste Enforcement Staff observe waste mixed with Regulated Recyclable Material on the jobsite, a "Verification Tag" will be left visibly on the container. The Verification must be submitted to a Certified Recycling Facility.
 - Your permit application will be reviewed & a decision will be made within 10 working days.
 - The Recyclable Material Permit must be kept in the permit box for the duration of the project.

I have read, understand, and will comply with the terms of the Recyclable Material Permit:

X _____ Date: _____

APPLICANT INFORMATION:

Project address: _____ **TMBL/Parcel#** _____

Applicant: _____ **Owner:** _____

Address: _____ **Address:** _____
