

DOCUMENTS REQUIRED TO OBTAIN MANUFACTURED HOME PERMITS

The following information will be needed to process your application

1) Authorization to Construct Septic System/Existing Systems Inspection

- (a) If you have a private septic system contact the Orange County Environmental Health Department at 131 W Margaret Lane, Suite 100, Hillsborough, N.C. 919- 245-2360
- (b) If on city sewer or community septic system "Authorization to Construct" is not required.
- (c) If you have an existing system an "Existing Systems Inspection" will be required from Environmental Health.

2) Must submit (2) sets of Building plans (drawn to scale), For decks/porches over 36 sq. ft Additions, or site built roof systems.

(A minimum 3'x3' landing is required where the Exterior door (not screen/storm door) opens outward.)

- (a) Foundation plan (cross-section of footing and foundation).
- (b) Floor plan
- (c) Wall cross-sections, framing details, including sizes of rafters, joists, etc.
- (d) Insulation information
- (e) Building elevations (front view, rear view, left and right view)

Inspections staff will conduct a cursory review of foundation and framing plans, additional information may be requested. Any deviation from approved plan will require an update of permit. Approved code will prevail over any plan approvals.

3) Site plan need 2 copies – drawn to scale (see example) should include the following:

Not required if going in a Mobile Home Park

- (a) Property lines and dimensions
- (b) Easements, streams, creeks, rights-of-way
- (c) Existing structures (house, garage, shed, pool, etc.) on the lot
- (d) Distance from proposed structure to the property line (measured from right of way not edge of road)
- (e) North arrow
- (f) Location of driveway, parking areas, sidewalks and patios

4) The Completed Application Questionnaire

- (a) Fill in all applicable spaces
- (b) Be sure to provide contractors company name, city from which they operate, license number and signature. All contractor information must be supplied before permit will be issued.
- (c) If your project involves a Home Occupation you will need to obtain a Home Occupation Permit from the Current Planning Division before you can operate from your home.
- (d) If your property lies within the town limits or the extraterritorial jurisdiction of Hillsborough you will need a zoning permit from them at 101 E. Orange St., before the building permit can be issued.
Town of Hillsborough – 732-1270.

5) Tax moving permit (not needed if buying off the dealer's lot). This is obtained from the tax office in the county where the home is currently located.

6) The Set-up Manual MUST be on site for inspections to be performed. NO inspections will be performed without the set up Manual on site and will be rejected. Older homes without Manuals and models noted in the North Carolina Regulations for Manufactured Homes, must meet the regulations of the North Carolina Code for Manufactured Homes

Please attach a copy of moving permit to permit application.

Example Plot Plan

For Residential Use Only

You need to draw a map of your lot showing the following:

- Property lines and dimensions of the lot
- Existing structures (house, garage, shed, pool, etc.) on the lot
- Proposed structure with the distance from the structure to the property lines. (Measured in feet from the edge of the right-of-way not edge of road)
- North arrow
- Location of streams and creeks
- Location of driveway, parking easements, rights-of-way, utility easements, etc.
- Should be drawn to scale (e.g. 1" = 40')

IMPACT FEES

What is the impact fee?

On June 7, 1993, the Orange County Board of Commissioners adopted an ordinance establishing a system of impact fees to be collected in Orange County as well as the municipalities in the county. The fees will be used to finance a portion of the cost of public school space needed because of new residential growth. The impact fee applies to all dwelling types, including, but not limited to:

- ❖ Manufactured (mobile) Homes
- ❖ Apartment Units
- ❖ Condominiums
- ❖ Single Family Dwellings
- ❖ Duplexes
- ❖ Triplexes

The impact fee will apply to all new dwelling units for which building permits are issued on or after July 1, 1993. If an existing dwelling has not been occupied since July 1988 it will be considered a new dwelling and an impact fee will be due if reoccupied.

All fees collected in the Chapel Hill-Carrboro City School district will be placed in a trust fund created for the purpose of funding new public school space. All fees collected in the Orange County School District will be placed in a similar trust fund. Funds collected in a district will be expended in that district.

