

S.A.L.T
SENIOR AND LAW ENFORCEMENT TOGETHER

Sheriff Lindy Pendergrass along with his staff are proud members of a nationwide effort to serve senior adults her in Orange County. This program is to reduce both criminal victimization and unwarranted fear of crime affecting our older adults. The SALT program also provides a secure home feeling for the residents while enhancing our law enforcement services throughout the community. Deputies routinely check on older residents throughout the county to see if they need assistance, information for other needed services, or just a friend to talk to. Many of these citizens do not have family members to provide these basic needs. The deputies that stop by or call our SALT participants not only provide a sense of security they help decrease the alone feeling.

During severe weather this service has proven to be very beneficial. In past years during ice storms many citizens were without power or food. The Orange County Sheriff's Office along with the American Red Cross was able to provide hot meals and water to senior that were in need. The SALT program has benefited many people and we are proud of this service.