Funds will be used for capital costs only, including the construction of new public school space and additions to existing schools where the expansion is related to new residential growth

Public School Impact Fee Exceptions:

- Buildings or structures, including alterations, repairs, renovations or additions thereto, which are to be occupied and used solely for non-residential purposes.
- Residential dwelling units for which a building permit was obtained prior to the effective date of the ordinance.
- Alterations, repairs, renovation or additions to a residential dwelling unit.
- Replacement of a building, structure or manufactured (mobile) home used for residential purposes, including the following:
 - a. Installation of a replacement manufactured (mobile) home on a separate lot or mobile home park space when an educational facilities impact fee for such lot or space has been previously paid pursuant to the impact fee ordinance or where a residential manufactured (mobile) home existed on such lot or space on or before the effective date of the ordinance. For the purposes of the ordinance, "legally existed" shall mean that a manufactured (mobile) home was located on the lot or space during the five-year period prior to the date of adoption of this ordinance.
 - b. Replacement of a building, structure of manufactured (mobile) home damaged, destroyed or partially destroyed by: the exercise of eminent domain; human acts, such as riot, fire, accident, explosion; or flood, lightning, wind or other natural calamity, with a new building, structure or manufactured (mobile) home.
- A residential building, structure of manufactured (mobile) home may be replaced with a new building, structure or mobile home of the same or dissimilar dwelling type. For example a manufactured (mobile) home. Likewise, a manufactured (mobile) home may be replaced with a stick-built structure. In either case, however the number of dwelling units may not be increased.
- Accessory building and structures, including, but not limited to, garages, decks, storage buildings, and similar structures, provided they are not used for residential purposes.

- Temporary buildings and structures provided they are not used for residential purposes. However, public school impact fees shall not be levied in the following cases:
 - a. A manufactured (mobile) home being used to provide custodial care under the provisions of an approved Special Use Permit.
 - b. A manufactured (mobile) home being used as a temporary residential dwelling during the installation of a replacement mobile home or the construction of a stick-built dwelling unit.

When do I pay the Impact Fee?

The impact Fee must be paid before the power company may install the meter on the structure for 30, 60, 90 day temporary power or for permanent power upon completion of the project.

Please be sure to have your permit number with you when you come to pay the impact fee to insure that credit will be made to the correct account.

Affidavit in Support of Exemption
From
General Contractor Licensing Requirements

Section 1 of Article 1 of Chapter 87 of the North Carolina General Statutes provides as follows:

For the purpose of this Article any person or firm or corporation who for a fixed price, commission, fee, or wage, undertakes to bid upon or to construct or who undertakes to superintend or manage, on his own behalf or for any person, firm, or corporation that is not licensed as a general pursuant to this Article, the construction of any building, highway, public utilities, grading or any improvement or structure where the cost of the undertaking is thirty thousand dollars (\$30,000.00) or more, or undertakes to erect a North Carolina State Building Code (unless exempted by G.S. 87-1), shall be deemed to be a 'general contractor' engaged in the business of general contractor contracting in the State of North Carolina.

This section shall not apply to persons or firms or corporations furnishing or erecting industrial equipment, power plan equipment, radial brick chimneys, and monuments.

This section shall not apply to any person or firm or corporation who constructs or alters a building on land owned by that person, firm or corporation provided that such building is intended solely for occupancy by that person and his family, firm or corporation after completion; and provided further that, if such building is not occupied solely by such person and his family, firm, or corporation for at least 12 months following completion, it shall be presumed that the person, firm, or corporation did not intend such building solely for occupancy by that person and his family, or corporation.

This section shall not apply to any person engaged in the business of farming who constructs or alters a building on land owned by that person and used in the business of farming, when such building is intended for use by that person after completion.

AFFIDAVIT

I, _____, hereby declare that I am the property owner of a parcel of land located at _____ and plan to build _____ authorized by building permit #_____. I further plan to supervise all work and realize that I am totally responsible for all work performed. Work may be subcontracted to various persons, firms, corporations, etc. provided it is done in accordance to N.C. General Statutes. I understand that I am required to comply with all North Carolina State Building Codes and local rules and regulations.

I also understand that if structure is not intended solely for occupancy of the property owner for at least 12 months, I may be in violation of the State's general contracting law. Furthermore, my permit may be subject to revocation and the N.C. General Contracting Board will be notified.

In the event that the building inspector shall require corrections to be made, I will assume full responsibility to insure that these are made. Upon completion of corrections I will call for a reinspection. I agree to comply with all Social Security Workers' Compensation, Privilege Licenses, etc., where applicable.

Erosion Control and Pre Approval Requirements for Land-disturbing Activities

FAQs

1) Is single-family residential exempt from Erosion Control requirements?

- No. The Ordinance makes no mention of “Residential” or “Commercial”, only Land-disturbing activity.

2) How much may I clear or grade without requiring an Erosion Control Plan and a Land-disturbing permit?

- In general, a disturbance of less than 20,000 square feet does not require a pre approved Erosion Control plan and land-disturbing permit. However, if you are in the University Lake, Cane Creek or Upper Eno Watershed, the Planning Department’s Erosion Control Division reviews any proposed disturbance.

3) I am in the one of those Watersheds. What do I do?

- Your Building Permit Application notes amount of disturbance, watershed, stream buffers and related information. If your project disturbs less than 10,000 square feet (roughly ¼ of an acre) AND has no stream buffers, stormwater easements or similar complicating factors, Erosion Control staff may grant a **Waiver**.
- The Owner (or Applicant) must sign the Waiver to expedite the review process (Waiver included in the application packet). If you are not sure what watershed you are in, our software will recognize a Protected Watershed PIN number and automatically generate a Waiver form for you to sign when you submit your Application. *No fees will be charged nor are additional pre approval of Erosion Control required for waivers.*

NOTE: This is NOT an exemption from the requirements of the Erosion Control Ordinance, rather a judgment call by Staff allowed under the Ordinance that your project will not adversely affect University Lake, Cane Creek or the Upper Eno Watersheds or their tributaries.

4) I plan to disturb more than 10,000 square feet in a protected Watershed.

- Disturbance of more than 10,000 square feet will require pre-approval from Erosion Control.
- Fill out the Application for Erosion Control and Statement of Financial Responsibility, pay the fees and submit an erosion control plan to the Erosion Control Division.

5) I plan to disturb more than 10,000 square feet, but not in a Protected watershed.

- Outside of the three protected Watersheds, the threshold for land-disturbance requiring pre-approval from Erosion Control rises to 20,000 square feet.
- If you are NOT in a Protected Watershed and are NOT exceeding 20,000 square feet of disturbance, then no application or pre-approval by Erosion Control is required.
- Any disturbance of 20,000 square feet or more requires pre approval by Erosion Control.

6) Historical Note:

- Staff recommended that the same protections enjoyed by University Lake since December 30, 1975 be extended to the Cane Creek (Town of Chapel Hill & Carrboro) and Upper Eno Watersheds (Town of Hillsborough’s reservoir). On June 27, 2002 the Board of County Commissioners voted to approve Staff recommendations. All three of the County’s Protected Watersheds now have uniform Erosion Control requirements and protections.

Orange County Solid Waste Management Recyclable Material Permit Application

#919-968-2788

Please read and understand the following terms:

- A Recyclable Material Permit is required before your Building Permit can be issued.
- Incomplete RM permit applications will not be considered & will be returned. It is the applicant's responsibility to resubmit the completed application before it can be considered.
- A permit applies only to the project listed below & is valid for as long as the related Building Permit.
- Non-adherence to permit conditions is a violation of the Regulated Recyclable Material Ordinance.
- Violations of the ordinance may result in Criminal or Civil Penalties or the revocation of a Recyclable Material Collectors' License, if applicable.
- A Collectors' License is required for hauling debris in vehicles larger than 9000 lbs GVW. Make certain that you or your hired waste hauler is licensed.
- Material Management Requirements:
 - **Clean Wood Waste, Scrap Metal, & Corrugated Cardboard must be separated for recycling.** Disposing of these materials at Orange County Landfill subjects the hauler to a surcharge doubling the tipping fee. Hauling these materials elsewhere for disposal in a landfill will result in Civil or Criminal penalties & may result in the loss of a Recyclable Material Collector's License. Facilities exist at Orange County Landfill to recycle these materials at reduced or zero tip-fees. **Do not use public recycling centers.**
 - **Certified recycling facilities** may be used as an alternate to the source-separation requirement. For a current list of certified facilities, contact the Orange County Solid Waste Management Department at #919-968-2788.
 - **Construction & Demolition Debris** may not be disposed of through open burning.
 - **Yard Waste** is banned from burial at Orange County Landfill. Disposing of this material subjects the hauler to a surcharge doubling the tipping fee. Facilities exist at Orange County Landfill for recycling this material at reduced tip-fees
 - **Appliances & Tires** are banned from burial in landfills in the State of North Carolina. Facilities exist at Orange County Landfill for recycling these materials at reduced tip-fees.
- Solid Waste Department enforcement staff may enter the jobsite to inspect waste collection areas.
- If Solid Waste Enforcement Staff observes waste mixed with Regulated Recyclable Material on the jobsite, a "Verification Tag" will be left visibly on the container. The Verification must be submitted to a Certified Recycling Facility.
- Your permit application will be reviewed & a decision will be made within 10 working days.
- The Recyclable Material Permit must be kept in the permit box for the duration of the project.

I have read, understand, and will comply with the terms of the Recyclable Material Permit:
