Orange County *M*ission Statement

Orange County exists to provide governmental services requested by our Residents or mandated by the State of North Carolina.

To provide these quality services efficiently, we must:

- Serve the ***Residents*** of Orange County - ***Our Residents Come First.***
- Depend on the energy, skills and dedication of all our employees and volunteers.
- Treat all our Residents and all our Employees with fairness, respect, and understanding.

Orange County Residents Come First.

Orange County Government

ORANGE COUNTY NORTH CAROLINA

MEMORANDUM

May 3, 2022

TO: Board of Orange County Commissioners

FROM: Bonnie Hammersley
County Manager

RE: Transmittal of the FY2022-23 Recommended Budget

I am pleased to submit the FY2022-23 Recommended Operating Budget for your review and consideration. Over the past two years, we have learned that Orange County is resilient. Our residents, local economy, health care systems, and local governments were tested and demonstrated the ability to innovate and adapt to unprecedented change. While the acute stage of the pandemic leaves behind tragic loss and unrealized potential, it also accelerated innovations in technology and health care and changed the way we work, purchase goods and services, and engage in civic life. These changes have helped pave the way to personal and economic recovery. The Recommended Budget reflects optimism for the future and improves upon the County's resilience while addressing the economic realities facing the County today.

Overall optimism is expressed in total general fund revenues. These revenues are budgeted to increase by \$16.7 million or over 7% due to a combination of pronounced performance and careful budgeting during the pandemic. This is the largest general fund revenue increase since 2015, which was 6.8%. In fact, revenues across the County are meeting or exceeding pre-pandemic levels even in the Occupancy Tax and Sportsplex funds where the pandemic had its most profound impact. Revenues in these funds are expected to be 3-4% above pre-pandemic levels.

This new general fund revenue growth offers two opportunities. The first is to increase the County's investment in education and public safety. This budget recommends the highest per pupil increase in current expenses in history. It also adds personnel to Emergency Medical Services and the Sheriff's Office.

The second opportunity is to begin supporting expenditures in Housing and Social Services that have been supported by American Rescue Plan Act (ARPA) funds. Moving these programs to an ongoing funding source avoids a funding cliff when ARPA funds are exhausted but the demand for programming persists, adding sustainability into future County budgets.

While revenues are expected to perform well, the County is not immune from the effects of broader macroeconomic conditions that have not existed for more than forty years. According the Bureau of Labor

Statistics, inflation has continued to accelerate, increasing by 8.5 percent for the 12 months ending March. This is the largest 12-month increase since the period ending in December 1981.

The County is also not shielded from the effects of a dynamic and highly competitive labor market. The County's overall turnover rate has increased from 8.7% last year to 13.5% this year. Human Resources has created new, enhanced salary schedules for public safety related positions where turnover, competition, and consequence of error is high. This work will continue during FY2022-23, prioritizing those classifications experiencing the highest turnover rates.

All of these factors including historic inflation, rising fuel prices, labor market shortages, employee retention, and wage escalation are the new economic realities that are confronted and managed in this budget.

Expenditures

The total Recommended Operating Budget including the general fund, enterprise funds, proprietary funds, and special revenue funds is \$312.3 million. This represents an increase of \$24.1 million or 8% over the FY2021-22 Budget.

- **General Fund Operating Expenditures**

The General Fund is the fund through which services such as education, human services, public safety, community services, planning, and general government services are provided. It is also the part of the budget that is primarily supported by general purpose revenues such as the property tax and sales tax. The proposed General Fund budget is \$258.1 million which represents a \$17.2 million or 7% increase over the budget for the current fiscal year.

- **Debt Service**

Total debt service is expected to decrease in FY2022-23 from a peak of approximately \$40 million in FY2021-22 to \$38 million. This represents a decrease of \$1.9 million or approximately 4.8%. This projected decrease is associated with paying off long term debt obligations for projects that were financed up to twenty years ago. The largest contributing component in this decrease is school debt which decreased from \$23.7 million in FY2021-22 to \$21.8 million in FY2022-23. Approximately \$16.3 million of debt service next year is tied to County projects.

Based on the proposed ten year Capital Investment Plan, total debt service payments are expected to increase by between \$1 million and \$1.5 million annually from FY2023-24 to FY2027-28 when it will decrease again to around \$40.5 million. The debt model indicates that County Debt will remain stable during the ten year period, between 16.2 million this year to 16.5 million in FY2031-32. During that same time period, School Debt will increase from 21.8 million in FY2021-22 to 30.6 million in FY2031-32.

Revenue

The Recommended Operating Budget includes total revenue of \$309.7 million. Of this amount, \$255.4 million is in the general fund and \$54.2 million is in the enterprise, special revenue, and proprietary funds.

- **Tax Base Growth Due to New Construction & Motor Vehicles**

In years that are not subject to a revaluation, the property tax base grows due to new construction activity, new personal property, and growth in the value of motor vehicles. The Recommended Budget includes a \$441.5 million or 2% increase in the assessed value of real and personal property and a \$115.5 million or 8% increase in the assessed value of motor vehicles compared to the FY2021-22 budgeted amounts. At the current tax rate of 0.8187 cents, this growth generates \$8.5 million in additional financial resources. These growth rates are consistent with pre-pandemic assumptions.

- **Tax Rate**

The Recommended Budget increases the tax rate by 1.25 cents from 81.87 cents to 83.12 cents per \$100 of value. Of this increase, one cent is dedicated to support \$2.2 million of the \$4.2 million increase in current expenses for the school districts. The remaining 0.25 cents will be dedicated to debt service. Last year, debt service was projected to require a tax rate increase of 4.15 cents. The approved FY2021-22 Budget included a 3.0 cent tax increase but deferred the remaining 1.15 cents through the application of ARPA funds to support existing general fund spending. This year, fewer projects have moved forward to the financing stage than the model predicted. Fourteen (\$14) million in school projects were authorized but did not move forward, so the anticipated 1.15 cent requirement is decreased to 0.25 cents to support debt service on projects that have already been financed.

- **Collection Rates**

During the pandemic, budgeted collection rates for real and personal property and for motor vehicles were decreased by 0.5% due to the anticipated, ongoing financial hardship for residents related to the pandemic. Actual collection rates indicate that the budget can be restored to pre-pandemic assumptions of 99.2% for real and personal property and 99.4% for motor vehicle property tax collections.

- **Sales Tax**

Sales tax collections continue to outperform expectations. Based on current projections, the County will end FY2021-22 with \$34.3 million in total sales tax collections compared to a budgeted amount of \$28.9 million. This represents a 19% increase over the budgeted amount. The FY2022-23 Recommended Budget adds four percent (4%) growth to the FY2021-22 year-end projection for a total budget of \$35.6 million for next year. While this rate is much lower than recent trends, they were likely skewed by federal stimulus spending, growth in online sales, and pent up consumer demand. This projection is further tempered by the possibility of an economic slowdown as the Federal Reserve will likely continue to raise interest rates to slow the growth of inflation. As another reference point, the North Carolina League of Municipalities has recommended a statewide sales tax growth assumption of 3.75%.

Employee Compensation and Benefits

Employee compensation and benefits comprise 71.3% of the County's total budgeted expenditures excluding education expenses. In addition to targeted salary adjustments in high turnover classifications that have been implemented this fiscal year, the FY2022-23 Recommended Budget strives to remain competitive in the regional labor market through an across the board wage adjustment, resumption of conference, training, and travel expenses, a County paid short term disability benefit, and additional voluntary benefits that offer employees competitive group rates.

- **Three Percent (3%) Wage Adjustment - \$1.8 million**

The FY2022-23 Recommended Budget includes a three percent (3%) across the board increase for all employees effective July 1, 2022 at a cost of approximately \$1.8 million. The salary schedule will be increased accordingly so all entry level salaries are also increased by three percent in an effort to maintain competitive starting salaries.

- **Performance Awards - \$426,000**

As part of the County's performance evaluation process, employees are eligible to receive up to approximately \$0.50 added to their hourly rate in recognition of exceptional performance and lower amounts for less than exceptional performance. The FY2022-23 Recommended Budget resumes monetary performance awards associated with the evaluation process at a cost of approximately \$426,000.

- **Resumption of Conference, Training, and Travel Savings - \$514,202**

The FY2022-23 Recommended Budget restores conferences, training, and travel budgets to pre-pandemic levels in all County departments. This spending was suspended during the pandemic unless it was related to required licensures. The cost to restore it in the budget is \$514,202.

- **Health Insurance Increase – \$621,000**

The County provides health insurance to employees through a public sector health insurance pool called the North Carolina Health Insurance Pool or NCHIP. This pool allows members to spread risk and increase market competitiveness by creating a large, diverse employee group. Due to favorable claims experience and the efficiencies enjoyed by the pool, the prior three budgets did not include an increase in claims expenses. However, the County has incurred several high cost claims over the past year and needs to restore the risk reserve levels. The cost to do this is approximately \$621,000 in the General Fund. However, the Budget does not recommend changing employee contributions or benefit levels. The same plan will be offered to employees at no increased cost to the employee.

- **Mandated Retirement Contribution Increase - \$852,000**

All local government employers participate in the State's Local Government Employee Retirement System. This plan provides a defined benefit retirement structure for local government employees. In order to maintain the financial health of the plan, the State prescribes increases to the employer contribution. For FY2022-23, the Retirement System is mandating an increase of 1.2% which results in a general fund cost of \$852,000 next year.

- **County Funded Short Term Disability Benefit - \$300,000**

As part of the effort to maintain a competitive compensation package, the Budget recommends a County funded short term disability plan for all employees. This plan is currently available to employees on a voluntary basis with premiums ranging from \$6.80 to \$149.00 monthly depending on the salary, age, and number of weeks selected for coverage, 13, 26 or 52 weeks. The new County funded plan would offer a standard 13 week benefit at a Countywide cost of \$300,000. The short term disability premiums will range from \$48.82 to \$78.98 per month depending on the age and salary of the employee. As an example, the monthly premium cost for an employee at 50 years of age and earning \$56,000 annually is \$61.75. Employee paid Long-Term Disability is being offered as a new program for employees who may want to extend coverage beyond 13 weeks.

- **Living Wage Increase**

The County is certified as a living wage employer by *Orange County Living Wage*. The living wage is applied to both regular and temporary employees working in the County regardless of the number of hours worked. Effective July 1, 2022, the Living Wage will increase from \$15.40 per hour to \$15.85 per hour. The cost of this increase is projected to be \$23,000 which will be absorbed in current personnel budgets.

- **Addition of Voluntary Employee Benefits**

During the FY2022-23 fiscal year, the County will be adding a variety of voluntary benefit programs. These include a new long term disability plan, pet insurance, identity theft protection, and legal insurance. Although the cost of these programs are paid by the employee, having a County sponsored benefit gives employees access to more competitive group rates.

Education

The FY2022-23 Recommended Operating Budget provides a total current expense budget of \$93.6 million which is divided between the two Districts based on average daily membership (ADM).

- **Average Daily Membership**

Based on March projections from the Department of Public Instruction, total net student enrollment in the Chapel Hill-Carrboro City Schools District will decrease by 909 students, and total net student enrollment in Orange County Schools will decrease by 87 students.

- **Current Expense Funding**

Total current expense funding is recommended to increase by three percent (3%) for a total expenditure of \$93,578,782. This represents an increase of \$4,225,595 over the FY201-22 current expense budget. Of that increase, \$1,545,000 represents the continuation of additional funding introduced in FY2021-22 that was intended to help reduce the achievement gap and support the mental health needs of students.

The percentage of current expenses allocated to each district changes each year based on the average daily membership described above. The Chapel Hill-Carrboro City Schools percentage decreased from 60.4% to 58.8% while the Orange County Schools percentage increased from 39.6% to 41.2%. Based on the new percentage allocations, Chapel Hill Carrboro City Schools will receive a total current expense budget of \$55.0 million. This represents an increase of \$1,071,065. Orange County Schools will receive a current expense budget of \$38.6 million. This represents an increase of \$3,151,530.

The FY2022-23 Recommended per pupil allocation increases by \$441 which is the highest per pupil increase in history. The total per pupil amount in each district increases to \$4,808.

In addition to the base per pupil allocation provided to the two school districts, the Chapel Hill-Carrboro City Schools District levies a district tax. The Recommended Budget includes the District Tax remaining at 18.30 cents per \$100 of assessed value. This rate is expected to generate an additional \$25.1 million for the District and adds \$2,031.54 per pupil to the County-wide base rate. The Chapel Hill-Carrboro City Schools Special Tax District Value of One Penny is \$1,371,121.

- **Expenses for Charter Students**

School Districts are required by law to transmit funds to charter schools for students who reside in the District but attend a charter school. Student enrollment as of March 2022 shows that charter school students have increased by 49 students in Chapel Hill-Carrboro City Schools and by 32 students in the Orange County Schools compared to last year's budget. These changes result in a total of 205 charter students in the Chapel Hill Carrboro City Schools, 951 charter students in Orange County Schools, and a total of 1,156 Countywide. The FY2022-23 Budget accommodates the expenses associated with 81 new charter students at a cost of approximately \$389,400.

- **Funding Target**

The County has a target to provide 48.1% of general fund revenues to schools. The formula includes all school related spending, current expense, school nurses and resource officers, and school debt service. Despite the historic increase recommended in current expense funding, the percentage of general fund revenue allocated to schools for FY2022-23 is 47.1% or one percent (1%) under the target. This is due to two factors. First, school related debt service decreased by approximately \$1.9 million. One percent of general fund revenue is approximately \$2.5 million, so the decrease in debt service accounted for 0.75% of the 1% shortfall. These funds are not used to finance school operations. The County is obligated to pay school debt service based on the amount of authorized financing regardless the amount. The second factor is the rate at which general fund revenues grew between the FY2021-22 Budget and the FY2022-23 Budget. This rate outpaced the school expenditure increase, so the percentage of school spending to general fund revenues decreased.

- **Durham Technical Community College**

The Budget recommends increasing the operating costs for the Orange County Campus of Durham Technical Community College by three percent (3%) or \$23,313 to match increases in salary, benefits, insurance, and

facility operating costs. The Budget also recommends funding an enhanced training program for 911 call takers at a cost of \$9,000. This new training will relieve approximately 40 hours of in house training currently conducted by Communications Training Officers.

The Durham Tech Promise scholarship is funded at the current level of \$200,000 for FY2022-23. This program provides up to \$1,000 annually to any Orange County high school graduate or General Equivalency Diploma (GED) recipient who attends Durham Technical Community College following completion of their degree. The Budget also recommends maintaining a \$50,000 funding level for the College's Back to Work Initiative. This initiative provides a \$500 scholarship to each of the projected 100 participants. Orange County's total investment of \$250,000 for both programs is allocated from Article 46 sales tax proceeds.

Community Services

The Community Services Functional Leadership Team is comprised of Animal Services; Cooperative Extension; the Department of Environment, Agriculture, Parks and Recreation (DEAPR); Economic Development; Orange County Transportation Services, Planning and Inspections, and Solid Waste Management. The total Community Services appropriation is recommended to increase from \$14.1 million in FY2021-22 to \$14.7 million in FY2022-23.

- **Animal Services**

The Animal Services budget increases net County costs by \$247,677. The majority of this increase (\$163,353) will fund an in-house veterinarian who will also serve as the department's medical director. The department currently relies on contracted veterinary services to provide both routine procedures and more complex treatment of animals residing in the shelter. Adding this internal resource is intended to provide more timely and consistent care. The goal of this enhancement is to reduce average length of stay resulting in a reduction in population pressure and overcrowding in the shelter and a faster transition of animals to their forever homes. The cost of the position is partially offset by a \$27,100 reduction in contract veterinarian costs.

The budget also aligns budgeted revenue to actual collections at a cost of approximately \$82,000. One of the revenues that is affected is pet licensing fees. Over the next fiscal year, the Department will analyze the benefits, costs, and equity implications of the pet licensing fee. Some jurisdictions have chosen to eliminate this fee due to the high cost of administration, low compliance, and unclear benefit to animal welfare. The fee and the fines associated with not licensing a pet may also disproportionately impact segments of the community.

The Animal Control Division provides animal control services to the Towns of Chapel Hill, Carrboro, and Hillsborough on a cost recovery basis. During the next fiscal year, those costs are expected to increase, resulting in a revenue increase to the County of \$7,900. The budget also includes approximately \$7,000 for a Veterinary Health Care Intern.

- **Cooperative Extension**

Cooperative Extension provides support to the County's agricultural community, food and nutrition education, and 4-H programming. The Extension budget is recommended to increase by \$10,500. Of that increase, \$8,000 will be used to purchase a storage shed to accommodate increased program supplies for Family and Consumer Sciences.

- **Department of Environment, Agriculture, Parks, and Recreation (DEAPR)**

The Department of Environment, Agriculture, Parks and Recreation budget represents a net County cost increase of \$201,349. Blackwood Farm Park is finalizing the second phase of construction with new amenities such as new parking, an amphitheater, picnic shelters and restrooms, a fishing station, with new trails and a disc golf course to follow later this year. These new features are expected to dramatically

increase demand for daily attendance and larger scale events. As a result, the Recommended Budget adds \$119,271, including a new Park Coordinator position, which will allow the park to be open 7 days per week compared to 4 days per week prior to phase 2 construction.

As part of the County's overall recruitment and retention strategies, the budget also converts funding for 4.7 seasonal staff into two (2) full time, benefitted positions which are more attractive to applicants and also offer more consistent support to the parks system. During the pandemic, seasonal staffing budget was also reduced by over \$51,000 as a temporary austerity measure. The FY2022-23 Budget restores that funding. It also recognizes a pandemic trend of reducing overall density in recreation programming by reducing revenue and associated programming expenses in the Recreation Division for a net County cost of \$6,907.

- **Economic Development and the Visitors Bureau**

The Economic Development Department is supported by Article 46 sales tax revenue. As a result, any unspent funds from the prior year can be applied to reduce the cost to the fund in the current year. This resulted in a \$77,719 net savings to the fund in FY2022-23.

The Visitors Bureau is funded through the County occupancy tax which suffered severe losses due to COVID-19 related travel restrictions and reduced demand. However, based on year end projections for this fiscal year, actual occupancy tax collections are expected to be \$1,440,945 compared to a budgeted amount of \$1,131,101. The FY2022-23 Recommended Budget projects a complete recovery to pre-pandemic collections by recognizing over \$400,000 in new budgeted revenue. Expenses are increased by a comparable amount, and \$266,741 of Visitors Bureau fund balance is applied to continue funding the Tourism Recovery Plan. The remaining fund balance in the Visitors Bureau fund is \$310,331.

- **Orange County Transportation Services**

Orange County Transportation Services is comprised of the Transit Services Division which provides mobility services to residents and the Fleet Services Division which is responsible for maintaining the County's vehicle fleet. The Transit Services Division relies heavily on State and Federal transportation grants to support transit operations. In FY2022-23, this grant funding is expected to decrease by over \$270,000 due to a decrease in the formula driven rural operating grant and the transition to becoming a direct recipient of the urban grant funding. The Transit Division also funds 50% of a position that will be partially dedicated to providing specialized support to the mobile dental clinic.

The budget for the Fleet Services Division recognizes inflationary cost pressures as well as the highly competitive labor market for mechanics. It adds \$25,000 for gas, oil, and other supplies and increases personnel costs for mechanic salaries by \$63,672.

- **Planning and Inspections**

Overall, the Planning and Inspections budget represents a net cost decrease of \$55,745. The Planning and Inspections Department relies on over \$1.6 million in permit fees from building activity and erosion control to offset the cost of operations. For FY2022-23, the projected revenue is expected to increase by \$121,650.

The County also relies on enterprise software to process development permits across Planning and Inspections, Environmental Health, and the Fire Marshal's Office. The budget includes \$46,160 for software enhancements to improve work flow and reporting. The budget also recognizes additional fees for online credit card payments.

- **Solid Waste Management**

The Solid Waste Management Department is supported by the Solid Waste Program Fee. This fee is a single, countywide fee assessed on each improved parcel within the County, including the municipalities and the portion of the Town of Chapel Hill located in Durham County. This fee is adjusted for parcels in the City of

Mebane that also receive solid waste collection services from the City. The Recommended Budget maintains the current fee of \$142 per parcel for parcels outside the City of Mebane and \$94.72 for parcels in the City.

The Solid Waste Budget includes \$722,363 in pay as you go funding for capital purchases to reduce overall reliance on debt financing. This is possible due to a dramatic increase in the market for recycled goods. The Department was able to reduce the cost of processing recycled goods by approximately \$600,000.

The Solid Waste Fund is designated as an enterprise fund which means it carries its own fund balance. The Solid Waste Fund balance is expected to be over \$7 million by the end of this fiscal year.

- **Sportsplex – Operating Performance and Debt Coverage**

The COVID-19 pandemic significantly impacted revenues at the Sportsplex. However, Sportsplex revenues are expected to rebound to \$3.7 million in FY2021-22 which means that the fund is able to fully cover its costs and no subsidy at the end of this fiscal year. Likewise, revenue in FY2022-23 is expected to increase by \$500,000 to \$4.2 million, which completely offsets the fund's operating expenses and debt service next year.

General Government

The General Government Functional Leadership Team is composed of the Board of Elections, Clerk's Office, County Attorney's Office, County Manager's Office, Register of Deeds, and Tax Administration. The General Government appropriation is recommended to increase by \$2,781,238 in FY2022-23 due to moving all Outside Agency grants in this function.

- **Board of Elections**

During the next fiscal year, the Board of Elections will conduct County elections, so revenue collected for administering municipal elections will decrease by \$76,900.

- **Clerk to the Board of County Commissioners**

The Clerk to the Board's Office budget is \$100 less than the FY2021-22 Budget. Conference, training and travel was restored to pre-pandemic levels at a cost of \$25,400, but the department included offsetting expenditure reductions of \$25,500.

- **County Attorney**

The County Attorney's Office employs a staff attorney that serves as the primary attorney for Child Support Services. This means that a portion of the cost of the position is billed to Child Support. The FY2022-23 Budget reduces personnel expenditures by \$36,000 to represent the legal services provided to the Child Support Office. The County Attorney also proposed a new law student internship program intended to improve the diversity of attorneys serving in local government. This new program is funded at approximately \$2,700.

- **County Manager**

The County Manager's Office provides an administrative home to the Manager's Division, Risk Management Division, the Arts Commission, and the Food Council. The FY2022-23 Budget incorporates the Chief Equity and Human Rights Office into the County Manager's Office to provide a direct line of communication to the County Manager on both internal and external equity work. The budget also adds \$10,000 to enhance the resources available to the Human Relations Commission and directs \$25,000 to continue to build the racial equity index and data analysis capabilities.

The Risk Management Division budget is increased by over \$320,000 to fund increases in the County's insurance program, including cyber security insurance. The North Carolina Association of County

Commissioners (NCACC) advises that the cost of insuring the county and employees will increase by 10%, and the cost of insuring the county against cyber-attacks will increase by 100% from FY 2021-22.

The Arts Commission operations are funded through the occupancy tax. The Arts Commission also manages Eno Mill Studio and Arts Incubator. Due to the success of this program, the Eno Mill project is increased by over \$71,000 which is fully recovered through lease revenue and fees associated with classes and exhibits. This budget also restores the pandemic related reduction of \$7,291.

The Food Council is supported through a multijurisdictional agreement where the County and each of the municipalities in the County contribute funds in proportion to each government's population. In FY2022-23, the Food Council budget is \$5,239 higher than it was in FY2021-22 to compensate for the salary and retirement contribution increase applied to all County employees as well as a slight increase in operational expenses. The County's portion of this increase is \$2,065.

- **Register of Deeds**

The housing market drives much of the revenue collected by the Register of Deeds. Two factors influence the amount of revenue that is collected. Excise tax revenue is based on sale prices, so as sale prices increase, excise stamp revenue increases, all other things being equal. The other factor is volume or the number of transactions that are processed. Over the past year, the median sale price of a home has exceeded the Consumer Price Index (CPI) (which is 8.5% as previously referenced), increasing from \$402,000 to \$450,000 as of March 2022, which represents an 11.9% increase. As a result, Register of Deeds revenue is increased by almost \$400,000.

- **Tax Administration**

The Tax Administration Department is responsible for Land Records, Tax Assessment, and Tax Collections. The Tax Administration Budget is proposed to increase net County costs by \$126,721. The Recommended Budget adds an Appraiser I position for use value assessment compliance reviews. The State requires the County to audit 12.5% or 1/8 of use value assessed properties annually. The Budget also adds \$43,672 in temporary personnel to prepare for the 2025 revaluation and \$40,000 in temporary personnel in Land Records to help assign parcel identification numbers to newly created parcels.

Human Services

The Human Services Team represents the departments of Aging; Child Support; Health; Housing and Community Development; Human Rights and Relations; Library Services; and Social Services. Many of these departments provide the basic social safety net services that continue to be instrumental in aiding the County's recovery from the pandemic. The Human Services appropriation is recommended to increase from \$42.1 million in FY2021-22 to \$43 million in FY2022-23. The Budget recommends the following budget adjustments.

- **Aging**

The net County cost for the Department on Aging increases by \$9,744. During the pandemic, the demand for lunch services increased dramatically. In the meantime, the Area Agency on Aging grant allocation increased based on census results, allowing the department to meet the need. Total expenditures for the senior lunch program are increased by \$70,464 with offsetting grant revenue. In FY2022-23, the additional funds will purchase 10,066 meals. An additional \$21,000 is proposed for Senior Center programming including supporting program supplies, contract instructors and entertainers for special events, which is also offset by revenue.

- **Child Support**

Child Support Services generates State and Federal Revenue to enforce and facilitate payment of child support to custodial parents. In FY2022-23 this revenue is expected to decrease by \$236,424 due to changes in the State's estimate for Support Enforcement revenue caused by a decrease due to changes in the State's

estimate for Support Enforcement revenue attributed to an overall decrease in resources from the Federal government to the NC Child Support program. As described in the County Attorney's section of this document, Child Support pays for the cost of legal services provided by the County Attorney's Office. In FY 2022-23 the estimated hours dedicated to Child Support will cost \$36,000.

- **Health Department**

The Health Department's net County cost is budgeted to increase by \$82,626 as many of the changes recommended in the department's budget include offsetting revenue. For example, the budget adds a new Dentist, Dental Assistant, and half of the cost of a mobile dental clinic operator housed in Transportation Services. The cost of adding these positions is \$210,100. However, the department eliminated \$61,086 in operational savings, increased fee revenue, and applied Medicaid Maximization cost settlement revenue to this program for a total revenue increase of \$151,014.

The Community Health Division includes an increase of \$12,565 for nicotine replacement, supplies, and interpreters and a new Advanced Equity Project to examine health disparities related to the COVID-19 pandemic. The Advanced Equity Project is paid for through a grant from the State of North Carolina.

The Environmental Health Division administers both the septic and well safety program and the food safety and sanitation program. As part of the Division's work in well and septic systems, it collects fees for Septic Construction Authorization. This revenue is expected to increase by \$40,370. The Health Department budget also reflects the reorganization of the Bioterrorism Preparedness program from the Personal Health Division to the Environmental health Division with an increase of 0.4 FTE for the Coordinator position. The net cost of this change is \$43,902.

- **Housing Department**

Affordable housing has continued to be a policy priority for the Board of Orange County Commissioners. The Housing and Community Development Department has been at the forefront of pandemic response to housing crises by administering the Emergency Housing Assistance Program. This program primarily provides rental assistance to residents struggling to pay rent, prevent evictions, house residents experiencing homelessness, and promote overall housing stability. The Recommended Budget maintains these emergency housing stabilization efforts by directing \$4.2 million in direct Emergency Housing Assistance payments to households using American Rescue Plan Act funds. Additional ARPA funds are recommended to support the county portion of the Housing Stability and the Housing Locator positions (\$36,895), the landlord incentive program (\$20,000), and staffing for the Housing Helpline (\$205,090).

As the need for rental assistance and other housing support is expected to continue, the budget recommends beginning to transition emergency housing related expenditures from the ARPA funding to the general fund. In FY2022-23, this means replacing a total of \$500,000 in previously funded ARPA programs and staffing to general fund support. These specific expenses include \$77,532 in the single family and urgent repair programs and \$319,532 that supports the Community Stability Manager, Emergency Housing team lead, Eviction Diversion Legal Counsel, and Eviction Diversion Expediter as well as fund \$102,936 for the County's portion of the Rapid Rehousing program detailed below.

The Partnership to End Homelessness is supported through a multijurisdictional agreement to jointly fund personnel and operating expenses. The budget recommends including the Rapid Rehousing Program, the Street Outreach and Harm Reduction Program, the Housing Locator position, and the Housing Stability positions to the Partnership budget thereby increasing municipal support to the Partnership by \$406,280. The County portions of the Street Outreach, Housing Locator and Housing Stability positions will be funded through ARPA and the Rapid Rehousing program will be funded with county funds in the funding transition plan noted above.

The Department also administers the Housing Choice Voucher Program. Funding for vouchers from the Department of Housing and Urban Development is expected to increase by \$251,596, due to an increase in the number of vouchers under lease from 528 in April 2021 to 566 in March 2022.

Total General Fund spending for affordable housing programs is recommended to be \$1.9 million which exceeds the goal established by the Board of Orange County Commissioners to dedicate at least \$1 million in the operating budget to affordable housing programs each year.

- **Library Services**

The total Library budget includes an increase in net cost to the County of \$53,468. Part of this increase (\$15,000) is associated with a new software subscription to automate diversity, equity, and inclusion tagging of existing and incoming library materials. The second part of the net cost increase (\$19,300) reflects a full year reduction in revenue due to the discontinuation of late fees.

- **Social Services**

Overall, the Recommended FY22-23 Budget holds County funding stable at approximately \$11.4 million. In the Administration Division, time limited personnel expenses are increased by \$49,593 which represents a continuation of the subsidized employment position being used in department's employment programs. The Department also increased expenditures for interpreting services and information technology purposes by \$91,416 and increased funding for Client Needs and Sponsorships in the Economic Assistance program by \$170,000 to provide customized supports for individuals to be successful in the workplace.

The Public Assistance Division includes an increase of \$13,633 in the energy and water assistance programs and a decrease in Special Assistance and Crisis Intervention funding due to an increase in the state funding allocation.

Child and Family Services expenses for personnel and legal services are recommended to increase by approximately \$18,000 for expenses associated with investigating and litigating child welfare and adult services cases. The Department is also recognizing an increase of \$101,237 in IV-E revenue which is federal revenue used in the foster care and adoption assistance program. These revenues are increasing due to an increase in the state funding allocation.

The changes in the Economic Services portion of the budget consist of \$152,631 increase in operations due to expand support for families and children. Examples of these supportive services include transportation to work, child care, tutoring. The revenue increase of \$390,207 reflects increases in state funding for Medicare Administration, Food and Nutrition Services, and Employment and Training. Finally, personnel expenses are increased by approximately \$47,000 to pay for supplemental staffing for eligibility determinations as pandemic waivers that suspended these determinations end.

Finally, the Child Care Subsidy program reflects an effort to continue paying the portion of child care fees for which parents are responsible. The State started paying the parent portion of the fee during the pandemic, but that payment is expected to end in June 2022. The budget recommends continuing this subsidy to parents using \$540,000 in American Rescue Plan Act funds.

Like in Housing, the Budget also recommends transitioning the source of funding for \$170,000 of pandemic related expenditures from ARPA to the general fund. These programs include food costs and distribution (\$60,000), increased youth enhancement (\$50,000), former foster youth stabilization program (\$10,000), supportive services for low income families (\$25,000) and utility supplements (\$25,000).

Support Services

The Support Services Functional Leadership Team includes Asset Management Services, Community Relations, Finance and Administrative Services, Information Technology, and Human Resources. The Support Services appropriation is recommended to decrease from \$13.1 million in FY2021-22 to \$12.3 million in FY2022-23. This decrease is attributable to transferring \$2.7 million for retiree health insurance from the general fund to the health and dental fund and increasing attrition savings by approximately \$825,000 due to experience in FY2021-22 and expectations for high turnover to persist in FY2022-23.

- **Asset Management Services**

The Asset Management Services budget includes a net increase of \$69,963. Revenue is decreased by \$8,913 to align the budget with actual rental revenue. The budget also includes funds to paint and offer other facility improvements at the Efland Community Center (\$25,000), replace small equipment such as drills, ladders, and chairs (\$7,440), and a reduce rent expense (\$38,761). Rent expenses are expected to decline as the Finance department moves from rental space to county-owned property in the winter of 2022.

The Custodial Services budget provides funds for a contract with Orange Enterprises to provide custodial service to the Rogers Road Community Center and the Efland Cheeks Community Center (\$16,780) as well as recurring capital funds to purchase three new floor scrubbers (\$17,833).

- **Community Relations**

The Community Relations Department has continued to increase awareness of the functions of County government and the services provided to residents. One of the goals for the upcoming fiscal year is to improve overall community engagement. The FY2022-23 Budget transfers vacant position authority from the County Manager's Office to Community Relations for the purpose of hiring a Community Outreach Specialist.

- **Finance and Administrative Services**

The Finance and Administrative Services Department provides purchasing, payroll, accounting, budget, and debt management services to County departments. The FY2022-23 Budget increases costs by \$31,386. The majority of this increase (\$14,000) is for the external audit contract.

- **Human Resources**

The Human Resources Department is responsible for the countywide administration of personnel and benefit programs for County employees. The FY2022-23 Budget increases by \$39,981. Due to the highly competitive labor market, a portion of this increase pays for broader advertisement of vacancies while the balance will be used to fund an increase in Employee Assistance Program fees and the county's contract for physical examination studies for positions that require one.

- **Information Technologies**

The Department of Information Technologies is responsible for maintaining and supporting countywide technology needs. One of the ongoing obligations for this department is to budget for software maintenance and licensing. These costs are expected to increase by approximately \$374,175 next year. The budget also adds funding (\$13,376) to support a contract to troubleshoot, repair, and maintain new audio visual equipment at the Courthouse and the facilities on Northern Campus.

Public Safety

The Public Safety Functional Leadership Team is composed of the Criminal Justice Resource Department, Emergency Services, Clerk of Court, District Attorney, Public Defender, and the Sheriff's Office. The Public Safety appropriation is recommended to increase from \$30.6 million in FY2021-22 to \$31.9 million in FY2022-23. The Budget recommends the following changes to Public Safety programs.

- **Criminal Justice Resource Department**

The Board of Commissioners has supported criminal justice reform by consistently increasing the County's investment in the Criminal Justice Resource Department. A majority of this work is supported by funds received by the County through the ABC Board or through other outside grants. The net County cost of the Criminal Justice Resource Department decreases by just over \$119,000 due to an expectation of additional funds from the ABC Board. This additional funding supports the increased cost of existing personnel and also increases the Drug Treatment Court Manager from half time to full time. The CJRD budget continues the practice of transitioning expenses out of ARPA funding by transitioning the cost of a 0.5 FTE Grant Coordinator from ARPA funding to the general fund to be able to maintain that position when ARPA funding expires.

- **Emergency Services**

The Department of Emergency Services is responsible for administering Emergency Management, Fire Marshal, Emergency Telecommunications (911), and Emergency Medical Services. Total net County costs in this department are recommended to increase by \$165,038.

The largest increase in Emergency Services is the addition of eight (8) Emergency Medical Technicians and four (4) Paramedic Trainees. The total cost of these additional personnel is \$705,697 which is offset by approximately \$802,000 in fees related to ambulance transports. The Emergency Services Department conducted a thorough analysis of staffing needs following a 22% increase in call volume experienced in each of the last two years. Most of that growth was in Basic Life Support (BLS) calls primarily for falls, sick person complaints, and traffic accidents. This increase in demand has pushed overall response times to two minutes above the National Fire Protection Association standard of nine (9) minutes and has increased unit utilization which means that units are less available to respond to a call. The additional staffing resources will add two (2) BLS units during peak demand periods in areas with the highest demand.

The second staffing addition is the creation of four (4) Paramedic Trainees. The market for Paramedics is highly competitive nationwide and competition for trained personnel is increasing. Adding the Paramedic Trainee positions increases capacity so that the Department is not utilizing positions that should be allocated to field work to training, and it should allow the department to fill paramedic vacancies with trained personnel more quickly.

Another strategy to reduce response time and increase availability is to increase the utilization of the South Orange Rescue Squad (SORS) to supplement the County's BLS responses. As a result, the recommended budget increases the contract with SORS by \$46,000.

In addition to the staffing resources, the budget adds a total of \$111,690 for de-escalation training, medical supplies, hardware and software, and EMS Station furnishings.

As noted above, most of the cost increases in the Emergency Medical Services Division are offset by fees related to ambulance transports. All ambulance providers charge fees based on the type of transport conducted. One standard for setting fees is the amount that is reimbursed by Medicare. Medicare funded transports account for over 32% of transports followed by private insurance that accounts for over 23%. Current County rates are below that standard and significantly lower than other providers in the region. The budget recommends increasing these rates to 150% above the Medicare base rate resulting in a total revenue increase of approximately \$802,000.

- **Sheriff's Office**

The net County cost increase in the Sheriff's Office is \$362,496. This increase represents the addition of fifteen new Detention Officers to staff the new Detention Center. The total cost of these positions is \$634,188 which is partially offset by reductions in operating accounts totaling \$271,692. The new Detention Center was constructed using modern correctional standards. Although the total bed capacity did not

increase compared to the old Detention Center, the new facility has a larger overall footprint and includes staffing posts that did not exist in the prior facility. For example, the new Detention Center is approximately 34,000 square feet larger which requires staffing posts for eight (8) positons that did not exist in the old facility.

Outside Agencies and Fire Districts

The County received requests from Outside agencies totaling \$2,238,645. The FY2022-23 Budget recommends a funding level of \$1,854,691 for agencies in the general fund and an additional \$45,000 for arts related grants in the Visitors Bureau fund. Funding levels for specific agencies were based on scores provided by an advisory board or by a group of subject matter expert staff that reviewed each application.

The total Outside Agency budget is consistent with the goal established by the Board of County Commissioners to allocate 1.2% of general fund expenses, not including education, to outside agencies. The Recommended Budget for FY2022-23 allocates 1.35% of general fund expenses less education funding to outside agencies.

Six (6) Fire Districts requested modifications to their District tax rates. The table below shows each District’s recommended tax rate for FY2022-23.

District	Tax Rate for FY2021-22	Recommended FY 2022-23 Tax Rate	Difference
Cedar Grove	7.63	7.63	0.00
Chapel Hill	13.87	13.87	0.00
Damascus	10.80	11.80	1.00
Efland	7.28	8.28	1.00
Eno	8.98	9.98	1.00
Little River	6.39	6.39	0.00
New Hope	10.12	11.56	1.44
Orange Grove	6.27	7.27	1.00
Orange Rural	9.49	9.49	0.00
South Orange	9.09	9.09	0.00
Southern Triangle	10.80	11.80	1.00
White Cross	12.34	12.34	0.00

The Fire Districts also requested ARPA funds to replace each agency’s emergency radio equipment. The Budget recommends funding that request totaling \$1,773,200 in ARPA funds.

Fund Balance Appropriation

This year’s budget recommends a fund balance appropriation of \$2.6 million to balance the budget and maintain an unassigned reserve of sixteen percent (16%). For the FY2022-23 Budget, the total unassigned fund balance target is \$41.2 million.

Next Steps and Appreciation

The FY2022-23 Budget represents signs of resiliency and recovery. It also strives to balance the need to fund basic education, public safety, and safety net services with the responsibility placed on tax payers. Striking this balance would not have been possible without the creative efforts of our leadership team. Each of the department directors and their respective budget teams should be proud of what they accomplished.

The County's Finance and Administrative Services team led by Chief Financial Officer Gary Donaldson and Deputy Finance Director Rebecca Crawford, and analysts Kirk Vaughn, Kelly Warring, and Denise Clark provided the highest quality technical support throughout the process. Their advice, professionalism, and responsiveness shaped and produced the document we are presenting today for the Board's consideration.

As you know, two (2) public hearings and four (4) work sessions are scheduled for consideration of the FY2022-23 Budget. Final adoption of the Budget is currently scheduled for June 21. I look forward to working with you over the next several weeks to improve upon the Manager's Recommended Budget. Please contact me or the Deputy Manager if you have any questions.

How to Read the Budget Document

The operating budget is divided into 42 sections separated by tabs.

- The first two sections, the *Manager's Message* and *Budget Summaries* provide an overview of the Annual Operating Budget.
- The next thirty-eight sections, starting with *Aging* and ending with *Transportation Services*, includes sections for the Capital Investment Plan, Courts, Education, Fire Districts, Non-Departmental, Outside Agencies and Sportsplex.
- The *Capital Investment Plan* section includes the FY2022-32 Manager's Recommended Capital Investment Plan and lists all capital project summaries.
- The *Appendix* contains supplemental information to help the reader understand terminology used in the document. Examples of information in this section include *Employee Pay and Benefits* and the *Recommended Fee Schedule*.
- Throughout the document there are references to *Base budget*. *Base budget* is a tool that provides the departments and the County Manager a starting point for evaluating budget decisions for the upcoming budget cycle. The *Base budget* is the same as the current year's original budget with two exceptions:
 - 1) All natural personnel changes that occur in the fiscal year are included.
 - 2) All recurring capital requests are set back to zero as those are typically irregular expenditures.
 - o Examples of natural personnel changes: approval of new FTEs by Board after adoption of budget, new hires, vacancies, retirements, reclassifications, as well as all benefit changes such as health, dental and retirement contributions.
 - o Vacant positions are still budgeted at the minimum salary for their grade in the department budget. The budgeted savings for hiring freezes is in a non-departmental account, not in individual department budgets.

Appropriations are made at the functional level. *Function Summaries* are included within the Budget Summaries section of the document. This gives the reader a brief summary of departmental funding levels.

Appropriation by Function

Department/Program Budget Page

Each department/program has a budget page that gives the reader a general description of the department or program, and projected outcomes for the upcoming budget year. *Outcomes* are performance expectations stated in quantitative and qualitative terms. *Measures* provide the reader with historical workload and performance indicators for each department/program. *Budget Division Changes* explain budget fluctuations or other relevant information pertaining to the department or program. Many departments have begun tracking outcomes with SMART Goals, goals that are specific, measurable, achievable, realistic, and time-based. These measures focus on those aspects of organizational performance that are most critical for the current and future success of Orange County.

Mission Statement

The Department strives to be a strategic partner in providing fiscal leadership, excellent service delivery, and financial accountability for all residents and stakeholders.

Major Services - general description of the services of the department.

Major Divisions/Services

- Finance and Purchasing Division
 - **Major Services**
 - Complete the Comprehensive Annual Financial Report (CAFR).
 - Provide transparent financial data through the Popular Annual Financial Report (PAFR).
 - Maintain the County's sound financial condition through accounting and internal controls, in accordance with the Generally Accepted Accounting Principles (GAAP) and North Carolina General Statutes.
 - Prompt and efficient payment of all County obligations.
 - Adhere to County fiscal policies and department standard operating procedures.
 - FY 2021-22 Highlights
 - Completed the submittal of the Annual Financial Report to the North Carolina Local Government Commission and received the Award for Excellence in Financial Reporting from the Government Finance and Officers Association for the thirtieth year.
 - Increased Micro-Purchase threshold from \$10,000 to \$30,000 to streamline contracting process for federally funded projects
 - FY 2022-23 Highlights
 - Review and update all financial policies and procedures
 - Coordinate county-wide upgrade to Munis Enterprise Resource Planning System (ERP)

Performance Measures	2019-20 Actual	2020-21 Actual	2021-22 Budget	2021-22 Projected	2022-23 Budget
Unassigned Fund Balance, as percent of General Fund Expenditures (Target: $\geq 16\%$)	15.6 %	15.3%	16.0%	16.0%	16.0%
Debt Service, as a percent of General Fund Expenditures (Target: $\leq 15\%$)	13.6%	13.6%	16.9%	15.0%	14.9%

SMART Goals (Specific, Measurable, Achievable, Realistic, Time-Based)

Goal 1: Reduce invoices not paid within 30 days to less than 150 per month, by end of fiscal year.

Board Goal: #4

Justice Goal: N/A

Progress: ●

Performance Assessment: The Finance Department has not reached its goal of reducing invoices not paid within 30 days. This metric is inter-dependent with County departments timely submittal of invoices to Finance- Accounts Payable. Additionally, this metric has been impacted by a vacant Finance Accounting Technician III position.

Each SMART Goal is aligned with a Board Goal and/or Social Justice Goal.

Progress toward the goal target is noted with a "stoplight".

The green solid line in the chart indicates the actual data. The green dotted line indicates projected actuals.

The black dotted line in the chart indicates the target measure.

Goal 3: Build relationship with Chapel Hill Public Library to increase shared resources in operations, with a goal of 3 shared resources by end of FY22-23.

Milestones and Tasks	Start	Progress (at Jul 1, 2022)	End
Formation of Library Task Force	10/2021	100%	2/2022
Facilitator Contracted	2/2022	100%	6/2022
Goals Established	3/2022	40%	6/2023
Convene Library Services Task Force including representatives from Orange County and Town of Chapel Hill.	4/2022	30%	6/2023
Organize a Meet and Greet with staff members from the 2 libraries.	8/2022	0%	6/2023
Establish a sustainable system for courier service of items returned to the wrong library location.	12/2022	0%	6/2023
Collaborate and co-host one program with the Chapel Hill Public Library.	5/2023	0%	6/2023

Board Goal: #2

Justice Goal: #1

Progress: ●

Goals related to new initiatives or one-time projects may be presented with milestones in a timeline.

Performance Assessment: Assessment established by task force and success of 3 shared resources.

Fund Structure

The accounts of the County are organized on the basis of funds or account groups with each fund constituting a separate accounting entity. The operations of each fund are accounted for by providing a separate set of self-balancing accounts reflecting its assets, liabilities, fund balance, revenues and expenditures. The funds of the County are created because of the diverse nature of governmental operations and the necessity of complying with legal provisions. Orange County has three broad fund categories: governmental, proprietary and fiduciary. Only two of these, governmental and proprietary, are included in this document.

Government Funds

These funds account for expendable financial resources other than those accounted for in proprietary and fiduciary funds. Most of Orange County's functions are included in this fund type. The modified accrual basis of accounting is used in this fund.

"Basis of accounting" refers to criteria for determining when revenues and expenditures are recorded in the accounting system. The "modified accrual basis" requires that expenditures be recorded when a liability is incurred (time of receipt) for goods or services provided to the County. The expenditure is usually recorded before the funds are disbursed. This type of accounting also requires that most revenues be recorded when they are actually received. The modified accrual basis of accounting helps to keep financial practices on a conservative footing; expenditures are recorded as soon as the liabilities for them are incurred, and most revenues are not recorded until they have actually been received in cash.

The County's individual governmental funds include:

- **General Fund** - the general operating fund of the County, which accounts for normal recurring County activities such as education, human services, public safety, etc. These activities are funded by revenue sources such as property tax, sales tax, charges for services, etc.
- **Special Revenue Funds** - account for the proceeds of specific revenue sources (other than major capital projects) that require separate accounting because of legal restrictions or administrative action. Special revenue funds in Orange County include: Grant Projects Fund, Community Development Fund, Fire Districts Fund, Visitors Bureau Fund, Housing (Section 8) Fund, E911 Fund and Article 46 Sales Tax Fund.
- **Capital Projects Funds** - account for all resources used for acquisition, construction, or renovation of major capital facilities of Orange County, as well as Orange County Schools and Chapel Hill-Carrboro City Schools. Capital project funds in Orange County include: County Capital Projects Fund and School Capital Projects Fund. Prior to July 1, 1993, several funds were used to account for capital projects.

Proprietary Funds

These funds account for operations, which are similar to those found in the private sector because net income is determined in these funds. The accrual basis of accounting is used for this fund. In the accrual basis of accounting, revenues are recognized when they are earned and expenses are recognized when they are incurred. Orange County operates one type of proprietary funds:

- **Enterprise Funds** - account for operations that are intended to be self-supporting through charges made to users of services provided or where determination of net income is an important factor. Orange County presently has three enterprise funds, the Efland Sewer Enterprise Fund, the Solid Waste Enterprise Fund, and the Sportsplex Enterprise Fund.

Fiduciary Funds

These funds are used to account for assets held by the County in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds. Since, by state statutes, these funds are not subject to appropriation by the Board of County Commissioners, these funds are not included in this document. The County's fiduciary funds include:

- **Agency Funds** account for assets held by the County as an agent for other governmental units. These monies are accounted for in essentially the same manner as governmental funds.
- **Non-expendable Trust Funds** account for assets, held by the County in a trustee capacity, which are designated for a particular purpose. These monies are accounted for basically in the same manner as proprietary funds.

Functions

The FY 2022-23 Manager's Recommended Budget includes the use of functional leadership teams consisting of the following functions: Community Services, General Government, Human Services, Public Safety, and Support Services. Each fund is further divided into functions, which represent the level of authorization by the governing board. Revenue categories/functions include Property Taxes, Sales Tax, Licenses and Permits, Intergovernmental, Charges for Services, Interest Income, Miscellaneous Income and Fund Balance. Orange County's appropriation functions include: Community Services, General Government, Human Services, Public Safety, Support Services, Education, Transfers to Other Funds, and Debt Service.

Departments/Programs

Each function is comprised of two or more departments, and each department may be further represented by a program. In this document, each department or program summary contains a program description, prior year accomplishments, coming year objectives, a budget summary by expenditure category, and offsetting revenues. For departments administering more than one program a department summary precedes the department's program summaries.

Basis of Budgeting

Budgetary accounting is used for management control of all funds of the County. Annual budget ordinances are adopted on the modified accrual basis at the fund level and amended as required for the operations of the general, special revenue, and proprietary funds.

The Comprehensive Annual Financial Report (CAFR) shows the County's finances on the basis of "generally accepted accounting principles" (GAAP). In most cases, this conforms to the way the County prepares its budget. Two exceptions are the treatment of depreciation expense and compensated absences. Depreciation is not budgeted but capital improvements in the CAFR are depreciated. Compensated absences are accrued as expenditures in the CAFR and are not included in the budget. The CAFR shows fund revenues and expenditures on both a GAAP basis and budgetary basis for comparison purposes.

Mission Statement

To provide leadership in planning and operating a system of integrated aging services through state of the art senior centers, serving as focal points for coordinated community and individualized programs designed to educate seniors and their families and maximize health, well-being, community engagement and independence of older adults at all functional levels.

Department on Aging – continued

Major Divisions/Services

- Administration
 - o FY 2021-22 Highlights
 - Implemented Year Five of the 2017-22 Master Aging Plan (MAP), while also launching the planning year of the 2022-27 Master Aging Plan. Planning year work included completing a community assessment/survey, virtual and in-person community engagement sessions and continuation of workgroups utilizing the AARP/WHO framework of Age Friendly communities.
 - Completed a formal MAP evaluation in collaboration with the UNC Partnerships In Aging. In reviewing MAP Years 1-4 72% of the indicators were met with an additional 19% demonstrated progress. The final year's MAP accomplishments will be added to this evaluation in summer 2022. As part of the evaluation process a Ripple Effects Mapping process was utilized to capture the positive effects the MAP has had on our community that were not reflected in the original MAP document.
 - 2022-27 Master Aging Plan will be completed and presented to the BOCC.
 - Successfully transitioned programs and services to pre-pandemic levels with continuation of some programs in hybrid model.
 - o FY 2022-23 Highlights
 - 2022-27 Master Aging Plan implementation will begin and the seven workgroups will continue to meet on a quarterly basis.
 - Continue providing hybrid programs along with our regular in person programming activities to best serve our community. Lunch service will include both in-person dining and curbside distribution
 - NISC – National Senior Center Accreditation will be completed.
- Aging Transitions
 - o FY 2021-22 Highlights
 - More than 60 individuals received contracted home care and/or adult day services; plus additional caregiver and individual support to allow older adults to age in community; reducing premature institutionalization.
 - Provide information and case-assistance on aging-related and caregiving issues to more than 2600 individuals through the Aging Helpline and Walk-in assistance.
 - Following outreach calls to nearly 1600 former participants to the senior centers in FY 20-21, the Aging Helpline saw a nearly 20% increase in call volume to the Aging Helpline in FY 21-22.
 - o FY 2022-23 Highlights
 - Will directly serve nearly 3000 diverse older adults and their caregivers, including low-income, minority and immigrants by continuing outreach through community partners.
 - Improve service collaboration and coordination with public and private partners through implementation of NC Cares 360 and new contact management software.

Department on Aging – continued

- Community-based Services

- o FY 2021-22 Highlights

- Served 2450 diverse older adults, including low-income, minority and immigrants by continuing outreach through senior centers to reach the community through in-person and virtual program offerings including health and wellness and other educational, crafts, and special event programs.
 - Served 610 older adults continuing to address food insecurity issues by maintaining the numbers served in the daily nutritionally balanced lunch program using both curbside meal delivery and in-person dining.
 - Offered 968 programs virtually or hybrid(virtual and in-person, simultaneously) with 44,652 participations (duplicated), including all program participants (120,082), as a safe alternate for participants to join programs, essentially offering a “Senior Center Without Walls” accomplishing a 2017-22 MAP goal and a NCDHHS Aging & Adult Services requirement

- o FY 2022-23 Highlights

- Will serve 3000+ diverse older adults, including low-income, minority and immigrants by continuing outreach through senior centers to reach the community through in-person and virtual program offerings including health and wellness and other educational, crafts, and special event programs.
 - Will serve 750+ older adults by continuing to address food insecurity issues by maintaining the numbers served in the daily nutritionally balanced lunch program using the curbside meal delivery and in-person dining.
 - Will offer 1012 programs virtually or as hybrid (virtual and in-person, simultaneously) with 49,177 participations (duplicated), including all program participations (128,000), as a safe alternate for participants to join programs, essentially providing a “Senior Center Without Walls” continuing to accomplish a 2017-22 MAP goal and a NCDHHS Aging & Adult Services requirement.

- Volunteer Connect 55+

- o FY 2021-22 Highlights

- While faced with significant challenges with how our safety-net programs could continue to be implemented, our division transitioned programs to virtual platforms, contactless implementation, and heightened safety precautions for the limited in-person volunteer services we continued to offer. We increased participation in our volunteer programs targeting social isolation (we saw a 65% increase in participation). The food box distribution remained stable with a drive-through distribution to limit contact and provided increase in delivery services for those who could not access public transportation. The Handy Helper program continued to provide services in a limited capacity allowing the program to complete 80 outdoor home safety and accessibility improvements. The VITA program transitioned to a virtual platform in mid-February to provide safe and secure tax preparation. In late March a valet tax service was offered to residents with limited or no access to technology. A total of 1578 persons were served for the FY21-22 tax season. The SHIP program assisted 750 clients with a total combined savings of over \$300,000 to the clients. As COVID impacted several

in-person volunteer placement programs, as well as community-based volunteer services, this division adapted and implemented creative solutions to ensure our older adults continued to receive supports and services necessary to age safely in community.

o FY 2022-23 Highlights

- **Overall Volunteer Recruitment and Support:** (1) recruit , train and place 80+ new volunteers of all ages, to serve Orange County older adults, particularly those aging in their communities with low-moderate income, special needs like dementia, or social isolation.
- **Community-Based Volunteerism, Outreach and Direct Services:** (1) place 20+ new community-based volunteers, (2) to hold or participate in 5 community-based volunteer recruitment events, (3) strengthen partnerships with leaders and community participants of both the Efland-Cheeks and Cedar Grove Community Centers, through new collaborative initiatives. (1) Maintain current enrollment in the Commodity Supplemental Food Program, increases are determined by the federal budget. (2) Provide ramps and other small home improvements for 80 older adults throughout our county. (3) Increase the enrollment of safety net programs by 50% to combat social isolation.
- **Project EngAGE:** provide support to 66 Project EngAGE Senior Leader volunteers, and to 7 Project EngAGE Senior Resource Teams (SRTs), by (1) providing ongoing technical and programmatic support to all Project EngAGE Senior Leader graduates, (2) holding and facilitating monthly meetings for each Senior Resource Team, as well as regular meetings with all Senior Leader graduates, and (3) managing multiple Senior Resource Team community-wide events and initiatives throughout the fiscal year and (4) plans to offer a sixth Project EngAGE class in Fall 2023.

SMART Goals (Specific, Measurable, Achievable, Realistic, Time-Based)

Goal 1: Provide an average of 12,500 participants (duplicated) services and programs monthly. Serve a diverse group of older adults, including low-income, minority and immigrant. Our programs will help them remain living independently in the community and to help stave off social isolation.

Board Goal: #1

Justice Goal: #5

Progress: ●

Performance Assessment:

Beginning in July 2021 participation numbers began to increase with addition of onsite center programming still with COVID room capacity, social distancing and no close contact programming or eating inside the centers rules in place. Virtual programs continued to be offered. Starting March 2022 centers were open at full capacity and at pre pandemic hours. We anticipate participation numbers to be on track with projections.

Goal 2: Increase number of persons provided information and assistance through the Aging Helpline by 10% (192 average monthly) by the end of FY 22-23.

Board Goal: #1

Justice Goal: #2

Progress: ●

Performance Assessment:

Calls to the Aging Helpline are triage opportunity to assist older adults, their families and community partners. We see an increase in call volume as the total aging population in the community increases every year.

Goal 3: Measure the impact volunteerism has on the mental well-being of volunteers providing support and services throughout Orange County, with a goal of 86% of participants reporting positive impact.

Board Goal: #1

Justice Goal: #5

Progress: ●

Performance Assessment:

For the second 6 month (1/23-6/23) reporting we are projected to meet or exceed the 86% positive impact on mental well-being reported by our volunteers. We anticipate an increase in participation and positive reporting as enrollment has increased. Measurement is collected twice annually.

Orange County Commissioners confirmed a Management, Merger, and Dissolution Agreement dissolving its relationship with Cardinal Innovations effective December 1, 2021, and transferring its service responsibilities for residents needing mental health, developmental disabilities, and substance abuse services to Alliance Health, a Managed Care Organization and Area Authority.

The FY 2022-23 Manager Recommended budget provides maintenance of effort funding for Alliance in the amount of \$897,045. The \$50,000 in offsetting revenues includes the ABC bottle tax revenue, which is used for Community Based Substance Abuse Services. Maintenance of effort funds to County programming includes: Two (2) Criminal Justice Resource department positions, one (1) Behavioral Health position, one (1) Rapid Rehousing position, and programming funds in DSS. The total funding for the county's maintenance of effort remains at \$1,355,974. Orange County maintenance of effort dollars will be allocated by Alliance according to best practice models and in consultation with county staff and the directors of the Criminal Justice Resource, Health and Social Service Departments.

Mission Statement

The Animal Services Department strives to meet the needs of residents by working with volunteers and other partners to deliver cost-effective and integrated animal sheltering, animal control and animal protection services that ensure the health, safety and wellbeing of humans, pets and the community as a whole. Addressing the problem of pet overpopulation with a proactive and positive approach is an integral ingredient of the department's mission.

Major Divisions/Services

- Animal Protection and Public Health
 - o FY 2021-22 Highlights
 - Respond to animal service requests in a timely, priority-based manner, provide field services to the towns of Chapel Hill, Hillsborough, and Carrboro. Investigate animal bites, rabies exposures, neglect and animal cruelty complaints.
 - Create ways to provide service and appropriate enforcement in a timely manner to ensure animal welfare and public service is not slighted due the global pandemic. Officers utilized technology to be flexible and address communication with citizens such as implementing online forms that can be received electronically.
 - o FY 2022-23 Highlights
 - Complete Certified Rabies vaccinator (CRV) status for all Animal Service Officers. This promotes government engagement with the community, supports One Health and public safety. Animal Service Officers will provide assistance to citizens for compliance with state law §130A-185 and protect pets against rabies virus.
 - Support collaboration between community partners, citizens, and Animal Services to proactively and humanely manage free-roaming cats in a manner that is in line with National Animal Care and Control Standards and industry best practices.

Animal Services – continued

- Open Admissions Sheltering
 - o FY 2021-22 Highlights
 - Provide shelter to stray, relinquished, and quarantined animals in Orange County as an open-admission animal shelter. Reunite lost pets with owners and facilitate lost and found inquiries via website, citizen inquiries, and online searches for lost pets. Maintain functional Animal Services to the County during COVID-19 restrictions and staff shortages.
 - Prioritize live animal placement through adoptions, special promotions, flexible fees, facilitate and support timely pet reclaims, provide veterinary medical care, and build capacity for the barn cat, animal transfer and foster programs.
 - o FY 2022-23 Highlights
 - Promote a more humane community by prioritizing an 85% or higher live release rate for animals sheltered by Orange County Animal Services over the next two years. Strengthen collaborative partnerships such as animal transfer partners, foster homes, barn cat placement, community cat sterilization, and University-Government animal focused programs.
 - Provide timely veterinary care to sheltered animals, promote best practices in animal sheltering, support proactive Animal Service operations and our employees with a full time shelter veterinarian.

Field Services	2019-20 Actual	2020-21 Actual	2021-22 Budget	2021-22 Projecte d	2022-23 Projecte d
General Field Services and Animal Protection					
Service Responses	4864	4509	6128	5277	5304
Rabies Exposure and Animal Bite Investigations	315	330	411	352	364
Dangerous Dog Appeal Hearings	11	14	19	20	10
Cruelty/Neglect Investigations	393	330	398	374	368

- Animal Services Programs
 - o FY 2021-22 Highlights
 - Staff the Program Coordinator and Assistant Program Coordinator positions to innovate and provide proactive pet support in Orange County. Build internal capacity for growing the animal transfer, foster and volunteer programs.
 - Reinstated low cost rabies vaccination clinics for community pets. Launched a feline health summer internship, shelter medicine internship and shelter medicine

Animal Services – continued

selective in conjunction with the NCSU animal science department and the college of veterinary medicine.

o FY 2022-23 Highlights

- Promote strong community engagement in animal welfare and encourage pet retention as reflected by the number of community animals served by Animal Services programs.
- Strengthen initiatives that support a robust animal foster, animal transfer, and volunteer program to achieve better welfare for animals entering OCAS.

Animal Services Open Admissions Sheltering	2018-19 Actual	2019-20 Actual	2020-21 Actual	2021-22 Projected	2022-23 projected
Dogs and Cats entering shelter	2,861	2,318	1,987	2,400	2,400
• Cats	1,486	1,196	1,232	1,300	1,300
• Dogs	1,375	1,122	812	812	1,100
Number of placements	1,937	2,072	1,637	1,900	2,000
• Cats	1,071	1,059	947	1,100	1,290
• Dogs	866	1,013	690	800	798
Live Release **	91%	91%	89%	89%	90%
• Cats	89%	88%	86%	89%	89%
• Dogs	93%	93%	92%	91%	92%

** The live release rate is the sum of animal adopted, transferred to placement partners, returned to owners divided by the number of adoptable animals. (designation excludes some unplaceable animals such as aggressive, biting, animals exposed to rabies, animals surrendered for euthanasia, feral animals etc.) that left the shelter.

SMART Goals (Specific, Measurable, Achievable, Realistic, Time-Based)

Goal 1: Promote companion animal welfare by achieving at least an 85% live release rate for animals sheltered by OC Animal Services across the next two years.

Performance Assessment: Grow capacity with the transfer and foster programs to support live release and continue to market adoptable animals. If approved, recruit and hire full time veterinarian to support decreased length of stay and efficient sterilization of animals. Summer and spring animal intake goes up dramatically with cats and orphan kittens.

Goal 2: Achieve strong community engagement in animal welfare, with 800 community animals served by Animal Service programs annually.

Performance Assessment: Measure the number of animals helped through OCAS Programs. Historically this data has not been captured so the work is currently in progress to determine baseline data. Ex: community spay neuter performed via voucher assistance, rabies vaccinations, veterinary care assistance program. The vet assistance program is community funded via go fund me website and so the impact will vary.

Goal 3: 100% of Animal Control Officers certified to provide rabies vaccinations by end of FY23.

Performance Assessment: Animal Control Officers will take the online training, pass the test and complete the vaccine administration training checklist in conjunction with a licensed veterinarian. Officers are in the process of registering for the online training.

Article 46 Sales Tax

The Article 46 One-Quarter Cent (1/4 cent) County Sales and Use Tax was approved by Orange County voters in the November 2011 election, and became effective April 1, 2012. A Special Revenue Fund has been established to receive and account for the One-Quarter Cent (1/4 cent) Sales and Use Tax proceeds. The sales and use tax proceeds are divided 50% to the County's two school systems and 50% to Economic Development initiatives. The funds will remain separate from the County's General Fund to allow for more isolated and accurate tracking of revenues and expenditures. The Board of County Commissioners approved a ten-year commitment to allocate the proceeds as follows:

- 50% of the funding will be allocated in an equitable manner between the County's two school systems, based on the Average Daily Membership (ADM) of each school system, for the dedicated purpose of funding capital projects, including but not limited to, facility improvements at older schools and the procurement of technology.
- 50% of the funding will be allocated to Economic Development initiatives.

The tables below reflect recommended uses of the anticipated proceeds of \$4,202,200 by the two school systems and Economic Development in FY 2022-23:

School Systems Recommended Use for FY 2022-23	Amount
Technology – Student Access Computing Devices (Chapel Hill-Carrboro City Schools)	\$1,235,027
Technology – Upgrades (District-Wide – Orange County Schools)	\$ 866,073
TOTAL	\$2,101,100

Article 46 Sales Tax – continued

Economic Development Recommended Use for FY 2022-23	Amount
Debt Service on Infrastructure	\$ 881,720
Innovation Center – “Launch Chapel Hill”	\$ 73,500
Agricultural Grants	\$ 100,000
Business Investment Grants	\$ 150,000
Agricultural Summit	\$ 5,000

Budget Highlights

The FY 2022-23 Manager Recommended budget contains the following changes from Base Budget:

Total Expenditure increase of \$61,050 based restoration of pre-pandemic travel and training, increased services provided to community centers, and inflationary increases. Total Revenue decrease of \$8,913 due to reduced rent revenue. The Net County Cost increase is \$69,963.

The Manager Recommended Budget does not include funding for the following Department Requests:

Converting the inventory management contract into an internal position, reversing part of last year's structural 5% cuts.

Mission Statement

AMS strives for excellence in providing safe, reliable, sustainable, clean, and comfortable facilities and related assets to Orange County residents, employees, and visitors.

Major Divisions/Services

- Administration
 - o FY 2021-22 Highlights
 - Manages and supports County building projects as identified in the County's Capital Investment Plan (CIP), including departmental oversight, support, and guidance for building projects managed by Solid Waste; Planning & Inspections; Department of Environment, Agriculture, Parks and Recreation (DEAPR); Emergency Services; and the Orange County Sportsplex.
 - The Board of Elections waterproofing, storm water revisions, and accessible entrance were completed this year. In partnership with Planning, OCPT, and GoTriangle, the Bus shelters are 75% complete, with new shelters being installed at three of the four locations, including Chapel Hill. The Orange County Facility Renovations, including the Mural Courtroom lighting improvements, have been completed, and the judges are pleased with the new lights. Installed a new roofing system over the Orange County Sportsplex main building and completed all the repairs to the ENO River parking deck to extend the useful life of the existing structure.
 - Completion of the Northern Campus construction project.
 - o FY 2022-23 Highlights
 - Initiation of an inventory management system
 - Provide the BOCC with recommendations based on the result of the Facilities Master Plan.
 - Complete the storm water improvements at the Richard E. Whitted Complex, build the new EMS and Medical Examiners Review Quarters building in Efland, and complete the Waterstone EMS station in conjunction with Orange Rural Fire Department.
 - Begin construction of the 203 Southern Branch Library project.
- Facility Maintenance
 - o FY 2021-22 Highlights

Asset Management Services – continued

- Worked with all County departments to prepare their facilities to allow work safely in the COVID environment, including the installation of sneeze guards, touchless water fountains, air scrubbers, and ionization equipment at multiple County facilities.
- Successfully led and implemented an inter-departmental team (AMS, DEAPR, and Solid Waste) for inclement weather preparation and recovery to keep the county operating safely during inclement weather.
- Continued to reduce after-hours emergency service calls, signifying successful systems maintenance, internal customer education, and communications, and increased internal maintenance team skills and productivity.
- Become acclimated with the new county-constructed facilities to include introducing solar energy, new plumbing, heating technology, and preventative maintenance for a High-security detention center.
 - o FY 2022-23 Highlights
- Provide exceptional 24-hour service for County facilities while also reducing after-hours emergency calls and business hour call-backs by executing proactive preventive maintenance work.
- Provide exceptional services for inclement weather events to include planning response times, continuous planning and strategies to include equipment and Contractor services, ensure safety for County employees and visitors to County locations.
- Maintain effective cost control while maintaining high-quality maintenance delivery and facility outcomes.
- Continue to provide excellent customer service while providing a safe working environment for Orange County staff and residents. Safety and customer service promotion is rooted in customer communication and a rigorous training program specifically focused on safety and preventive maintenance.
- Provide increased service to facilities through inspections and aggressive actions to reduce water intrusion.
- Provide customers and visitors with safe and comfortable facilities by following all County and departmental policies.
- Facility Services
 - o FY 2021-22 Highlights
 - Following the science of the Covid-19 pandemic throughout the year and increased knowledge availability of transmissibility, the Facility Environment Services division's development and implementation of procedures that support Orange County Government offices remaining open, even in the height of the pandemic.
 - Avoided shutting down significant services, including the Orange County Judicial facilities, for significant periods due to Covid-19 outbreaks.
 - Supplanting the fogging process by introducing the Vollara Air & Surface Pro systems accompanying the HVAC improvements made in the Justice facility.
 - Maintained regular and specialty cleaning throughout the year utilizing the flexibility of the division despite Covid-19 related Facility Services staff vacancies.
 - o FY 2022-23 Highlights
 - Preserve the quality standards while balancing an increase in County cleanable square footage against available resources.

SMART Goals (Specific, Measurable, Achievable, Realistic, Time-Based)

Goal 1: Reduce the energy intensity (energy used in kBtu per square foot) of County facilities by 6% within the FY23 fiscal year compared to the FY22 fiscal year.

Board Goal: #5

Justice Goal: #4

Progress: ●

Performance Assessment: Decreases in the County's energy intensity are directly linked to the new hybrid work environment and the greater energy efficiency of new county buildings in the portfolio. As the county's workforce has adapted to a hybrid work environment, it is expected that some of the reductions in energy usage seen during the last year as employees worked from home will remain in place over the next several years.

Goal 2: Meet the response time for 75% of facilities work orders based on their priority level.

Board Goal: #4

Justice Goal: N/A

Progress: ●

Performance Assessment: While AMS strives to meet our service standards to complete facilities maintenance work orders, increased turnover and vacancies over the last year affected our ability to meet our high standards for work order completion. We believe that turnover and vacancies will be reduced next fiscal year, which will improve our performance.

Budget Highlights

The FY 2022-23 Manager Recommended budget contains the following changes from Base Budget:

Total Expenditure decrease of \$100 based restoring travel and training to pre-pandemic levels, and offsetting expenditures in contract, cable casting and other departmental expenditures.

The Manager Recommended Budget does not include funding for the following Department Requests:

Department was awarded FY 2019-20's travel and training amount.

Board of County Commissioner Department Changes	Expenditure Increase / (Decrease)	Revenue Increase / (Decrease)	Net County Cost
Restore Travel & Training to pre-pandemic budget	\$ 25,400	\$ -	\$ 25,400
Offsetting reduction to departmental operations	\$ (25,500)	\$ -	\$ (25,500)
Net Board of County Commissioner Department Changes	\$ (100)	\$ -	\$ (100)

Mission Statement

The mission of the Orange County Clerk to the Board's Office is to provide permanent official, records required by North Carolina General Statutes for present and future generations; to provide the Orange Board of County Commissioners (BOCC) a guided focus and direction through meetings and agendas; and to provide for citizen participation and involvement in county government through the oversight of 20+ volunteer boards and commissions appointed by the BOCC.

Board of County Commissioners/Clerk to the Board's Office – continued

Major Divisions/Services

- Custodian for the county seal and the retention of official records including minutes, ordinance books, records of county-appointed boards and committees, resolutions, contracts, agreements, and leases, etc., in accordance with the North Carolina General Statutes; prepares official copies of documents including ordinances, resolutions and meeting minutes as adopted by the Board; certifies legal documents on behalf of the county
- Administers appointment process for 20+ volunteer boards and commissions internally and 20+ multi-jurisdictional boards externally
- Ensures public access to county records as required by state public records laws
- Manages the maintenance of the legislative record of the Board of Commissioners and all other committees, boards, and commissions; manages the maintenance of minutes, resolutions, ordinances, appeals, licenses, permits, and other documents that come under the jurisdiction of the Clerk to the Board
- Researches past and current Board actions as requested; ensure that county staff and the public have access to all aspects of the legislative history in a timely manner
 - o FY 2021-22 Highlights
 - Provided administrative support for 39 Board of County Commissioners meetings and acted as the administrative lead for Granicus (web streaming)
 - Published 39 agendas and meeting highlights before and after BOCC meetings
 - Approval of approximately 41 sets of meeting minutes and 10 sets of closed session meeting minutes
 - Continued virtual meeting process for first 8 months of the fiscal year to respond to pandemic concerns while complying with open meetings law.
 - Developed new meeting procedures for transitioning back to in-person meetings, including hybrid meeting options
 - Transitioned to new software for management of applications, membership data, and appointment process
 - Trained new employees in records retention, contract management, open meetings law, board procedures, and customer service expectations
 - o FY 2022-23 Highlights
 - Hold 2 outreach meetings to educate residents on advisory boards and commissions
 - Increase number of applications received for advisory boards and commissions appointments
 - Publish agendas in electronic format within 24 hours of receipt from the County Manager's Office
 - Post BOCC actions following meetings within 48 hours

SMART Goals (Specific, Measurable, Achievable, Realistic, Time-Based)

Goal 1: Screen 100% of applications for advisory boards and commissions vacancies within one week of submission.

Performance Assessment: Screening time is dependent on response from other county departments, in addition to the time it takes to review within the BOCC office.

Goal 2: 100% of contracts posted to Laserfische within two weeks of completion.

Performance Assessment: Timely turnaround of contracts in Laserfische is important for effective service delivery in county departments.

Goal 3: 100% of meeting minutes approved within 30 days of the meeting.

Performance Assessment: This goal is dependent on the BOCC meeting schedule as well as the ability of the contracted transcriptionist to return meeting minutes for approval. The BOCC office recently contracted with a new transcriptionist, which will hopefully improve the turnaround time.

Board of Elections

Budget Highlights

The FY 2022-23 Manager Recommended budget contains the following changes from Base Budget:

Total Expenditure increase of \$18,785 based on countywide restoration of pre-pandemic travel and training and various services for equipment and software. Total Revenue decreased by \$76,900 due to budgeting for two (2) Elections compared to three (3) in FY 2021-22. The Net County Cost increase is \$95,685.

The Manager Recommended Budget does not include funding for the following Department Requests:

None

Board of Elections Division Changes	Expenditure Increase / (Decrease)	Revenue Increase / (Decrease)	Net County Cost
Decrease for county elections	\$ -	\$ (76,900)	\$ 76,900
Decrease for election support workers for county elections	\$ (10,204)		\$ (10,204)
Increase for countywide restoration of pre-pandemic travel and training, and various services for equipment and software	\$ 28,989		\$ 28,989
Net Board of Elections Division Changes	\$ 18,785	\$ (76,900)	\$ 95,685

Mission Statement

The Board of Elections is responsible for conducting all elections held in Orange County in accordance with mandates set by Federal and State law and policies set by the State Board of Elections. Our mission is to maintain the integrity of elections, ensure election results are accurate, and make the electoral process inclusive for all eligible voters.

Board of Elections - continued

Major Divisions/Services

- Conduct Elections
 - o FY 2021-22 Highlights
 - Effectively and efficiently conducted the October 5, 2021 Durham Municipal Primary, November 2, 2021 Municipal and Chapel Hill – Carrboro School Board Election
 - Successfully operated four early voting sites
 - o FY 2022-23 Highlights
 - Effectively and efficiently conduct the 2022 Primary/Second Primary/Runoff Election, November 8, 2022 General Election, and recounts as required
 - Successfully operate up to six early voting sites with extended hours
 - Provide the best possible customer service to the voting public

Outcome Measures	2017 Municipal	2018 Primary	2018 General	2019 Municipal	2020 Primary	2020 General	2021 Municipal
Eligible Registered Voters	80,168	105,593	115,231	76,551	110,543	111,869	73,816
Total Ballots Cast	14,108	19,838	67,649	13,787	50,037	85,281	16,984
Voter Turnout	17.60%	18.79%	58.71%	18.01%	45.26%	76.23%	23.01%
Ballots Cast Prior to Election Day	32%	33%	68%	35%	46%	90%	43%
Ballots Cast on Election Day	68%	67%	32%	65%	54%	10%	57%

- Registrations
 - o FY 2021-22 Highlights
 - Timely processed absentee ballot requests and mailed absentee ballots
 - Timely processed registrations received to maintain an accurate voter registration database
 - Certified “Multi-Partisan Assistance Teams” to assist with requesting and/or casting mail-in absentee ballots for voters in assisted living facilities resulting in teams making multiple visits to assist in requesting absentee ballots and returning to assist in marking ballots as needed

Board of Elections - continued

- o FY 2022-23 Highlights
 - Continue initiative to ensure department receives highest level of training through professional education programs to more effectively manage ever-changing election laws and meet growing demands for technological expertise
 - Staff to maintain designation as Certified North Carolina Election Administrators (CNCEA)
 - Director and deputy director to obtain designation as nationally Certified Election and Registration Administrators (CERA) through the Election Center's professional education program with Auburn University
 - Continue to accurately maintain our registration database

Outcome Measures	2017 Actual	2018 Actual	2019 Actual	2020 Actual	2021 Actual
Absentee Ballots Processed	653	3,190	465	35,035	445
Registrations Processed	15,552	30,851	19,708	75,253	18,257
Registrations Removed	10,542	17,430	16,484	13,833	12,881
Voter Card Mailings	36,632	42,287	33,269	60,462	39,057

SMART Goals (Specific, Measurable, Achievable, Realistic, Time-Based)

Goal 1: To increase civic participation, implement a "Follow the Orange Brick Road" wayfinding program by June 30, 2023.

Milestones and Tasks	Start	Progress (at Jul 1, 2022)	End	Board Goal: #3 Justice Goal: #5 Progress: 
Map signage placement for each voting location	Jan 22	80%	Jun 23	
Design and procure signage	Feb 22	80%	Jun 23	
Hire staff to put out and remove signage	Apr 22	80%	Jun 23	

Performance Assessment:

One indicator of success will be a decreased amount of calls from voters unable to find voting location.

Goal 2: Increase outreach to blind and low vision voters to increase civic participation in elections, through targeted outreach strategies.

Milestones and Tasks	Start	Progress (at Jul 1, 2022)	End	Board Goal: #3 Justice Goal: #5 Progress: 
Attend outreach events	Apr 22	50%	Jun 23	
Work with blind and low vision voters to increase awareness of accessible voting options	Apr 22	50%	Jun 23	

Performance Assessment:

These efforts are intended to lead to increased use of online absentee ballot portal for blind and low vision voters.

Goal 3: 100% of absentee ballot packages mailed within one business day of processing absentee request to ensure timely absentee voter participation.

Performance Assessment:

The aim is to have the absentee ballot package mailed within one business day after processing absentee ballot request.

Manager Recommended FY 2022-32 Capital Investment Plan

The Manager Recommended FY 2022-32 Capital Investment Plan (CIP) was presented to the Board of County Commissioners on April 5, 2022. The following CIP Summaries were included as part of the presented Plan. The Board held a work session on April 12, 2022 to begin review and discussion. The Board will consider approval of FY 2022-23 (Year 1) funding of the FY 2022-32 CIP on June 21, 2022.

Budget Highlights

The FY 2022-23 Manager Recommended budget contains the following changes from Base Budget:

Total Expenditure increase of \$50,965 based on County Attorney billing for hours the staff attorney works on child support cases, telephone increase due to teleworking, and travel & training restored to pre-pandemic levels. Total Revenue decrease of \$236,424 due to decreased State estimate of Support Enforcement. The Net County Cost is a \$287,389 decrease in contribution to the General Fund.

The Manager Recommended Budget does not include funding for the following Department Requests:

Travel & training beyond the restoration of pre-pandemic levels.

Child Support Services Department Changes	Expenditure Increase / (Decrease)	Revenue Increase / (Decrease)	Net County Cost
Increase in legal services for County Attorney to bill for staff attorney hours on child support cases	\$ 36,000	\$ -	\$ 36,000
Increased telephone costs due to teleworking	\$ 7,115	\$ -	\$ 7,115
Restore travel & training to pre-pandemic levels	\$ 7,850	\$ -	\$ 7,850
Decreased State estimate for Child Support Enforcement	\$ -	\$ (236,424)	\$ 236,424
Net Child Support Services Changes	\$ 50,965	\$ (236,424)	\$ 287,389

Mission Statement

The Child Support Services Department strives to obtain child support for Orange County children, thereby strengthening the family's potential for economic independence and self-sufficiency and reducing the taxpayers' costs of public assistance.

 - 3500 Budgeted Enforcement Actions Other Than Court Action to Collect Support

*The goals and objectives for the Child Support Program can be found under 45 CFR § 305.2 (a). They are: paternity establishment, support order establishment (percentage of cases under order), current collections (collection of current support), and arrears collection (collection of child support arrears). Goals for SFY 2021-2022 are based on each County's performance at the end of SFY 2020-2021.

SMART Goals (Specific, Measurable, Achievable, Realistic, Time-Based)

Goal 1: To achieve the federal incentive performance goals and provide a needed source of financial support to families, the department will establish new child support orders for 110 families.

Board Goal: #1

Justice Goal: #2

Progress: ●

Performance Assessment: CSS is on track to establish orders for 110 families this fiscal year.

Goal 2: To increase self-sufficiency for families, and meet federal incentive performance goals, the department will collect 68.77% of current child support due, as set by State target.

Board Goal: #1

Justice Goal: #2

Progress: ●

Performance Assessment: CSS has exceeded this goal and consistently collected over 70% of current child support due this fiscal year.

Goal 3: To increase collections, and provide additional resources, Child Support Services will refer at least 25 customers per month to Orange County Employment Services.

Board Goal: #1

Justice Goal: #2

Progress: ●

Performance Assessment: Tracking of this goal has proven to be a challenge. Manual tracking, in addition to more training on the automated process, will be implemented immediately.

County Costs (net)	\$ 259,185	\$ 282,930	\$ 293,508	\$ 404,678	\$ 374,550

Budget Highlights

The FY 2022-23 Manager Recommended budget contains the following changes from Base Budget:

Total Expenditure increase of \$81,042 based on Community Outreach Specialist position, Yellow Pages advertisement and website maintenance.

The Manager Recommended Budget does not include funding for the following Department Requests:

Assistant Community Relations Director

Community Relations Division Changes	Expenditure Increase / (Decrease)	Revenue Increase / (Decrease)	Net County Cost
Increase for Community Outreach Specialist position	\$ 53,867	\$ -	\$ 53,867
Increase for advertising and website maintenance	\$ 27,175	\$ -	\$ 27,175
Community Relations Division Changes	\$ 81,042	\$ -	\$ 81,042

Mission Statement

To promote county services and events to the public with a focus on hard-to-reach and typically underrepresented community groups.

Major Divisions/Services

- Maintain county website
 - o FY 2021-22 Highlights
 - Provided numerous website trainings for new departmental webmasters
 - Helped Health Department with providing information on COVID

Community Relations – continued

- Website traffic increased to more than 900,000 visitors from July 1, 2021, through Dec. 31, 2021, an increase of more than 67 percent from similar period in FY 20 (last non-COVID year)
- o FY 2022-23 Highlights
 - Launch website redesign in Q1 of 2023
 - Continue to train new webmasters on software
- COVID response
 - o FY 2021-22 Highlights
 - Developed flyers, posters, graphics, etc., for COVID response (testing, vaccines, etc.) in multiple languages
 - Served as point of contact for media, handling more than 100 requests for information and/or interviews
 - Developed improved Covid-19 vaccine and testing signage for Southern Human Services Center to improve experience for residents
 - COVID testing page on website received more than 100,000 visitors from July 1 through Dec. 31, 2021
 - o FY 2022-23 Highlights
 - Launch website redesign in Q1 of 2023
 - Continue to train new webmasters on software
- Work with county departments to publicize county events
 - o FY 2021-22 Highlights
 - Worked with almost all departments to promote county's transition to virtual platform for many programs and events.
 - Grew Social Media presence on Twitter and Facebook by more than 5%.
 - Redesigned Endless Possibilities (Senior Times) to be more readable and trained Aging staff on better practices for proofing and review
 - Expanded number of digital message monitors in county (new monitor at Bonnie B. Davis Agricultural Center)
 - Trained aging staff on best practices for using digital screen platform to better utilize it for Senior Centers
 - Supported Housing/Homelessness Department with eviction diversion during pandemic
 - Worked with many departments to develop brochures, flyers, advertisements, social media graphics, etc.
 - o FY 2022-23 Highlights
 - Continue to grow Social Media presence on Twitter and Facebook.
 - Expand capacity to produce videos to increase awareness of county services and social media engagement
- County Government Academy

Community Relations – continued

- o FY 2021-22 Highlights
 - After a two-year hiatus, resumed County Government Academy in spring with thirty (30) residents, most ever, who signed up.
- o FY 2022-23 Highlights
 - Will offer County Government Academy again in spring
 - Goal is to at least match number of registrants
- Coordinate with local partners
 - o FY 2021-22 Highlights
 - Worked with towns, UNC, schools, UNC Health and other partners on coordinated COVID response
 - Continued to share information and social media boosts with towns on pertinent issues to help grow each other's audience
 - o FY 2022-23 Highlights
 - Continue to build on existing relations with local partners.
 - Build network of community groups to help with outreach efforts to historically underserved communities.

SMART Goals (Specific, Measurable, Achievable, Realistic, Time-Based)

Goal 1: Grow social media following by 10 percent.

Board Goal: #3

Justice Goal: #5

Progress: ●

Performance Assessment: Social media following continues to grow, although Facebook is not growing as fast as Twitter.

Goal 2: Fulfill 98% of public records requests within 30 business days to ensure all requests are met in as timely a manner as possible.

Board Goal: #3

Justice Goal: #5

Progress: ●

Performance Assessment: Although goal has been met in some months of FY22, in FY23 goal will likely not be met due to number of request for large numbers of records that will take months to compile and go through legal review.

Goal 3: Enroll 25 students in 2022 County Government Academy.

Board Goal: #3

Justice Goal: #5

Progress: ●

Performance Assessment: Enrolled 30 students in January class.

Cooperative Extension – continued

Mission Statement

North Carolina Cooperative Extension partners with communities to deliver education and technology that enrich the lives, land, and economy of North Carolinians.

Major Divisions/Services

- Youth Development
 - o FY 2021-22 Highlight
 - From 2019 to 2020, Orange County 4-H conducted a needs assessment to determine what categories of programs were needed by youth in Orange County. 62% of respondents indicated that youth needed critical programming in the areas of leadership, community service, and/or soft skills. According to a 2021 Gallup Poll, Generation Z and millennials make up 46% of the workforce and are making significant impacts on workplaces across the globe. These rising generations expect a diverse and inclusive workplace, ethics to be put into practice in the workplace, and transparency from their leaders. An eight-session leadership series was formed for youth in grades 7-12 entitled "Level Up Leadership". Sessions were held from September to December, each with a unique focus on leadership. Session topics included strengths-based leadership, public speaking, effective communication, diversity & inclusion, parliamentary procedure, SMART goals and action planning, professional attire, Geographic Information Systems, and advocacy. Each participant defined a community need and developed a plan of action they will later implement using skills developed in this program. In addition, through a partnership with nonprofit Growing Leaders, youth watched a video at home on a Social-Emotional Learning topic and completed a reflection before each session. Seven youth signed up for the program and six completed the program. At the beginning of the series, we asked students to define what leaders "are" and what leaders "do". This qualitative pre-survey informed us that these students viewed leaders as decision-makers, directors, intelligent in nature, and independent. At the end of the program, we posed these same questions again and we found that participant views of leadership changed from authoritative to more of an inclusive understanding of the role leaders play within a team context. Phrases in the post-survey included "advocate for others", "supportive", "guide", "connector", "play to their strengths", and "advocates", among other descriptors. 86% of participants created a plan of action for a service project and 100% intend to implement that plan in the future. 100% intend to increase their awareness of community needs. 100% are considering taking on leadership roles in their 4-H clubs, school clubs, or county 4-H programs. 100% of respondents believe they can use these new leadership skills to become more effective leaders.
 - o FY 2022-23 Highlight
 - The Launching of the Davis Memorial 4-H Garden. Located in Hillsborough at the intersection of Highways 57 and 86, it will have community involvement of youth, local governments, and organizations.

Cooperative Extension – continued

- Agriculture
 - o FY 2021-22 Highlight
 - Typically, farmers are required to maintain pesticide certification by attaining two hours of safety and two hours of pesticide-specific continued education units (CEU) every three years. Every year, we have farmers that rotate expiration or completion dates. Most farmers don't have access to high-speed internet, ruling out over the internet (e.g. Zoom, Skype, etc.) training. In response, we identified we could maintain social distance to those that did not have access to high-speed internet in the office while broadcasting out to those in the community that did have access creating a hybrid learning environment. In fact, we brought the North Carolina Department of Agriculture (NCDA) Pesticide inspector in from a remote location to conduct his portion of the CEU required by NCDA. Sixty-six Continued Education Units were issued for participants at both in-person and remote locations in Orange County. This demonstrates that we can maintain relevance and continue education even in the midst of a pandemic where we put in place safety protocols where we can socially distance and prevent the spread of COVID.
 - o FY 2022-23 Highlight
 - We have an upcoming Master Gardener Certification Course. We are expecting a full class of 30 participants and they will be ready to join over 60 active volunteers serving the community.
- Family Consumer Sciences
 - o FY 2021-22 Highlight
 - At a personal and professional level, Extension Family and Consumer Sciences Agents have experienced the same difficulties the rest of the population has met during the COVID-19 pandemic. Frustration, anxiety, and worry are just a few of the effects of social isolation observed in the last year and a half. A recent study assessing changes in mental health from April to September 2020 found 65.1% of the participants reported feeling anxious three or more days a week. In the same study, 56.7% of the respondents felt at least somewhat isolated. In response to this trend, a team of five NC Cooperative Extension Family and Consumer Sciences Agents decided to offer to their colleagues an eight-week program called the Living Well Challenge, with the purpose of improving their well-being. The challenge included four components: move more, eat/drink smart, and mental health. The team of agents raffled off skill builders such as yoga mats, lumbar support equipment, and aromatherapy diffusers among others to promote participation. Of a total of 56 participants, 34% participated in the mental health challenge. Based on the pre-evaluation responses, only 16% of the participants felt happy, calm, relaxed, or content. By the end of the program, this improved for 63% of the participants. Also at the beginning of the program, 53% of the agents did something for themselves that made them feel happy less than once a month or just a few times a month. This also improved after completing the program; 84% of the participants indicated they are doing something for themselves weekly or daily. One of the agents commented, "This challenge encouraged me to make time for self-care. It helped me stay accountable".

Cooperative Extension – continued

- o FY 2022-23 Highlight
 - As we start to reopen and restrictions are lifted, the food safety certification program will become a priority for caterers, food vendors, and restaurants to remain in compliance.
- Community Rural Development
 - o FY 2021-22 Highlight
 - There is a need to build market opportunities, resiliency, and equity in the local food system. This will provide more opportunities for local growers, food business entrepreneurs, and citizens who are in need of healthy food. Expanding the local & regional portion of the food system provides jobs, increases income, expands markets for local growers, retains farmland, and builds depth in the system that is important, particularly in times of crisis. In order to expand local markets, information is needed by policymakers, funding sources, advocates, and research entities in order to effectively support the effort. Following Mike Ortosky's ongoing work with various commissioners, local boards, related county offices and private entities, the Board of Commissioners requested an informational update at their first in-person meeting in November. Ortosky prepared a presentation and arranged for additional panel members to give updates from their areas of expertise. These included; Weaver Street Market Coop, Piedmont Food Processing Center, Orange County Food Council, and Orange County Agriculture Agent, Mart Bumgarner. After Ortosky's overview presentation, each panelist presented a brief update which was followed by a question and comment period from the Board of Commissioners. There was intense interest from the Board and the session continued for a total of two hours. The Board requested a follow-up presentation be made in the spring of 2022 to discuss more specific data and plans for expanded community and economic development support in the County and region. This represents increased interest in the importance of local and regional food systems resiliency and equity and sets the stage for actionable support.
 - o FY 2022-23 Highlight
 - To establish a Regional Community and Economic Development Concept Plan based on Local Foods and Agriculture.

SMART Goals (Specific, Measurable, Achievable, Realistic, Time-Based)

Goal 1: Teach a Food Protection Manager Certification program, to help reduce the risk of foodborne illness, where 75% of examinees will pass with a grade of at least 75 by June 30, 2023.

Board Goal: #2

Justice Goal: #3

Progress: ●

Performance Assessment: A score of 75 points is the baseline national standard for Food Safety Manager Certification exams. The goal is progressing favorably, however there is a challenge with non-english speakers' exam results due to the testing company not providing easy-to-understand test translations. To remediate this issue we will offer topic reviews to help participants pass the re-take exam.

Goal 2: Create a schematic farmland protection plan for presentation to Orange County leadership which employs not only protective instruments but also promotes diverse agricultural enterprises, rural smart growth methodologies, and supportive public policy to ensure the economic vitality of agriculture in Orange County.

Milestones and Tasks	Start	Progress (at Jul 1, 2022)	End
Initial Ag Preservation Board Subcommittee	Feb 22	100%	Apr 22
Frame Programmatic Goals	Mar 22	100%	June 22
Inventory existing data, policies, & precedents	Mar 22	75%	Aug 22
Coordinate with AFT & Orange County GIS	Mar 22	50%	Dec 22
Receive expert & Stakeholder feedback	Jun 22	25%	Aug 22
Monthly subcommittee meetings	Feb 22	30%	Jun 23
Create Farmland Protection Plan Outline	Jun 22	10%	Dec 22
Propose dynamic website	July 22	0%	Dec 22
Present report, recommendations, and budget	Jan 23	0%	June 23

Board Goal: #2

Justice Goal: #2

Progress: ●

Performance Assessment: This initiative began in February 2022 following Ag Preservation Board discussions and the development of a Farmland Protection Subcommittee. Programming and analysis work is ongoing and development of recommendations, summary report, and budget will continue through FY23 with a goal of an approved schematic plan and associated budget by June 2023.

Goal 3: Increase youth leadership in community development by conducting Level Up Leadership 4-H program with at least ten teens in grades 7-12 in FY23 with 100% success rate in program assessment.

Milestones and Tasks	Start	Progress (at Jul 1, 2022)	End
Conduct Needs Assessment	Jan 21	100%	Sept 21
Guide 4-Hers through Level Up Leadership sessions	Sept 22	0%	Dec 22
Develop Plans of Action	Nov 22	0%	Dec 22
Conduct Post-Assessment	Dec 22	0%	Dec 22
Implement Plans of Action	Jan 23	0%	Jun 23

Board Goal: #6

Justice Goal: #5

Progress: ●

Performance Assessment: In FY23, we plan to work with ten students. Participants will become more knowledgeable about each of the leadership topics covered in the course, building skills in public speaking, goal-setting, and action planning.

County Attorney

Phone Number: (919) 245-2320

County Costs (net)	\$ 673,651	\$ 644,260	\$ 727,277	\$ 693,718	\$ 697,286

Budget Highlights

The FY 2022-23 Manager Recommended budget contains the following changes from Base Budget:

Total Expenditure decrease of \$29,991 based on billing Child Support Services for hours the staff attorney work on child support cases. This allows Child Support Services to receive state reimbursement for those expenses. Department is also starting a law student internship program to provide local government experience to a more diverse group of law students.

The Manager Recommended Budget does not include funding for the following Department Requests:

None.

County Attorney Department Changes	Expenditure Increase / (Decrease)	Revenue Increase / (Decrease)	Net County Cost
Reduction in personnel to bill Child Support Services for staff attorney hours on child support cases.	\$ (36,000)	\$ -	\$ (36,000)
Start law student internship program to bring students of diverse backgrounds to county government	\$ 2,691	\$ -	\$ 2,691
Restore travel and training to pre-pandemic levels, offset by slight decreases to operational accounts	\$ 3,318	\$ -	\$ 3,318
Net County Attorney Department Changes	\$ (29,991)	\$ -	\$ (29,991)

Mission Statement: Our mission is to provide effective legal services to the Orange County Board of Commissioners and all departments and offices within Orange County Government.

Major Services

- Advise the County Commissioners and County Departments on the legal aspects of county operations.

County Attorney – continued

- Advise the County Commissioners and Manager on the legal authority for county actions.
- Draft and review contracts, documents, agreements, etc., for legal sufficiency.
- Review and interpret federal, state, and local laws, rules, and regulations.
- Represent Orange County in Litigation.
- Track pending and new legislation impacting Orange County.

FY 2021-22 Highlights

- Collected \$0.00 through the collections program. Collections program suspended due to COVID-19.
- New Child Support Enforcement responsibilities involved assisting the department with hundreds of enforcement and establishment cases in Orange County District Court.
- Achieved positive results in seven cases in district and superior court including dismissals. A number of superior court cases remain open.
- Achieved positive results in multiple quasi-judicial cases.
- Achieved positive results in three administrative hearings.
- Brought child support legal services in-house. This benefits Child Support Services because our costs to them are less than outside counsel costs. It benefits the County Attorney's office because personnel costs are reduced and offset by state reimbursements to Child Support Services based on our invoiced services.

FY 2022-23 Highlights

- Objectives to be determined during the County Attorney's annual review with the Board of County Commissioners.
- Measureable objective to maintain legal review times at or above 90% as in prior years and continue achieving positive outcomes in judicial and quasi-judicial cases, hearings, and appeals.
- Proposed resumption of collection activities in this fiscal year.

Budget Highlights

The FY 2022-23 Manager Recommended budget contains the following changes from Base Budget:

Total net county increase is \$797,919, based on the cost increases in the Cyber Insurance and Bonds & Insurance accounts as well as including Human Rights & Relations into the County Manager's Office. The county contribution to the Food Council is increasing by \$2,065 to restore travel funding, as well as covering the increased cost of the position already included in base. There is also a net increase in the Visitors Bureau fund of \$7,291 to restore pre-pandemic funding to the Arts Commission.

The Manager Recommended Budget does not include funding for the following Department Requests:

None.

Mission Statement

The Orange County Manager's Office oversees, coordinates, and evaluates the services of all County departments to ensure that County residents receive responsive, effective, and efficient government services. The Orange County Manager's Office also implements the policies of the Board of Orange County Commissioners (BOCC) and collaborates with other government agencies to provide effective Countywide and regional services to the public.

Major Divisions/Services

- County Manager Division
 - o FY 2021-22 Highlights
 - Implemented a budget contingency plan to protect against the anticipated revenue impacts related to COVID-19. Continuation of the County's COVID-19 Long Term Recovery planning process. Also continuation of oversight and support to the County's COVID-19 testing and vaccination efforts
 - Continued to advance the Board's policy priorities with particular emphasis in affordable housing, economic development, and transportation.
 - o FY 2022-23 Highlights
 - Expedite the work in Racial Equity by integrating the Human Rights and Relations Department as a new division of the County Manager's Office and hiring a full time FTE Chief Equity and Human Rights Officer
 - Provide executive level project management on the County's fiber to the premises project including managing communications, project milestones, and associated payments.
- Risk Management
 - o FY 2021-22 Highlights
 - Risk Management initiated development, implementation and evaluation of a Pilot electronic Incident Management System.
 - Through RFP and Orange County panel selection process, insurance brokers for the current hardening insurance market, and risk control needs of the county were evaluated. Alliant was selected and is working with Risk Management to evaluate the insurance needs, ensure the appropriate and most strategic coverages and services, along with the most competitive pricing for the county.
 - o FY 2022-23 Highlights
 - Risk Management will complete the electronic Incident Management System pilot and the system will be implemented countywide.

County Manager's Office – continued

- With the assistance of our broker, evaluation of all insurance markets and coverages will be completed with changes implemented to ensure appropriate strategic coverages and services are in place at the most competitive cost. Implementation of all changes with a focus on maximizing services to the county will be completed.
- Arts Commission
 - o FY 2021-22 Highlights
 - Opened an additional 7,000sf multi-purposed arts space at the Eno Mill in Hillsborough with a gallery, classroom, additional artist studios and OCAC offices. The space hosted 65 class attendees in first two months of operations, and sold \$10,000 in artwork.
 - Distributed \$169,081 in grant funding to Orange County artists and arts organizations, including \$100,000 in Restart the Arts emergency grant funding for arts organizations in response to the COVID-19 pandemic.
 - o FY 2022-23 Highlights
 - Continue to grow programming at the Eno Arts Mill and begin visual, performing, and literary programs that were not possible during FY22 due to the ongoing pandemic, and build a reputation as a welcoming and open space for all people to experience the arts.
 - Continue plans for a county-wide public art festival taking place in July, 2023, involving all three towns, UNC-Chapel Hill, and other community partners and recently awarded a \$25,000 grant from the National Endowment for the Arts.
- Food Council
 - o FY 2021-22 Highlights
 - Began a Food Access Assessment led by community members with lived experience. This assessment was built from the lessons learned during the formation of the Black Farmer Think Tank from 2020 – 2021.
 - Formed a partnership with TJ Council of Governments to provide equitable food systems development trainings and support regional food system coordination.
 - o FY 2022-23 Highlights
 - Produce a Food Access Report from the community-led assessment and host a Food Access Summit with providers and community experts to review the findings and recommendations in the report. The Food Council will coordinate actions associated with the community recommendations.
 - Facilitate a stakeholder input process with Cooperative Extension to gauge the interests, needs, and challenges of food producers in Orange County. After evaluating stakeholder responses, the Food Council and Cooperative Extension will provide recommendations for future pilot programs to support expanding markets and increasing access to local products.
- Human Rights and Relations
 - o FY 2021-22 Highlights

County Manager's Office – continued

- Assisted the Human Relations Commission with 1) Community Forum; 2) 32nd Annual Pauli Murray Award Ceremony; 3) Community Read; 4) I Am Pauli Murray Drive-in Screening and 5) Monitoring human rights and relations issues.
- Coordinated with multi-jurisdictional efforts to gain uniform approval of the One Orange Racial Equity Framework: Catalyst for Moving Forward
- o FY 2022-23 Highlights
 - Complete the Countywide Racial Equity Plan and collaborate with historically underserved and disenfranchised communities to co-develop a meaningful strategy for the implementation of the Racial Equity Plan
 - Facilitate educational and outreach opportunities to support community members in learning their rights and understanding governmental resources and supports

SMART Goals (Specific, Measurable, Achievable, Realistic, Time-Based)

Goal 1 - Risk Manager: Implement a Countywide Electronic Incident Reporting System

Milestones and Tasks	Start	Progress (at Apr 1, 2022)	End
Evaluate Electronic Reporting System	Dec 21	100%	Dec 21
Select system and negotiate terms	Dec 21	100%	Dec 21
Enlist Pilot Department Participants	Jan 22	100%	Jan 22
Train Pilot users	Feb 22	100%	Feb 22
Implement Electronic Reporting with Pilot	Mar 22	100%	Mar 22
Evaluate System Usage	Mar 22	50%	July 21
Implement Electronic Reporting Countywide	July 22	0%	Aug 22

Board Goal: #4

Justice Goal: #4

Progress: 

Performance Assessment: The Electronic Incident Reporting system will allow all Orange County departments to move from individual department paper reporting to a app based system. It eliminates the need for paper, streamlines and expedites incident reporting, promoting accuracy, while saving time and resources.

Goal 2 - Food Council: Complete a Community Food Access Assessment and Develop a Report for County Leadership

Milestones and Tasks	Start	Progress (at Apr 1, 2022)	End
Form Design and Research Team	Oct 21	100%	Nov 21
Design Scope and Methodology	Nov 21	100%	Dec 21
Developed Community Input Framework	Jan 21	100%	Feb 21
Started Community Recruitment	Jan 21	80%	Feb 21
Identify County funding for food access investments	Dec 20	100%	Mar 22
Begin photovoice project	Jan 21	90%	April 22
Begin community consulting sessions	Mar 22	85%	May 22
Begin final report	May 22	0%	July 22

Board Goal: #2

Justice Goal: #4

Progress: 

Performance Assessment: Since beginning the project in October of 2021, the assessment design and research teams were built, around 70% of the required data has been collected, and 50% of the community consulting sessions have been completed.

Goal 3 - Human Rights & Relations: Decrease Average Case Processing Time by ensuring less than 25% of open cases are between 101 and 300 days old (excluding cause, systemic and novel/complex cases)

Board Goal: #3

Justice Goal: #1

Progress: 

Performance Assessment: While there are factors beyond the Human Rights & Relations division's control that influence the completion goal (e.g. delayed responses from complaining and responding parties, complaint amendments), the division intends to have the current caseload within the goal range by the conclusion of the second quarter of FY 2022-23 and to continue to operate within goal range from that point forward.

Budget Highlights

A decrease in Personnel Services for FY 2022-23 is attributed to the Jury Personnel master list construction process changing to be every year rather than every other year. Funding will be distributed across two years and will be \$4,500 per year in subsequent budgets.

Major Services

The County is required under section 74 of the NC General Statutes to provide space, equipment, and law books for the District Attorney's Office, Superior Court, the Clerk of Court and District Court.

Budget Highlights

The FY 2022-23 Manager Recommended budget contains the following changes from Base Budget:

Total Expenditure increase of \$56,522 based on increasing the Treatment Court Manager position to full time, and absorbing the Grant Compliance position from ARPA. Total Revenue increase of \$175,898 due to reconciling ABC Board's contribution to the increased costs of positions. The Net County Cost decrease is \$119,376.

The Manager Recommended Budget does not include funding for the following Department Requests:

None

Criminal Justice Resource Department Changes	Expenditure Increase / (Decrease)	Revenue Increase / (Decrease)	Net County Cost
Increase Drug Treatment Court Manager to full time, to be funded by ABC Board, along with reconcile ABC Board revenue to fund current costs of positions	\$ 27,262	\$ 175,898	\$ (148,636)
Absorb .5 FTE Grant Compliance position to General Fund from ARPA	\$ 41,758		\$ 41,758
Move UNC Pyschiatry Contract to MOE department to be administered by Alliance	\$ (25,000)		\$ (25,000)
Restore Travel & Training, plus slight increases in operational accounts	\$ 12,502		\$ 12,502
Net CJRD Changes	\$ 56,522	\$ 175,898	\$ (119,376)

Criminal Justice Resource Department – continued

Mission Statement:

The Criminal Justice Resource Department (CJRD) directly oversees and staffs the county's Pretrial Services program, two substance use treatment courts, three pre-arrest diversion programs, the CJRD Clinical Coordinator, the Youth Behavioral Health Liaison, the Restoration Legal Counsel office, the Lantern Project, the Street Outreach, Harm Reduction and Deflection (SOHRAD) Clinical Coordinator and serves as the Intermediary Agency for the Local Reentry Council. The CJRD seeks to support and increase jail alternatives, opportunities for deflection and diversion from the criminal justice system, and to provide treatment needs assessment, case management, harm reduction outreach and programming for justice-involved individuals with the objective of reducing the numbers of individuals diagnosed with mental illness and substance use issues in the legal system and in detention, safely and successfully reducing overall rates of pretrial detention, reducing recidivism and addressing racial and economic disparities.

Major Services

- Pretrial Services
 - o FY 2021-22 Highlights:
 - Led the Pretrial Working Group which finalized the comprehensive new Bail Policy for Orange County issued by Senior Resident Superior Court Judge Allen Baddour. This Policy adopted new policies to reduce inequities and ensure pretrial detention is reserved for individuals who present a risk to the community and/or will not return to court.
 - Worked with UNC School of Government's (SOG) Criminal Justice Innovation Lab to secure grant funding for ongoing evaluation of Orange County pretrial reforms and services.
 - o FY 2022-23 Highlights:
 - Receive SOG evaluation results to and continue practices that reduce unnecessary pretrial detention.
 - Work with the Pew Charitable Trust Foundation and court stakeholders on new policies and practices to improve appearance rates in court and reduce failures to appear.
- Treatment Courts
 - o FY 2021-22 Highlights:
 - Worked with BOCC to obtain additional ABC Board funding.
 - Maintained operations and support for individuals during a very challenging time for recovery.
 - o FY 2022-23 Highlights:
 - Incorporate harm reduction resources (fentanyl strips and naloxone kits) and education into the treatment courts.
- Restoration Legal Counsel
 - o FY 2021-22 Highlights:
 - Worked with DA's Office to provide Second Chance Act Relief (expungements) for 16 and 17 year olds convicted in Orange County prior to Raise the Age legislation.
 - Informed and initiated a new Ability to Pay practice for judges in assessing court costs and fees.
 - Provided ongoing education to the community about legal restoration opportunities for Orange County residents.

Criminal Justice Resource Department – continued

- o FY 2022-23 Highlights:
 - Work with newly-elected DA to continue Second Chance Act Relief.
 - Lead effort on new policies to reduce non-appearance rates in court.
- Pre-Arrest Diversion programs
 - o FY 2021-22 Highlights:
 - Hired two new staff for the Lantern Project, funded by NC DHHS grant.
 - Implemented two new diversion programs: Youth Diversion (diverting youth from the juvenile justice system) and The Lantern Project (pre-and post-arrest diversion for individuals with underlying behavioral health concerns and prior justice involvement).
 - Expansion of OC-PAD and the two new diversion programs to include more eligible offenses and low-level felonies.
 - o FY 2022-23 Highlights:
 - Ensure ongoing funding for the Lantern Project after 1/2023.
- CJRD Clinical Coordinator
 - o FY 2021-22 Highlights:
 - Provided clinical support for 6 case managers and social workers in the CJRD. Continued her invaluable work to justice-involved individuals.
 - Expanded and managed MSW intern program at CJRD
 - o FY 2022-23 Highlights:
 - Expansion of MAT induction at the Detention Center.
 - Develop therapeutic programming with OCSO for the new Detention Center.
- Youth Behavioral Health Liaison
 - o FY 2021-22 Highlights:
 - Tami Pfeifer (formerly ED of Boomerang) joined in this position and started Youth Diversion Program (YDP) in addition to her other clinical work with court-involved youth.
 - o FY 2022-23 Highlights:
 - Work with the JCPC to identify evidence-based programming for older adolescents at high risk.
 - Increase Restorative Justice referrals in youth and adult court.
- Local Reentry Council
 - o FY 2021-22 Highlights:
 - Awarded new three year LRC grant from N.C. Department of Public Safety.
 - Selected as one of the NC LRC pilot sites for funding for embedded peer support specialist.
 - o FY 2022-23 Highlights:
 - Expand peer support for individuals re-entering Orange County.
- Street Outreach, Harm Reduction and Deflection Program
 - o FY 2021-22 Highlights:
 - Secured county ARP funding for SOHRAD for this FY when grant funding ended.
 - Secured funding from Chapel Hill Town Council for 4th position for SOHRAD.
 - o FY 2022-23 Highlights:

Criminal Justice Resource Department – continued

- Secure shared ongoing funding for SOHRAD from county and municipalities.
- Other CJRD Services and Objectives:
 - o FY 2021-22 Highlights:
 - Administration of Justice Advisory Council and Behavioral Health Task Force.
 - Support and advocate for Crisis-Diversion Facility and Crisis Collaborative efforts.
 - Community education and outreach regarding justice programming, issues and reforms.
 - Provide Detention Center data and CJRD program outcomes for court and county stakeholders.
 - o FY 2022-23 Highlights:
 - Secure ongoing funding for SOHRAD and the Lantern Project.
 - Assist in recommendations for Opioid Settlement funds.
 - Collaborate with Alliance Health on issues related to justice-involved individuals with behavioral health needs.

SMART Goals (Specific, Measurable, Achievable, Realistic, Time-Based)

Goal 1: Increase by at least 20% from FY 19-20 the number of individuals diverted from the Orange County criminal justice system through CJRD Diversion programming.

Board Goal: #1

Justice Goal: #1

Progress: ●

Performance Assessment: The CJRD has added three new programs (two starting Nov 21) that incorporate diversion and this has resulted in a significant increase in the number of individuals being diverted and able to avoid the consequences of justice involvement. In addition, we have added harm reduction diversion in order to improve equitable opportunities for diversion.

Goal 2: Enhance stability for the justice involved through increasing by 10% from FY 20-21 the number of individuals who receive legal restoration services by the CJRD.

Board Goal: #1

Justice Goal: #1

Progress: ●

Performance Assessment: The Restoration Legal Counsel position has provided critical assistance to residents of Orange County through court costs and fees relief, justice debt assistance, expunctions, certificates of relief, and driver's license restoration. This attorney position has increased her policy work with court stakeholders to address court non-appearance and ability to pay policies.

Goal 3: Achieve county-wide reduction of pretrial incarceration rate by 10% from FY 19-20 through new FY 20-21 pretrial reforms and without a corresponding increase in failures to appear in court or violent crimes against the person.

Board Goal: #1

Justice Goal: #3

Progress: ●

Performance Assessment: Our pretrial detention numbers have decreased due to the efforts of many justice system stakeholders and new bail reforms. While the School of Government continues its year-long evaluation of our reforms, it is important to note that violent misdemeanor and felony charging rates and court non-appearance rates did not increase in 2021.

Mission Statement

The Department of Environment, Agriculture, Parks and Recreation (DEAPR) works to conserve and manage the natural and cultural resources of Orange County. Included within this “green infrastructure” are natural areas and nature preserves, open spaces, parks and recreation facilities, water resources, and agricultural and cultural resource lands. Consistent with the strong environmental and social ethic of

Department of Environment, Agriculture, Parks & Recreation – continued

the community, DEAPR also strives to bring environmental education, recreation, athletics and other programs to residents of the County - with a goal of promoting cultural, physical and natural stewardship. Along with equity, inclusion and well-being of County residents.

Administration Division/Services

- o FY 2021-22 Highlights
 - Completed Little River Regional Park coordination and partnership improvements, resulting in BOCC approved inter-local agreement renewal and new guidance documents.
 - Under contract to renovate Efland Cheeks and Cedar Grove Park basketball courts, as well as Fairview Tennis courts (Including Pickle Ball striping).
 - Planning for new potential mini-park.
 - Greene Tract public access and nature preserve planning.
- o FY 2022-23 Highlights
 - Special event requests are anticipated to increase, along with more reservations of park facilities and continued increase in the number of patrons to our parks and facilities, corresponding to an increase in revenue. Anticipate planning and implementation of large music festival at newly-opened Blackwood Farm Park.
 - Oversee and coordinate new Countywide Trails Plan efforts.

Recreation Division / Services

- o FY 2021-22 Highlights
 - Resumed in-person summer camps in summer 2021 with 603 enrollments in 68 camps. Camp operations were revised with COVID considerations in mind.
 - Reintroduced after School programming since suspending operations in March 2020 with an increased enrollment.
 - Implemented an in-person Preschool program twice per week for children ages 3-5-years-old with an age-appropriate curriculum to teach students numbers, letters, colors, rhythm, and science.
 - Resumption of youth athletic leagues at lower capacities due to COVID hesitancy and lack of access to school facilities resulted in a reduced volunteer corps than previous years. Volunteer coaches continue to contribute to successful youth sports programming by teaching fundamental sports skills and cultivating an atmosphere of fun competition and personal development.
 - Reopened Soccer.com center for rentals beginning August 2021. Previously due to covid-19 the Center has been closed since March 2020.
 - Efland-Cheeks Community Center and Cedar Grove Community Center have reopened for rentals beginning January 19, 2022.
- o FY 2022-23 Highlights
 - Projected expansion of the Preschool Academy program offer up to five days per week, half-day program based on expressed interest of parents and community.
 - We are estimating a return to close to normal participant levels and revenue at Soccer.com, Efland-Cheeks and Cedar Grove Community Centers.

Department of Environment, Agriculture, Parks & Recreation – continued

Natural and Cultural Resources Division / Services

The Natural and Cultural Resources Division coordinates efforts toward environmental protection and resource conservation, including Cultural Resources (Farmland, Historic and Archaeological Preservation) and Natural Resources (Air/Climate, Land and Water conservation). Division staff works on a variety of issues and projects to conserve lands that possess some combination of resources (or conservation values) that are highly important to Orange County residents. To implement resource conservation objectives in the Orange County Comprehensive Plan, some of those efforts are in partnership with interested landowners, non-government organizations, other County departments, Town government and volunteer advisory boards.

- o FY 2021-22 Highlights
 - o Operated The Lands Legacy Program with willing landowners and other partners to conserve high priority natural and cultural resource lands.
 - o Monitor Orange Well Net groundwater observation well network established by the County Findings inform the public and officials about groundwater issues.
 - o Participated in regional partnerships to promote and enhance water quality, including the Eno River Watershed Hydrilla Management Task Force to manage an invasive aquatic weed (Hydrilla) that has infested the Eno River watershed, and the Upper Neuse River Basin Association (UNRBA) effort to re-examine Stage II of the Falls Lake Nutrient Management Strategy.
 - o Pursued and investigated initiatives and research needed for the Commission for the Environment (CFE), and items or tasks referred to the Commission.
 - o Provided staff support to the Agricultural Preservation Board (APB) and Intergovernmental Parks Work Group.
 - o Supervised consultants and contractors in the design and development of parks and assist other departments with site planning, consultant selection and construction drawing documentation.
 - o Planned and provided environmental education information; programs and community events; adapted to virtual events as needed.
- o FY 2022 – 23 Highlights
 - o Acquisition of Mountains-To-Sea Trail route lands.
 - o Nutrient management reduction projects (IAIA).
 - o Fairview Landfill Mitigation.
 - Continue renovation and remediation of the Historic Blackwood Farmhouse at Blackwood Farm Park.
 - Participate in potential Countywide Trails Plan efforts.

Soil and Water Division / Services

The Orange County Soil and Water Conservation District offers technical, financial and educational advice to Orange County landowners and operators. We provide technical consultation on erosion control and water quality issues on agricultural farmland and non-agricultural lands.

- o FY 2021-22 Highlights
 - Provided technical and financial assistance to agricultural and non-agricultural land owners, conserving our natural resources.

Department of Environment, Agriculture, Parks & Recreation – continued

- The local ordinance authorizing the Voluntary Agricultural District program, which increases agricultural awareness and assists with farmland protection, was revised to align with statutory updates.
- The first annual Orange County Creek Week brings public awareness on the importance of clean and healthy waterways, and includes a DEAPR employee litter cleanup.
- o FY 2022-23 Highlights
 - Anticipate allocation of new State Covid Swine and Dairy funds for the closure of existing animal waste storage facilities.
 - Community Conservation Assistance Program (CCAP) cost-share funding was secured for a non-agricultural water quality improvement project adjacent to Bolin Creek with plans for implementation in fall 2022, and staff anticipate submitting applications for additional CCAP funds for future conservation projects.
 - Anticipate that stations will be completed at the Blackwood Farm Park Outdoor Learning Education Trail.

Parks Division / Services

The Parks Division's mission is to ensure the County's public parks, open spaces and facility grounds are maintained to an optimal level.

- o FY 2021-22 Highlights
 - Managed and maintain nine County Parks, one greenway and five future park sites as well as 27 different County facilities and grounds. Assisted Land Conservation Manager with the stewardship and conservation of County Nature Preserves and associated natural areas.
 - Maintained all play structures within County grounds to meet the National Playground Safety Institute, The National Park and Recreation Association and the American Society of Testing Materials standards and codes.
- o FY 2022-23 Highlights
 - Continue to manage and maintain county parks and public open spaces, including future park sites to a high level.
 - Maintain and manage the County's 27 existing facility grounds, along with any new added grounds and sites to a level commensurate with attractive, functional and native species at public locations.
 - Maintain all county playgrounds to meet national standards and codes.
 - Continue work to construct and add to the Mountains to Sea Trail in Orange County, and make other improvements and upgrades to existing parks as plans and funding allow.
 - Prepare for the opening of the newly-expanded Blackwood Farm Park.
 - Replacement of playground and repaving driveway at Little River Regional Park.
 - Implement grand opening of the newly expanded Blackwood Farm Park, now to be operating at full hours.

SMART Goals (Specific, Measurable, Achievable, Realistic, Time-Based)

Goal 1: Promote Ecologically-Sound Forest Management and Sustainable Forestry within Orange County by reaching 100 landowners with information about forest management plans, and have at least 10 create plans during FY 22-23.

Milestones and Tasks	Start	Progress (at Jul 1, 2022)	End	
Plan seminars with conservation partners	Mar 22	10%	Jun 23	Board Goal: #5 Justice Goal: #4 Progress:
Do outreach, publicize	Aug 22	0%	Dec 22	
Hold seminars on Forest Mgmt Plans	Sept 22	0%	Dec 22	
Work with Tax Admin to identify forestry PUV owners	Jan 23	0%	Mar 23	
Participate and present effort at Ag Summit	Feb 23	0%	Feb 23	
Assess number of new Forest Mgmt Plans	May 23	0%	Jun 23	

Performance Assessment: Plans for seminars should be nearing completion in July 2022, with outreach and publicity efforts beginning in August.

Goal 2: Recreation Division will invest in improvements to existing child-care programs of Preschool, After School, and Summer Camps in both quantity (increasing Preschool from 2- to 5-days per week, adding Teacher Workday Programming, and adding seats to After School) and quality (participant assessments, training, and infrastructure investments).

Milestones and Tasks	Start	Progress (at Jul 1, 2022)	End	
Implement school-readiness assessments for Preschool Academy participants	Oct 22	0%	May 23	Board Goal: #5 Justice Goal: #5 Progress:
Institute early-childhood training program for staff at all levels	Aug 23	25%	May 24	
Offer transportation to After School from 2 additional OCS schools and/or charter schools in OCS district	Aug 22	0%	Aug 23	
Reinstitute Teacher Workday programming	Aug 22	0%	Aug 23	
Acquire supplies and equipment to modify existing infrastructure to better fit early-childhood participants	Jul 22	15%	Aug 22	

Performance Assessment: Recreation Division is expecting this to be a long term goal, met in stages over time as resources allow. This plan allow for FY 22-23 to focus on more-easily achievable milestones while planning resource allocation for larger goals in future FYs.

Goal 3: Create safer play areas by replacing the existing playground surfaces at three County Parks (Central Recreation Center, Little River, Cedar Grove) with Recycled Rubber Tile Surfaces.

Milestones and Tasks	Start	Progress (at Jul 1, 2022)	End	
Select surfacing to industry standards	Fall 22	10%	Winter 22	Board Goal: #5 Justice Goal: #3 Progress:
Central Recreation Center - plan for and install new surface	Spring 22	5%	Fall 22	
Little River - discuss with Durham, install	Fall 22	0%	Fall 23	
Cedar Grove Park - plan for and install	Fall 23	0%	Spring 24	

Performance Assessment: Decisions on preferred surfaces should be nearing completion in July 2022, with preliminary work on the Central Recreation Center playground underway.

Debt Service

	2020-21 Actual Expenditures	2021-22 Original Budget	2022-23 Base Budget	2022-23 Department Requested	2022-23 Manager Recommended
<i>Debt Service (General Fund)</i>					
Principal - School Debt Service	11,094,248	17,104,313	17,104,313	15,241,042	15,241,042

Total Debt Service Expenditure	\$ 33,764,215	\$ 40,027,279	\$ 40,027,279	\$ 38,077,170	\$ 38,077,170

These funds repay principal and interest due on non-enterprise fund debt. This includes outstanding voter approved General Obligation (GO) bonds and other alternative financing issuances related to School and County capital projects.

Debt Management

Orange County's primary objective in managing the amount of debt issued to meet long-term capital needs is to keep the level of indebtedness within available resources. The Board has a longstanding Debt Management Policy that establishes parameters, procedures and other objectives related to debt issuance. A major benchmark included in the Policy provides for the County's annual non-enterprise fund debt service payments to be no more than 15 percent of the County's total General Fund revenues. Fifteen percent of the fiscal year 2022-23 Manager Recommended Budgeted Revenues equals \$38,324,375 compared to our anticipated debt service payments of \$38,077,170. The table below compares the County's current level of debt with the levels outlined in the Debt Management Policy.

County's Debt Level for Fiscal Year 2022-23			
	Per County's Adopted Debt Management Policy	Legal Debt Limit per NC General Statute	As Included in FY 2022-23 Recommended Budget
Annual Debt Service Payments as a Percentage of General Fund Revenues	No greater than 15%	N/A	14.90%
Total Outstanding Debt as a Percentage of Total Assessed Valuation	No greater than 3%	No greater than 8%	1.60%

Bond Ratings

Current bond ratings for the three rating agencies are as follows:

- Fitch – AAA
- Standards and Poors – AAA
- Moody's – Aaa

Budget Highlights

The FY 2022-23 Manager Recommended budget contains the following changes from Base Budget:

The Economic Development division is funded in the Article 46 Sales Tax Fund. Total expenditure decrease of \$77,719 based on use of department reserve balance for operations. Restoration of travel & training at pre-pandemic levels is offset with use of reserve balance.

Visitor's Bureau division expenditure increase of \$623,349 based on a return to pre-pandemic operations levels and initiatives to rebuild and maintain business and meetings travel. Total revenue increase of \$408,899 based on projected occupancy taxes. The recommended budget includes utilization of \$288,297 in fund balance.

Economic Development – continued

The Manager Recommended Budget does not include funding for the following Department Requests:

None

Budget by Division

Mission Statement

The Economic Development Department serves to diversify Orange County's local economy by promoting the growth, retention and recruitment of small and locally-owned businesses, local agricultural and food processing ventures, entrepreneurial innovation start-ups, and large business employers engaged in a variety of retail trades, hospitality centers such as hotels and restaurants, light industrial manufacturing, logistics distribution centers, research and commercial office development. The Department strives to identify specific business prospects in these strategic sectors which are determined to be desirable, growth-oriented, environmentally clean, that pay at or above the Orange County living wage, and offer health care and related employment benefits. The underlying goal is to achieve a net increase in retail and property tax revenues to the County, and employment opportunities for our residents.

Major Divisions/Services

Disbursement of Article 46 funds for the Small Business Grant & Agriculture Grant programs:

FY 2021-22 Highlights

- **Small Business Grant Program** disbursed approximately 30 grant awards from the annual allocation of \$150,000 to support small, locally owned businesses.

Economic Development – continued

- **Agriculture Economic Development Grant Program** disbursed approximately 13 grant awards from the annual allocation of \$100,000 that support Orange County's small farmers and food processors.

FY 2022-23 Highlights

- Market the Small Business Grant & Agriculture Grant programs and seek to increase the level of grant awards to women-owned and minority-owned small businesses and farms in the County.

Business Recruitment & Expansion Efforts

FY 2021-22 Highlights

- Thermo Fisher Scientific announced a \$192.5 million investment and 200 new jobs to build a large life science manufacturing facility in the Buckhorn Economic Development district.
- Provided assistance to 2 commercial & industrial development firms that are establishing 3 new business parks in the Buckhorn Economic Development District.
- Collaborated with the 3 Towns' economic development staff, 2 Chambers of Commerce, the LAUNCH innovation center, UNC, the Chapel Hill Downtown Partnership, and other local economic development allies to promote employment and revenue growth.
- Provided a leading role in the County's Long Term Recovery & Transformation Plan efforts to implement key economic support function strategies (ESF-1).

FY 2022-23 Highlights

- Seek ways to implement the County's Racial Equity Lens into department operations.

Chapel Hill/Orange County Visitors Bureau

Mission Statement

The mission of the Chapel Hill/Orange County Visitors Bureau is to develop and coordinate visitor services in Orange County and to implement marketing programs that will enhance the economic activity and quality of life in the community.

Major Divisions/Services

Fulfill inquiries of potential visitors and business travelers

FY 2021-22 Highlights

- 1,918 inquiries and requests for tourism information on Orange County
- 450,000 attendees at Orange County attractions

FY 2022-23 Highlights

- Increase to 3,000 inquiries and request for tourism information on Orange County
- Increased to 550,000 attendees at Orange County museums, festivals, events, sports.

Increase number and variety of leads to hotel properties with meeting space

FY 2021-22 Highlights

- 65 leads generated
- 16 total bookings

Economic Development – continued

2022-23 Highlights

- Increase to 85 leads generated
- Increased to 40 confirmed bookings

Publish updated visitor guides, maps and restaurants information

FY 2021-22 Highlights

- Published a 2021 “Rediscover Orange County” Visitor Guide/Small print run
- Updated restaurants and published dining guide

FY 2022-23 Highlights

- Create new 2023 Visitor Guide with an increased print run to meet new demand
- Create new visitor map in sufficient quantity to meet growing requests

Increase diversity in tourism and convention programming

FY 2021-22 Highlights

- Created photo and video library with diverse imaging for tourism publications
- Created a list of Black-owned businesses to add to website and distribute in to inquiries

FY 2022-23 Highlights

- Produce a hospitality and business website that highlights diverse leadership, businesses, events, history.
- Re-secure the annual Black Alumni Reunion in Orange County after losing it to Durham County in 2021.
- Weekly and Monthly newsletters to Orange County constituents

FY 2021-22 Highlights

- Produced 48 editions of Orange Slices weekly newsletter to communicate with constituents on what is taking place in Orange County.
- Produced 12 “By the Numbers” newsletters to update constituents on key metrics in demand, hotel occupancy, tourism related developments.
- Produced 12 “Check It Out” newsletters on events and restaurant happenings in Orange County.

FY 2022-23 Highlights

- Will produce 48 editions of Orange Slices weekly newsletter to communicate with constituents on what is taking place in Orange County.
- Will produce 12 “By the Numbers” newsletters to update constituents on key metrics in demand, hotel occupancy, tourism related developments.
- Will produce 12 “Check It Out” newsletters on events and restaurant happenings in Orange County.

SMART Goals (Specific, Measurable, Achievable, Realistic, Time-Based)

Goal 1: Support Orange County NC Cooperative Extension staff in updating local food and agriculture data to reflect COVID impacts and developing a local food and agriculture community and economic development plan.

Milestones and Tasks	Start	Progress (at Jul 1, 2022)	End
Administer Ag Economic Development Grants in partnership with NC Extension Office	Jul 22	0%	Jun 23
Provide support and feedback to NC Extension staff in their development of a Program Statement and Outline of Concept Ag Economic Development Plan	Jul 22	0%	Jun 23
Review data developed by NC Extension staff from growers and food system interviews and surveys toward the development of an Orange County Ag Census	Jul 22	0%	Jun 23
Meet at least quarterly with NC Extension staff throughout FY23 to review and discuss these initiatives	Jul 22	0%	Jun 23

Board Goal: #2

Justice Goal: #2

Progress: ●

Performance Assessment: This goal is in support of Orange County NC Cooperative Extension efforts to increase market opportunities for local growers and food system businesses and involvement by policy-makers, funders, research and advocacy stakeholders

Goal 2: Increase hotel occupancy tax by 5% through sales and marketing programs.

Board Goal: #2

Justice Goal: #2

Progress: ●

Performance Assessment: The Visitors Bureau has created strong destination tourism campaigns. These campaigns are running in meetings and conference publications and social media platforms; on leisure travel platforms. In addition, the Visitors Bureau has created a new Welcome Center designed to help visitors navigate the new economy.

Goal 3: Create an online Business Directory and a list of Orange County Businesses and relevant services to assist Orange County and our allied economic development partner organizations to notify businesses of financial program availability.

Milestones and Tasks	Start	Progress (at Jul 1, 2022)	End
Utilize prior Grant Applicants and existing contracts through County financial assistance programs.	Jul 22	0%	Sept 22
Collect and review existing Town/Chamber of Commerce lists	Oct 22	0%	Dec 22
Gather and review Orange County Register of Deeds database	Jan 23	0%	Mar 23
Retrieve and review Business Incorporation records from NC Secretary of State	Apr 23	0%	Jun 23

Board Goal: #2

Justice Goal: #2

Progress: ●

Performance Assessment: Beginning in July, 2022, on a quarterly basis, the Economic Development Department will review, research and record into a new database subsequent businesses that are identified. Our department will utilize existing resources (Secretary of State, Register of Deeds, Chamber of Commerce Member Directory, etc.) to document, in one location, currently identified and other business entities that exist in the County.

⁽¹⁾ The FY 2022-23 Manager Recommended budget includes contracted payments for the costs of supplying a Nurse in every school in both CHCCS and OCS, as well as supplying School Resource Officers in the middle and high schools in both CHCCS and OCS.

Note: In addition to the funding outlined here, in fiscal year 2022-23 Chapel Hill-Carrboro City Schools anticipate receiving approximately \$25,091,512 million from its special district tax proceeds.

Local School Systems

In North Carolina, each county is responsible for supplementing state and federal appropriations to public education. Local current expense appropriations are allocated to each school system based on an equal amount per pupil. In addition, counties provide funds to each system for recurring and long-range capital projects. School systems in North Carolina do not have separate taxing authority and are not allowed to issue debt for school construction and renovation projects. Therefore, issuance and repayment of long-term debt, such as general obligation bonds and private placement loans, are the

Education - continued

responsibility of county government. Many school units in the state also have special district taxes. These voter-approved taxes, levied within the unit's boundaries, further supplement county funding.

Student Enrollment Projections

In accordance with North Carolina General Statutes, the State Department of Public Instruction (DPI) certifies the estimated number of students who will attend public school in each district during the next academic year. These numbers are available to the Boards of Education and Board of County Commissioners in March or April of each year and are often referred to as the March ADM (Average Daily Membership) numbers. DPI allows counties to modify these totals to incorporate the number of students residing in each district who are expected to attend charter schools the following academic year. The resulting total projected student populations for each system are multiplied by the per pupil appropriation approved by the Board of County Commissioners to determine the total current expense appropriation for each district.

- Student Enrollment Projections for the Orange County Schools**

Based on DPI projections, the Orange County School district enrollment for fiscal year 2022-23 totals 7,182, a decrease of 18 students from the March 2021 projections. The district continues to experience a growing number of charter students, with a current enrollment of 951 students, as of March 2022, which represents an increase of 32 students. Out of district students are budgeted at 110 students. This brings the total district enrollment to 8,023 for FY 2022-23.

- Student Enrollment Projections for the Chapel Hill-Carrboro City Schools**

The Chapel Hill-Carrboro City School District DPI projections total 11,466, a decrease of 982 from the March 2021 projections. Charter students are budgeted at the current enrollment of 205, as of March 2022, which represents an increase of 49 students. Out of district students are budgeted at 229 students. This brings the total district enrollment to 11,442 for FY 2022-23.

Education - continued

Current Expense

As stated earlier, local current expense funding supplements State and Federal funds received by each district for the operation of the schools. North Carolina law requires boards of county commissioners to provide equal per pupil appropriations to each system in counties that have more than one school administrative unit, as is the case in Orange County.

It is important to note that the Chapel Hill-Carrboro City School system also receives proceeds from a special district tax approved many years ago by the voters of that district. At this time, the Orange County School system does not have a similar taxing authority.

The recommended fiscal year 2022-23 budget provides a total of \$93,578,782 in current expense funding or an increase of three percent (3%) or \$4,225,595 over the FY201-22 current expense budget. Of that increase, \$1,500,000 represents a continuation of additional funding intended to help reduce the achievement gap and support the mental health needs of students. The resulting per pupil amount for each of the 19,465 students in the two school systems is \$4,808 which represents an increase of \$441 per pupil over FY2021-22.

- **Current Expense Funding for the Orange County Schools**

The recommended budget increases the current year funding level by \$3,154,530 and brings the total appropriation in current expense funding to \$38,570,900.

- **Current Expense Funding for the Chapel Hill-Carrboro City Schools**

The recommended budget increases the current year funding level by \$1,205,157 and brings the total current expense funding for the District to \$55,007,882.

- **District Tax – Chapel Hill-Carrboro City Schools**

The special district tax rate for the Chapel Hill Carrboro City Schools is recommended to remain at the revenue neutral tax rate of 18.30 cents per \$100 assessed value for FY 2022-23. Each penny on the Chapel Hill-Carrboro district tax rate for fiscal year 2021-22 is expected to produce \$1,363,791. Anticipated revenue from this special tax is estimated to generate approximately \$2,031.54 per student for the district. Projected revenue from district tax proceeds for fiscal year 2022-23 totals approximately \$25,091,512.

School Health and Safety Contracts

The FY 2022-23 recommended budget includes funds totaling \$3,738,485, outside of the per pupil funding, to cover the costs of School Resource Officers in every middle and high school, and a School Health Nurse in every elementary, middle, and high school in both school systems with a 3% increase over the FY 2021-22 total. These services are provided through a contractual agreement with both school systems to provide these safety and health initiatives.

Recurring Capital

Recurring capital outlay funding supports Category I (facility improvements), Category II (equipment and furnishings), and Category III (vehicles and bus purchases) expenditures. The equal per pupil allocations required by law for current expense appropriations are not applicable to this category of local school funding.

Education - continued

For fiscal year 2022-23, the recommended budget provides total funding for recurring capital at \$3.0 million. This amount is distributed to each district based on its share of the total number of students. Of the total, recurring capital for the Chapel Hill-Carrboro City Schools equals \$1,763,400 and Orange County Schools' allocation is \$1,236,600. A combination of pay-go funding and debt financing is utilized in FY 2022-23.

Long-Range Capital and School Capital Projects

The County plans and programs long-range school capital funding through the County's Capital Investment Plan (CIP). Projects are funded by a combination of State and local bonds, non-bond financing and pay-as-you-go funding sources. The latter includes dedicated half-cent sales tax revenues and property tax earmarked under the Board's Capital Funding Policy. The recommended budget for FY 2022-23 includes \$2,502,680 for Chapel Hill-Carrboro City Schools and \$1,755,066 for Orange County Schools, for a total of \$4,257,706. Instead of funding the long-range capital from pay-as-you-go funds, debt financing will be utilized in FY 2022-23, as it was in FY 2021-22.

Debt Service

These funds repay principal and interest due on School related debt, including general obligation bonds and private placement loans.

Durham Technical Community College (DTCC) – Orange County Campus

The Orange County Satellite Campus of Durham Technical Community College, located at the Waterstone Development located just south of Hillsborough off Highway 86, opened in May 2008.

As with local school districts, counties in North Carolina are responsible for supplementing state and federal appropriations to community colleges. For the most part, counties are responsible for day-to-day operating costs such as utilities, security and custodians. Counties are not responsible for teaching staff.

The FY 2022-23 Manager Recommended budget provides a total of \$1,218,905 to DTCC. This includes current expense funding of \$809,405, recurring capital of \$75,000 and debt service of \$264,500. DTCC's FY 2022-23 requested amount included \$200,000 for 200 scholarships for Orange County residents attending DTCC, \$70,000 for small business support, as well as \$50,000 to support unemployed and underemployed residents in Back-to-Work courses. The recommended budget includes funding the entirety of the requested \$320,000 through Article 46 Sales Tax proceeds instead of through Current Expense.

**CHAPEL HILL-CARRBORO CITY SCHOOLS**

750 S. Merritt Mill Road
Chapel Hill, NC 27516

April 21, 2022

Distinguished members of the Orange County Board of County Commissioners:

We are proud to present the 2022-23 Chapel Hill-Carrboro City Schools proposed annual financial plan. This plan for student, staff and community excellence is designed to demonstrate our ongoing commitment to these key areas:

- Keeping equity at the center of all that we do and all that we are.
- Developing a data-driven culture.
- Utilizing strategic planning to inform our work.

In presenting this plan, CHCCS positions itself as a leader in strengthening employee compensation, as well as recruiting and retaining top quality staff across all employee groups. In public education, our greatest asset is our people, and at the Board's guidance and direction, we intend to make good on our commitment to rewarding employees for their invaluable contributions, dedication, and service to students, families and our community as a whole.

Within the following pages, you'll also see proof of our equity-centered moral compass. In CHCCS, equity is neither a program nor an initiative. It's a lens through which we unapologetically plan and act. This plan provides a pathway toward removing the systemic barriers to a welcoming, affirming and high-quality learning environment for all 12,000 of our wonderful students. With your support, we can address achievement, attitude, access and opportunity gaps, and enhance our standing as a first-choice destination for current and future generations of highly motivated and top-quality educators and support staff.

How did we arrive at this plan? Many representatives of our schools and the communities they serve were asked to get involved. For example, principals engaged their School Improvement Teams to identify and prioritize needs. Principals then collaborated with one another to develop needs-based presentations that demonstrated in specific detail what will best support students as they progress from elementary to middle to high school. CHCCS department-heads, leaders and cabinet members also communicated with one another to bring forward new ideas for districtwide improvement. Together, these efforts formed the foundation of what we share today.

We now invite you to examine this plan, and we are eager to join you in the public review process that is so crucial to fiscal responsibility and public transparency. On behalf of our staff, students, families and community, thank you for your continued service as dedicated visionaries and stewards of Chapel Hill-Carrboro City Schools. Together, we will ensure that every student

has the academic and social-emotional support that they need to generate ideas, solve problems, achieve new levels of excellence, and change the world.

Sincerely,

A handwritten signature in black ink, reading "Nyah D. Hamlett". The signature is written in a cursive style with a large, stylized "N" and "H".

Nyah D. Hamlett, Ed. D.
Superintendent

Board of Education's Proposed Financial Plan for FY 2022-23

The following narrative details requests within the FY 2022-23 Board of Education's proposed financial plan presented to the Board of Education in March 2022. It is broken up into several sections to provide information related to continuation costs and expansion requests. Each budget item proposed includes a narrative to connect the item to our shared goal of student, staff, and community excellence.

Student Data

The District's financial planning process begins by carefully considering enrollment projections for the upcoming year. State enrollment projections ultimately determine both State and local funding levels. As of this writing, we have received preliminary State projections of student enrollment. For this request's purposes, the District has estimated that enrollment will be at 11,466 Average Daily Membership (ADM). Out of district student enrollment is projected at 229 ADM. Current charter school enrollments total 205. The net result of the projected 11,466 ADM, less the 229 out of district students, plus the 205 charter school students provides a total budgeted student estimate of 11,442 ADM. Actual 40th Day Enrollment for the 2021-22 school year was recorded at 11,412.

Continuation Budget

The pandemic has created a high level of uncertainty in our economic future regarding Federal, State and local funding. Strong local funding support is required for CHCCS to improve upon high levels of service for all students. The foundation of that local support is found in the continuation portion of the Local Operating Budget. This portion represents the expenses required to be able to continue providing the existing level of services and standards of education in the upcoming fiscal year.

Salaries and Wages

\$1,155,000

On Nov. 18, 2021, the State of North Carolina adopted a biennial budget that included several salary and wage increases affecting the continuation portion of the upcoming fiscal year's budget. The District has included a 2.5% increase across the board in salaries and wages in the continuation budget to align with the State mandated raises. The increase amounts to a \$470,000 increase for certified salaries, a \$380,000 increase for classified wages, and a \$305,000 increase for the local supplement.

Additionally, the District remains fully committed to its partnership with Orange County Living Wage to create a more just and sustainable local economy. As a living wage certified employer, the District is required to certify eligibility every two years. The Orange County Living Wage is \$15.85/hour for the calendar year ending Dec. 31, 2022, which corresponds with the end of the district's two-year certification. The 2.5% increase contained in the continuation request is adequate to keep the District at pace with the annual Orange County Living Wage increases and in compliance with the \$15.85/hour minimum for the calendar year.

Benefit Increases

\$1,215,000

Federal and State legislation establishes employer-required matching rates and annual employer health insurance premiums. Together, these changes require adjustments to our local operational plan as the District must match benefit increases for the local portion of teacher salary increases and for all locally-paid employees. The Federal Insurance Contributions Act (FICA) rate is expected to remain at 7.65%, but to account for the 2.5% projected increase in salaries and corresponding supplements, an increase of \$90,000 is included for FICA matching. The State's biennial budget also included increases to the Teachers and State Employees Retirement (TSERS) Program Matching and Employer Sponsored Health Insurance Costs for each employee. The biennial budget includes an increase to 24.19% from 22.89% in

the matching TSERS rate and an increase to \$7,397 from \$7,019 for the Employer Health Insurance Cost of each employee. The resulting budget increases were \$860,000 for State Retirement Matching and \$265,000 for Employer Health Insurance Cost. Together, these combined increases in salaries, wages, and matching benefits total \$2,370,000.

Continuation Budget Summary

The continuation budget is composed of salary, wage, and benefit increases that total \$2,370,000. Salary and wage increases were included to match the action taken in the State of North Carolina's budget. Matching benefit rate increases were also included in the State's budget. Therefore, the continuation budget had to account for the rate increases as well as the previously mentioned salary increases. The continuation budget, which incorporates these increases, reflects the amount of additional funding necessary to continue current operations. It is budgeted in total at \$2,370,000, which equates to \$194 per pupil.

Expansion Budget

The expansion budget represents expenditures that require additional funding beyond the base funding of the prior year budget and the requested continuation costs. These requests would be recurring costs beyond their initial implementation. The Board of Education received many budget requests throughout the budget development process. Every budget request identified important needs, but in the wake of the pandemic our people must be our core focus. 2021 brought unprecedented changes in the fundamental relationship between employees and their work.

During the calendar year 2021 the entire country witnessed "The Great Resignation". This paradigm shift in the labor market has resulted in high turnover and rapidly changing employment conditions. These changes have occurred in all industries, but these issues have been further exacerbated in the already under-funded area of public education. The District now finds itself competing for an ever-shrinking pool of qualified education workers while simultaneously making every effort to retain existing staff in the highly competitive Research Triangle market.

Implementation of the Classified Employee Compensation Study \$3,350,000

In the fall of 2021, Evergreen Solutions, LLC (Evergreen) was retained by Chapel Hill-Carrboro City Schools (CHCCS) to conduct a classification/compensation study for all classified employees. Classified employees are employees who do not hold a professional education certificate (i.e. teaching or administrator license) or are employed in a position that does not require such a certificate. Examples of this occupational group include but are not limited to: Teacher Assistants, Custodians, Bus Drivers, Child Nutrition Associates, School Treasurers, Data Managers, Skilled Tradespeople, Administrative Assistants and Human Resources/Finance/Information Technology Professionals. This analysis provided the District leadership and management team invaluable information related to classified employee demographics, current compensation practices, market data, as well as internal and external inequities.

This study informed the District on how to best match pay to the market, create fair and equitable pay practices for internal compensation, remove wage compression, and ensure the District has an equitable program for administering compensation in the future. Notable findings from the study are summarized below:

- CHCCS does not have a well-defined, current classified pay structure that can be utilized to compare average pay to the market. Therefore, comparisons were instead made by comparing the actual rate of pay for CHCCS employees vs. the market ranges to see where employees fall.
- Employees generally did not compare favorably to the market ranges. CHCCS employees fell, on average, slightly above the minimum of the market pay ranges.

- There were only five positions total (out of 84) that returned pay rates above the market average pay for market peers.
- 34 classifications had a current actual average pay that was below the market minimum for that position.
- The remainder of positions with data had average pay that was above the market minimum but below the market midpoint.
- Typically, average actual pay would come in around the market midpoint in an environment with competitive pay and with full proficient pay. Any single classification being below the midpoint is not cause for alarm since a number of factors can influence individual pay. However, the overall average pay for CHCCS does appear to be below market.

The study produced several options to address the identified findings. The options range from the closest step approach, which would place all classified employees in the new structure but remaining at the closest pay step to where they are currently paid, to the next step placement, which would place employees in the new structure and bring them up to where they would expect to be in their respective market range based on experience levels. The capped approach offers a medium between both approaches that would apply a cap to any adjustments at five steps, thus reducing the overall cost of implementation but leaving some compression unaddressed.

Type	Salary Cost	Employees	Average	% of Payroll	FICA	Retirement	Total Cost
Closest Step	\$ 316,411.76	611	\$ 517.86	1.7%	\$ 24,205.50	\$ 76,255.23	\$ 416,872.49
Class Years Placement	\$ 2,147,718.19	611	\$ 3,515.09	11.5%	\$ 164,300.44	\$ 517,600.08	\$ 2,829,618.72
Next Step Placement	\$ 2,544,330.98	611	\$ 4,164.21	13.7%	\$ 194,641.32	\$ 613,183.77	\$ 3,352,156.07
Capped Approach	\$ 1,332,782.64	611	\$ 2,181.31	7.2%	\$ 101,957.87	\$ 321,200.62	\$ 1,755,941.13

- **Closest Step** – places employees in the newly recommended ranges at the closest step (rounding up). This is the least expensive option to “turn on” the newly recommended system.
- **Class Years Placement** – places employees in the plan on the basis of their time in current classification. This would grant one step for each year of service in their current class title.
- **Next Step Placement** – places employees in the plan on the basis of their current step placement. Preserves all steps that employees have gained thus far, and grants one additional step for a year of service in 2022.
- **Capped Approach** – places employees in the plan using the “Next Step” placement, but caps increase to a certain number of steps. Costs shown are for a cap at a five-step increase, but could be adjusted.

It is a core value and fundamental belief of the District that our people are critical to every aspect of our core mission of our students’ education and success. The increased turnover rates, pervasive vacancies, existing wage compression, and the severity of the market pay deficiencies that exist in the classified employee occupational group require an ambitious and courageous approach to prioritize the people who move our district forward. The “Next Step Placement” approach, with an implementation cost of \$3.35 million, will ensure classified wages are equal to or exceed market comparisons to retain and secure high-quality classified employees. The District believes that classified employees are an essential and integral part of educational outcomes and synergy in schools. Without appropriate classified employee compensation, the level of services provided to our students will ultimately diminish.

Increase in the Certified Employee Local Supplements

\$1,850,000

Historically the District’s certified Supplements have been among the highest offered in North Carolina and have been competitive with districts such as Wake, Durham, Charlotte/Mecklenburg, and New

Hanover. Recently, the aforementioned districts have begun to outpace CHCCS by aggressively increasing their beginning supplement rates. The North Carolina adopted biennium budget included an allotment of Supplemental Funds for Teacher Compensation. In December of 2021 the Board of Education took action and utilized these additional State funds to raise all certified supplement bands by 1%, bringing certified Employees with experience of 0-19 years from 16% to 17%, for certified Employees with experience of 20-24 years from 20% to 21%, and for certified Employees with experience of 25+ years from 25% to 26%.

The District is experiencing unprecedented levels of turnover and vacancies, as well as increased absenteeism in its certified staff. An additional increase in the certified supplement rates from 17% to 20% for employees with experience from 0-19 years, from 21% to 23% for employees with 20-24 years' experience, and from 26% to 27% for employees with 25+ years' experience is necessary to stabilize the schools, protect the continuity of instruction, and both attract and retain highly-qualified teachers and other certified staff.

The District currently employs approximately 1,200 certified teachers and instructional personnel. Of this population, 860 certified personnel reside in the 0-19 years of service band and are eligible for the 17% supplement. 165 are between years 20-24 and receive the 21% supplement. The remaining 170 have completed 25 or more years of service and are paid at the 26% supplement. Using the distribution of certified personnel described earlier, a simple cost analysis has been done on raising the supplement 1% in each of the District's certified supplement bands:

- The rate increase from 17% to 20% in the 0-19-year band will cost approximately \$1.51 million, including matching benefits. This equates to approximately \$504,000 for each 1% raise in the supplement percentage.
- The rate increase from 21% to 23% in the 20-24-year band will cost approximately \$220,000, including matching benefits. This equates to approximately \$110,000 for each 1% raise in the supplement percentage.
- The rate increase from 26% to 27% in the 25+ year band will cost approximately \$118,000, including matching benefits.

Distribution of Certified Employees Across Supplement Bands

Exceptional Children Additional Supplements

\$275,000

The District's Exceptional Children (EC) Department is also experiencing unprecedented turnover and staff vacancies. As a result, the Board of Education directed District Administration to include an expansion item that provided additional incentives to certified staff in the EC Department. Currently, certified staff working in EC are paid at the district wide certified supplement rate. This expansion request item is for an additional 2.5% supplement for all EC certified staff. This request also contains another 2.5% supplement for EC certified staff working with students in adapted curriculum (extended content standards) classrooms, creating a 5% supplement for this employee group. The total cost of the additional supplements included in this expansion budget request is \$275,000.

6 Weeks of Paternity Leave

\$630,000

Parental leave would provide multiple important benefits for our employees, their families, and children. Providing paid parental leave will assist the District in enhancing the employee experience. Parental leave supports parent-child bonding, improves children's outcomes, and may increase gender equity in the workplace. Historical data was used to determine an average of 75 employees annually were on FMLA for the birth of a child or adoption. We recommend providing parental leave supplemental income for up to six weeks at 100%. This will help the District provide a competitive benefit to attract and retain our teaching staff. Using the historical data, the estimated cost incurred from this benefit would be \$630,000.

Expansion Requests Summary

The expansion budget totals \$6,105,000. The District feels that the implementation of the classified employee compensation study, the increase in the certified employee local supplements percentage, additional EC certified supplements, and 6 weeks of paid paternity leave will reposition the District in the labor market to effectively retain the incredible staff we already have and recruit highly-qualified candidates for the vacant positions that have left gaps in the District's services. The ability to maintain a stable and adequate workforce is paramount to the District's ability to provide a high-quality educational experience. Our expansion budget aligns with our core mission of valuing its people so our students have the greatest opportunity to be successful.

Revenues

The Superintendent's proposed budget includes several changes in revenue sources such as interest revenues and the Special District Tax. Estimates indicate a revenue decrease of \$25,000 for next year as a direct result of the reduction in interest rates on the District's funds held in the NC State Treasurer's Short-Term Investment Fund (STIF). The budget also includes an estimated increase of \$335,000 in revenues from the Special District Tax. The net of these changes provides an additional \$310,000 available in the local budget.

Fund Balance Appropriated

When the District does not spend all of its local revenue in the current fiscal year, the excess carries over into the next budget year is what is known as "fund balance." The current estimate of fiscal year end local unassigned fund balance is \$12 million before any fund balance is appropriated to balance the FY 22-23 local operating budget. This is approximately \$7.5 million above the District's minimum target of 5.5% or \$4.5 million. The District historically has appropriated fund balance to balance the current local operating budget. Over the past few years, that amount has varied as the Board and District has

appropriated funds for various reasons. To date, the District has appropriated a total of \$5.5 million in fund balance in its amended FY 2021-22 local operating budget. At this time, this budget request does not include any appropriation of local fund balance.

Summary FY 2022-23 Budget Request

\$8,165,000

The District's overall local funding request is designed with the express purpose of prioritizing the people who push our District forward and maximize the opportunities for our students' success. Continuity, retention of qualified staff, and reducing gaps left by vacant positions will greatly lessen the burden of the challenges that may arise. This local operating budget request will enable us to fairly compensate our people for the work they have done and continue to deliver. It will ensure the District remains a top-choice destination for prospective employees.

Our continuation request of \$2,370,000 accounts for increases in salaries for certified and classified staff that are only a portion of our efforts to retain the highly-qualified staff who will sustain the success of our District. Our two Expansion requests of \$6,105,000 will further position the District as a leader in strengthening employee compensation, as well as recruiting and retaining top quality staff across all employee groups.

The grand total for all of these requests is \$8,475,000. After accounting for the expected net increase in local operating revenue of \$310,000, the total remaining increase to be requested is \$8,165,000. This would correlate to an increase of \$714 per pupil, based on NCDPI's projected ADM for the fiscal year.

Additional Identified Needs Not Included

\$2,170,950

The overwhelming needs identified during the budget process focused primarily on the immediate and urgent staffing issues facing the District. For this reason, the Superintendent's Proposed Financial Plan focuses solely on the needs of our people. However, the budget process seeks involvement of a number of key stakeholders and allows many critical voices to be lifted up. As a result, several additional requests were identified at the school and departmental level. In the current structure, these requests would go unfunded in the local operating budget for next fiscal year, unless revisions are made to the plan. These items have been included below to highlight additional needs beyond the immediate staffing needs presented in the Superintendent's Proposed Financial Plan:

- **Magnet Coordinator** - Our three Magnet/Dual Language schools requested the allocation of a Dual Language Coordinator position to serve as the liaison between the relevant District departments and the three schools. The estimated cost of this full time equivalent (FTE) is \$100,000.
- **Elementary Interventionists** - A full-time certified interventionist position in each elementary school that would support students in both reading and math. With a 10-month position, each interventionist on average would cost approximately \$90,750 per year in salary and matching benefits. The estimated cost of these additional 11 FTE is \$998,250.
- **Explore VISA Sponsorship** - The District must be able to retain the Dual Language staff in whom it invests significant time, money, resources, and relationships. The District estimates the cost of applications, permits, fee, and legal services to be \$10,000 per FTE. Initial implementation would be limited to five available slots. The estimated cost to the District is \$50,000.
- **Spanish Interpreters** - Two full time Spanish interpreters for all middle schools based at Culbreth Middle School. With a 10-month position, each interpreter on average would cost approximately \$62,250 per year in salary and matching benefits. The estimated cost of these additional two FTE is \$124,500.

- **Move all Middle School Counselors to 11 months** - The current allotment is two counselors at each middle school. These positions are currently all 10-month positions. This would require an additional eight months of employment. The total estimated cost to the District is \$66,000.
- **Move all Instructional Coaches to 11 months** - The current allotment is two at each elementary school, two at each middle school, and one at each high school. All currently allotted instructional coaches are at 10 months. This change would require an additional 33 months of employment. The estimated cost for these additional months is \$272,250.
- **Additional .5 MTSS Coordinator Allotment for Middle Schools** - The current approved allotment for middle MTSS coordinators is .5 FTE. An additional .5 allotment would make each position a full FTE. This would require an additional 2 FTE (.5 at all 4 middle schools). The estimated cost to the District for this additional allotment is \$181,500.
- **Two Additional MOE for Athletic Directors** - The current allotment is an 11-month athletic director at each high school and two 10-month athletic directors shared at the middle schools. This would make high school athletic directors 12-month employees and middle school athletic directors 11-month employees. This change to the current allotment formula would require an additional five months of employment; two for the middle schools and three for the high schools. The estimated cost for these additional months is \$33,000.
- **Two Additional MOE for High School Athletic Trainers** - Athletic Trainers are currently 10-month employees. There is a need to employ them for athletic events that take place during the summer. This change to the current allotment would require an additional two months of employment at each comprehensive high school and the estimated cost is \$43,200.
- **9th Grade Transition Program** - This program provides Social and Emotional Learning (SEL) support for 9th graders prior to the beginning of the school year and throughout the 9th grade year. Students are grouped with 11th/12th grade mentors who conduct SEL check-ins. Implementation at each of the District's three comprehensive high schools is estimated at \$10,000 per school. The estimated cost is \$30,000.
- **High School Reading Teacher Allotment Formula** - The current allotment for high school reading teachers is one FTE per comprehensive high school. This change to the current high school allotment formula from one to two reading teachers would require an additional three FTE. The total estimated cost of the three additional FTE is \$272,250.

**Board of Education's Proposed Local Financial Plan
For the Budget Year 2022 - 2023**

	<u>Total Cost</u>	<u>Per Pupil Cost</u>
<u>STUDENT ENROLLMENT PROJECTIONS:</u>		
October 2021 NCDPI Enrollment:		11,442
<u>LOCAL CURRENT OPERATIONS CONTINUATION BUDGET</u>		
Salary and Benefit Costs:		
Estimated Increase to Salary and Supplement Costs		
Certified Staff Salary Increase (2.5% Increase)	\$ 470,000	\$ 41.08
Classified Staff Salary Increase (2.5% Increase)	380,000	33.21
Local Supplement Increase (2.5% Increase)	305,000	246.66
Total Estimated Increase to Salary and Supplement Costs	1,155,000	100.94
Estimated Increase to Employer Matching Benefit Costs		
Matching Social Security and Medicare (7.65%)	90,000	7.87
Matching State Retirement (Increase from 22.89% to 24.19% projected) (Fixed)	860,000	75.16
Premium Increase in Health Insurance Cost from \$7,019 to \$7,397 (Fixed)	265,000	23.16
Total Estimated Increase to Employer Matching Benefit Costs	1,215,000	106.19
Total Increase to Salaries and Benefits	2,370,000	207.13
Total Local Current Operations Continuation Budget	\$2,370,000	\$ 207.13
<u>LOCAL CURRENT OPERATIONS EXPANSION BUDGET</u>		
Implementation of the Classified Employment Study – Next Step Placement	3,350,000	292.78
Increase in Certified Supplements 0-19 years 17% to 20%, 20-24 years 21% to 23%, and 25+ years 26% to 27%	1,850,000	161.69
EC Additional Certified Supplements (2.5% General EC, 5% ECAC)	275,000	24.03
Paternity Leave of 6 Weeks	630,000	55.06
Total Local Current Operations Expansion Budget	6,105,000	533.56
Grand Total of Local Current Operating Budget Continuation and Expansion Costs	8,475,000	740.69
<u>CHANGES IN LOCAL FUND REVENUES AND EXPENSES</u>		
Reduction in Interest Earned on Investment	(25,000)	(2.18)
Increase in County Appropriation based on projected ADM	-	-
Increase in Special District Tax (Projected)	335,000	29.28

Fund Balance Appropriated	-	-
Deficit in Local Current Operating Budget	\$8,165,000	\$713.60

Board of Education

The Board of Education is comprised of seven community members elected to set policy and direction for the local school district. The Chapel Hill-Carrboro City Schools Board of Education includes seven members who serve four-year terms.

CHCCS School Board's Mission Statement:

To facilitate the CHCCS Mission by establishing and maintaining policies that are in the best interest of our students, communicating and engaging with key stakeholders, and hiring and collaborating with the district superintendent.

FY2022-23 Budget Preparation Timeline

In accordance with North Carolina General Statute (GS 115C – 428), the Superintendent shall prepare a budget for the ensuing year and submit to the local Board of Education no later than May 1. Before submitting the prepared budget, the Board of Education may choose to hold a public hearing at which time any persons who wish to be heard on the budget may appear. North Carolina LEAs are fiscally dependent on the local governing body, which in the District's case is the Orange County Board of County Commissioners. After consideration of the budget and the public hearing, the Board of Education will submit the budget to the Orange County Board of County Commissioners no later than May 15 (GS 115C – 429).

The following is a summary of the budget preparation process timeline for the upcoming year:

November - December

- Finance Committee holds preliminary budget discussions
- Cabinet holds Budget Strategy Work Session
- The budget development process for gathering school and department budgets is considered and established

January – February

- Board of Education holds first budget work session
- Leveled school teams present budget requests to Cabinet based on school data, identified needs, schedules, and special circumstances
- Departments submit budget requests to Business and Financial Services Division
- Superintendent presents preliminary budget information to Board of Education

March - April

- Superintendent submits FY2023 Proposed Budget Request to the Board of Education
- Board of Education holds Public Hearing work session
- Board of Education holds budget work session for final consideration and review
- Board of County Commissioners holds budget work session for consideration and review
- Board of Education approves FY2023 Budget Request and submits to the Board of County Commissioners

May – June

- Board of County Commissioners holds Public Hearing on budget
- Board of County Commissioners holds work sessions to review requested budget
- Board of County Commissioners holds final Public Hearing and work session
- Board of County Commissioners adopts FY2023 Local and Capital Fund budget
- Board of Education approves Final Budget Resolution for all Fund Codes

FY 2022-23 Budget Preparation Process

For this year's budget process, the District implemented an improved budget request process to efficiently gather data from key stakeholders like school and budget managers. We also asked a set of general questions for each request relating to the broader picture of the school or department within the District's values:

1. How are schools meaningfully engaging a diverse and representative set of stakeholders – including students, families, educators, and the broader community – in developing a plan to use these funds and implementing that plan?
2. What data will the schools use to identify student needs — including needs that were unmet prior to the pandemic — and monitor how students are progressing?
3. How will the schools ensure funding is targeted to the students who need it the most?
4. How will the schools target additional resources, including federal stimulus funding, to create safe and equitable learning environments and provide whole child supports, particularly for vulnerable and systematically marginalized students?
5. What items would get us closer to our goals of ensuring that all students learn at a high level? How (using what data) will we monitor for the impact?
6. Are there any additional staffing needs beyond the Board of Education's position allotment formulas?
 - o Are there professional learning opportunities that will enhance the work of your school teams or school-based leadership teams? If so, please describe.
7. Are there any capital improvements beyond what has been identified in your school's Capital Investment Plan? If so, please describe and identify the impact on student learning and access.
8. What are the equity impacts from this request? - Consideration of the following questions may help guide the framework of your response:
 - o What are the root causes of inequity, if applicable?
 - o Does this budget request change any structures that currently perpetuate inequities? If so, how?
 - o Who is or will experience burden or benefit if we approve this budget request?
 - o After we put this in place, is anybody better off? If so, who?

These guiding questions were distributed to each school principal and then brought to their school improvement teams. After consideration, leveled school groups gathered the requests from the schools at their level and prepared a budget request presentation detailing the data and requests gathered. These presentations were presented to cabinet in February and provided critical feedback for the Superintendent's Proposed Financial Plan.

Enrollment Trends

Prior to this year, the District had seen steady enrollment growth over the last 10 years with average growth just under 1% each year. This year's enrollment is much more complicated than in previous years. The COVID-19 pandemic has introduced major uncertainty for families around the District, and it is difficult to predict how many students will return to our schools in the new school year. The graph below highlights the overall trend of student enrollment across the last 10 years:

The District adopts its budget for the upcoming year in June based on what the projected enrollment is at that time. The actual number of students enrolled is taken on the 40th school day of the year. The table below shows the impact of the COVID-19 pandemic on enrollment numbers compared to what was projected earlier in the year. It also compares the District's projections to last year's actual enrollment numbers.

	FY 2022 Adopted Enrollment	FY 2022 40th Day Enrollment	FY 2023 Projected Enrollment	FY22 40th Day to FY23 Projection	
				Change	Percent
Elementary School	5,155	4,729	4,563	-166	-4%
Middle School	4,049	2,798	2,717	-81	-2%
High School	3,044	3,827	3,908	81	3%
Other	100	100	100	0	0%
Total	12,348	11,454	11,288	166	

Tax Base and Rate Trends

Real property taxes are levied on the assessed value of real estate owned by businesses, individuals, and public service corporations. Personal property taxes are levied on the assessed market value of tangible property such as vehicles, mobile homes, heavy equipment, machinery, and tools. Real property tax assessments are conducted by the County Assessor, while personal property assessments are conducted by the Commissioner of the Revenue. Both real and personal property taxes are levied on 100% of assessed market value. Rates are established per \$100 of assessed value. The total tax base and tax rates for Orange County over the last 10 fiscal years are summarized below:

Fiscal Year	Real Property	Personal Property	Public-Service Companies	Less Tax-Exempt Property	Total Assessed Value	Direct Tax Rate	Estimated Actual Market Value	Assessed Value as % of Actual Value
2021	\$17,333,962,055	\$1,769,659,485	\$346,332,873	\$77,934,293	\$19,449,954,413	0.868	\$21,885,849,476	88.87%
2020	16,974,899,491	1,726,673,593	337,564,917	82,646,419	18,956,491,582	0.868	21,116,733,410	89.77%
2019	16,603,198,106	1,821,061,820	337,735,426	80,381,765	18,681,613,587	0.850	20,299,482,328	92.03%
2018	16,385,248,774	1,711,150,366	315,583,138	81,081,408	18,330,900,870	0.838	19,247,060,972	95.24%
2017	15,168,750,327	1,620,578,558	306,434,830	71,244,631	17,024,519,084	0.878	19,932,700,016	85.41%
2016	15,020,157,254	1,442,897,338	382,744,805	67,617,005	16,778,182,392	0.878	19,676,536,170	85.27%
2015	14,863,350,430	1,461,891,252	244,191,811	67,500,359	16,501,933,134	0.878	19,323,118,424	85.40%
2014	14,734,501,833	1,724,462,428	239,923,242	66,527,135	16,632,360,368	0.858	19,398,362,762	85.74%
2013	14,630,730,056	1,274,117,983	235,565,073	64,439,641	16,075,973,471	0.858	18,896,681,052	85.07%
2012	14,509,087,828	1,217,661,746	234,219,001	61,832,450	15,899,136,125	0.858	18,726,408,865	84.90%

Debt Obligations and Changes

The District maintains a very healthy financial obligation position by incurring low amounts of debt only when necessary. The only major debt obligation continuing into FY 2022-23 is an installment purchase from Trinity 3 Holdings, LLC to provide each of our secondary students with Chromebooks. This was a 4-year agreement totaling \$3.44 million. Payment of the year 1 obligation has already been made, which brings the remaining obligation down to \$2.62 million.

Year Ended June 30	Installment Purchases	Total Debt Obligations	Per Capita
2021	\$2,621,784	\$2,621,784	N/A
2020	194,468	194,468	\$1.30
2019	344,995	344,995	2.32
2018	362,825	362,825	2.48
2017	167,778	167,778	1.16
2016	597,416	597,416	4.21
2015	601,602	601,602	4.26
2014	890,391	890,391	6.34
2013	1,212,475	1,212,475	8.64
2012	39,468	39,468	0.29
2011	137,760	137,760	1.03

Source: Chapel Hill-Carrboro City Board of Education, North Carolina, Annual Financial Reports.

Note: This table is a ten-year schedule. However, current year county level annual population estimates are not released by the U.S. Census Bureau until the spring of the following year. Therefore, June 30, 2021 population-based information will be shown above as "N/A", and the information will be reported for the year ended June 30, 2022, if applicable.

Board Approved FY 2023 Local Budget Request

Orange County Schools | 200 E. King Street | Hillsborough, NC

BUDGET MESSAGE

Orange County Board of County Commissioners:

I am writing this budget message at a time when we, and much of the nation, are finally seeing evidence that there could be an end to the Covid-19 pandemic as we've known it to be since March 2020. Even though this virus shows evidence of always being present in our society and has been very difficult to contend with, we have learned much from the experience in Orange County Schools. We have learned that our children learn best when in person instruction is provided. We have also learned that our children need the relationships forged in school buildings with staff and their peers to inhibit negative social and emotional impacts and to thrive and grow academically.

As we continue to navigate this budget season, we are maintaining a laser-like focus on serving and nurturing the "whole child"--this includes our students' social-emotional well being and their academic achievement. Focusing on the whole child requires each and every single member of the Orange County School staff--from our bus drivers who are the first to greet our students in the morning; to our child nutrition staff who ensure each student receives a balanced meal so they are not hungry and can focus on learning; to the custodians and operations team who keep our facilities conducive for teaching and learning; as well as, to all of the support staff, teachers and district leaders who provide robust teaching and learning.

Outside of our continuation needs to support the State mandated salary and benefit increases from FY 2022, which were unfunded, and FY 2023, you will see that our budget focus for FY 2023 is on our staff--only our staff.

Staff turnover is reaching all time highs across the country in the K-12 arena. Stress from the pandemic, student learning falling behind and pure burnout is leading many to leave the education profession. A recent EdWeek survey reported, when asked about the likelihood that they'll leave teaching in the next two years, 54% of teachers said they are "somewhat" or "very likely" to do so (EdWeek TopSchoolJobs, 2022). Many educators are experiencing job dissatisfaction that never existed before.

Moreover, it is important to note that more than one in three children in kindergarten through grade 3 have little chance of reading on grade level by the end of the school year without major and systemic interventions (and access to good core instruction), according to a new study by testing group Amplify. "When students start getting to grades three and four and five, those compounding effects will really be prevalent, and it takes more time and more resources to actually close the gap" (Education Week, 2022). It will take an investment in the "instructional core" which includes ensuring we can recruit and retain high quality staff to recover and accelerate learning for our students.

As a result of these challenges and the direct impact they have on student achievement, this budget is placing priority on school staff. Data supports that consistent school staff interacting with students day to day directly impacts achievement. Relationships can be fostered, trust built and success attained. We are already beginning to see the positive impact of the instructional investments we are making and need to ensure we maintain the stability of our highly qualified staff. We know you understand the importance of maintaining highly qualified staff for our students and trust you will support OCS with doing so.

In service to children,

Dr. Monique Felder

Superintendent, Orange County Schools

 The current Deputy Superintendent position is being repurposed to Chief Academic Officer in 2022-23. There will only be one Deputy Superintendent effective the 2022-23 school year.

STUDENT ACHIEVEMENT

End of Grade Reading Tests Grades 3-8

End of Grade Math Tests Grades 3-8

A review of OCS' trend reading and math assessment data in grades 3-8 from 2012-2019 indicates that student achievement/ student growth has been stagnant or flat for 7 years.

End of Grade Reading Tests Grades 3-8

EDS: Economically Disadvantaged Students

LEP: English Language Learners

SWD: Students with Disabilities

When disaggregated by race/ethnicity, the 2012 through 2019 reading data for students in grades 3-8 indicates that far too many of our students are not proficient in the critical area of reading. The historical data indicates there have been great disparities in the reading achievement of our Hispanic students, Black students, Economically Disadvantaged students (EDS), Students with Disabilities, and English Language Learners in particular.

STUDENT ACHIEVEMENT

SY21-22 Beginning of Year (BOY) and Middle of Year (MOY) Reading and Math Data

The data in this table shows the change in composite scores between the BOY and MOY on the DIBELS 8th Edition reading assessment. This data shows that each grade level has experienced growth between beginning of the year and middle of the year assessments.

MATH 2021-2022									
Grade	BOY Math at High Risk	MOY Math at High Risk	% Change	BOY Math% at Moderate Risk	MOY Math % at Moderate Risk	% Change	BOY Math % at Low Risk	MOY Math % at Low Risk	% Change
k	30%	19%	11%	27%	16%	9%	43%	65%	23%
1	36%	24%	12%	18%	15%	3%	46%	61%	15%
2	28%	27%	1%	22%	15%	7%	50%	58%	8%
3	29%	23%	6%	21%	15%	6%	50%	62%	12%
4	25%	19%	6%	17%	15%	2%	58%	66%	8%
5	23%	16%	7%	16%	10%	6%	61%	74%	13%
6	19%	29%	-10%	18%	17%	1%	63%	54%	-9%
7	22%	18%	4%	19%	14%	5%	59%	68%	9%
8	24%	23%	1%	22%	18%	4%	54%	59%	5%

Here we see the AimsWeb Plus (AWP) universal screener Math BOY to MOY risk transition data. We can look at our kindergarten data as an example of the overall trends seen from BOY to MOY in the area of math. In the fall, 30% of tested kindergarten students were at high risk according to AWP, and in the Winter, 19% of tested kindergarten students were at high risk, for a 11% positive change. These results are similar to results seen in almost all grade levels K-8 in math.

STRATEGIC PLAN

A strategic plan is our north star and our road map. It explains our district's mission, our vision, how we'll achieve our goals, and how we'll measure our progress. It also explains our core values and beliefs. The belief statements define what motivates us. They help us prioritize and work to make the future we want a reality. Through this strategic plan, we'll keep our team accountable as we strive toward greatness for our students.

Goal 1: Teaching Tomorrow's Leaders

Through a multi-tiered system of support (MTSS), all learners will excel by having access to and benefiting from a rigorous curriculum and instruction that is research and evidence based to prepare them for college, career, and civic engagement.

Goal 2: Excellence & Efficiency

The district will provide exemplary operational support to schools, staff, and the community to ensure a focus on student learning.

Goal 3: Exemplary Staff

Recruit, hire, support, and retain culturally proficient and high-quality staff committed to providing all students with an excellent education in a welcoming environment.

Goal 4: Empowering Culture

Cultivate supportive partnerships among families, schools, and community stakeholders to support students' well-being and ensure all students have what they need to be successful.

How It All Works Together

APPROVED FY 2023 LOCAL BUDGET REQUEST

Student Enrollment

	FY 2022	FY 2023	Change
Projected ADM Average Daily Membership	7,299	7,182	(117)
(plus) Charter School	919	951	32
(less) Out of District	108	110	2
Total Student Billing Base	8,110	8,023	(87)

The Department of Public Instruction has projected that Orange County Schools will have a decrease in student enrollment of 117 students in comparison to the 2021-22 school year.

At this time, the Orange County School district is passing through local per pupil funding to charter schools for 951 students domiciled in the Orange County School district and enrolled in a charter school. This is a 32 student increase in comparison to the 2021-22 school year.

Out of district students have increase 2 in comparison to the 2021-22 school year. This represents those students not domiciled to attend OCS, staff students.

Overall, it is projected that the district will see a total decrease of 87 students in the 2022-23 school year.

Continuation Budget

The continuation budget represents the continuation of current operations adjusted to incorporate known impacts such as mandated salary and benefit increases.

The General Assembly passed a 2021-22 Biennium Budget, November 18 ,2021 that was signed into law by Governor Cooper that same day.

This Biennium Budget included an average 2.5% increase for licensed staff and a 2.5% increase for all other staff. As a result of not receiving an increase in the **2021-22** per pupil funding, the district needed to appropriate approximately \$550,000 in fund balance to cover the salary and benefit increases for staff funded from local resources.

In order to fund the anticipated 2.5% increase in FY 2022-23 and support the unfunded 2021-22 increases, the district will need an additional \$1,100,000 or \$137 per pupil. Please note that anticipated increases in the cost of goods and utility rates are **not** being included in the continuation budget request. It has been recommended and supported by the Board of Education to reserve Fund Balance (accumulation of operating surpluses and deficits since the beginning of a local governments existence) to offset potential economic impacts from increased inflation. It is a priority of the Board and District Administration to ensure funding of legislated salary and benefit increases.

Additionally, the district requests that Commissioners fund the associated costs for Orange County Schools to utilize the Whitted facility for Board of Education public meetings held there twice monthly. This is requested outside of the per pupil funding.

Anticipated County Per Pupil Revenue	\$35,036,441	\$4,367/pp
Total Increase to Fund Local Salaries and Benefits FY22 Unfunded 2.5% increase & FY23 projected 2.5% Increase + Benefit Increases	\$ 1,100,000	\$ 137/pp
Sub-Total Local Current Operations Continuation Budget	\$36,136,441	\$4,504 pp
Whitted Building Tech Support for Board of Education Meetings (\$1,850 per meeting)	\$40,480	N/A
Total Local Current Operations Continuation Budget	\$36,176,921	\$4,504 pp

Expansion Budget

The expansion budget represents additional funding needs above and beyond the base funding of the 2021-22 school year and the state mandated salary and benefit increases reflected in the continuation budget request.

Many budget expansion requests were received during the budget development process. Each of these requests addressed important needs within the district. Realizing that the necessary funding to implement every request was unrealistic, staff prioritized and recommended the top requests for funding consideration in the Superintendent's Recommended Budget. The Superintendent supported and brought forward those Expansion Requests that were approved by the Board April 11, 2022.

June 2021, Orange County Schools contracted with Hurd, Isenhour, Lopes LLC (HIL Consultants) to engage in a study of the Orange County Schools classified compensation schedule. This engagement incorporated a scope of work as follows:

- Conduct on-site interviews with district leadership and select classified staff;
- Evaluate and compare salary ranges for all employee classifications except for the school based certified instructional and non-instructional staff;
- Collaborate with district leaders in the selection of a cohort group of North Public-school districts to compare classified salary ranges;
- Review the current principal pay structure and collaborate with district leaders to develop a competitive principal pay structure;
- Review the current pay structure for central office administrators to develop a consistent competitive pay structure;
- Collaborate with district leadership to develop a 30-step salary schedule for all classified job groups with consistent differentials between each step;
- Provide recommendations for placement of the classified employee groups on the proposed schedules, including recommendations for classified employee groups requiring trade certifications and license; and
- Provide recommended policies and procedures for placement of personnel with non-public school experience on the salary schedule.

It was reported that OCS salaries were below other districts at the midpoint and maximum levels which indicates salaries are compressed and employees have not advanced on the scale each year. The HIL Consultants provided a 29 step pay scale for each category of classified employee that incorporated a 1.5% step increase for every year of experience. It was recommended that such a pay scale be implemented for each category of employee providing opportunity for pay increases for each year of experience/service completed (i.e., step increase).

In order to address retention in the classified staff pool, recruit highly qualified staff into vacant classified positions and afford stability to our students, the district brings forward the recommended salary scale for funding consideration.

Expansion Budget

Utilizing the additional online sales tax revenue surplus Commissioners committed to the district earlier in 2022 affords the total cost of implementation to be reduced from \$3.1 million to \$2.5 million or \$308 per pupil.

In order to address the retention of licensed staff (i.e. classroom teachers, counselors, etc.) and further recruit highly qualified candidates, the districts seeks additional funding to provide years of service credit for supplement based on State years of service instead of the current practice of service credit based on years of service within the OCS district. In order to facilitate this initiative, an additional \$651,000 or \$81 per pupil.

In conclusion, funding is being requested to support providing Master's Pay to those Licensed staff holding a Master's Degree relevant to their position. In 2013, the State withdrew Master's Pay for licensed school professionals unless a Master's Degree had been earned at that time or at least one course had been completed on the Master track. Even though reinstating Master's Pay has been broached in State budget negotiations, it has yet to make it into a final State budget resolution since its ending in 2013. As a result, no State funding is available, nor can be designated, to pay Master's Pay. Implementation would require a local funding max of \$1.2 million or \$150 per pupil. Taking such a step would attract many teaching professionals to Orange County Schools and foster greater stability in the classroom.

ENGAGE. CHALLENGE. INSPIRE.

Anticipated County Per Pupil Revenue	\$35,036,441	\$4,367/pp
Total Increase to Fund Local Salaries and Benefits FY22 Unfunded 2.5% increase & FY23 projected 2.5% Salary & Benefit Increases	\$ 1,100,000	\$ 137/pp

BUDGET AT A GLANCE

BUDGET AT A GLANCE

There are two major components of the Orange County Schools Total Budget: Operating Budget and Capital Improvements Budget.

The Operating Budget covers the day-to-day costs of operating the school system; such as staff salaries and benefits, purchased services, supplies and materials, maintenance, transportation, and utilities. The primary sources of funding for the Operating Budget are state, federal, and county tax dollars.

The Capital Investments Budget supports maintaining the integrity of infrastructure in our buildings such as roofs and HVAC systems. If the building envelope has no integrity, the building will ultimately fail.

Total Budget for FY 2022-23

Daily Operations	\$ 107,005,941	72%
Capital (Pay-Go, Article 46)	\$ 28,453,842	19%
2016 Taxpayer Bond	\$ 14,046,158	9%
Total Budget	\$ 149,505,941	100%

Total Operating Budget for FY 2022-23

Total Operating Budget for FY 2022-23			Per Pupil
State	\$ 50,600,000	47%	\$ 7,045
County Appropriation	\$ 40,455,941	38%	\$ 5,043
Federal	\$ 15,950,000	15%	*\$ 2,221
Total Operating Budget	\$107,005,941	100%	\$14,309

* It is important to note that this per pupil is higher than normal due to the influx of Federal Covid Relief Funds, which are short-term and nonrecurring. Typically, the district Federal Funds are 3.0% of the Operating Budget with a per pupil of \$475.

• CTE	\$0.2m		
• All Other	\$0.3m		

A large portion of the district's budget, 82%, goes directly to schools and 4% of the budget is a pass through to charter schools. 11% of the total budget supports Operations which includes transportation, utilities, maintenance and operations with the remaining 3% supporting administrative services (i.e. Finance, Human Capital, Technology, Office of Superintendent and Equity)

Funds follow the student. Therefore when an OCS student enrolls in a charter school, OCS is required, by law, to pass the local per pupil allocation to the Charter School.

* 1.7m Expires 9/30/2023. Balance expires 9/30/2024. Federal ESSER monies are short term funding that OCS is utilizing to fund short term positions, instructional materials (i.e. curriculum) and professional development.

BUDGET AT A GLANCE

Who is funded: (Does not include temporary part-time or hourly staff)	State Resources	Local Resources	Federal Resources	TOTAL
• Classroom Teachers	402.3	67.6	8.2	478.1 (48.6%)

• Instructional Support-Non Licensed	5.0	5.0	—	10.0 (1.0%)
• Driver's Education	8.0	—	—	8.0 (0.8%)
• Career Technical Education	33.5	—	—	33.5 (3.4%)
• Teacher Assistants	59.6	7.7	50.5	117.8(12.0%)
• School Level Office Support	5.0	32.5	1.0	38.5 (3.9%)
• District Office Support	6.5	20.7	0.8	28.0 (2.8%)
• Operations (Maintenance & Transportation)	<u>78.7</u>	<u>25.0</u>	<u>—</u>	<u>103.7 (10.5%)</u>
TOTAL	677.5	233.2	73.9	984.6

Classroom Teacher—Includes staff certified to teach the standard course of study and assigned to instruct students (Includes, Exceptional Children, Academically Gifted, English Language Learner, P.E., Music, Art, World Languages, etc.)

Central Office Administration—Includes Deputy Superintendent, Superintendent's Cabinet, Executive Directors and Program Directors except Maintenance and Transportation that are incorporated in Operations.

Principal & Assistant Principals—Includes the persons holding a principal certificate or receiving approval from the state agency to serve as a provisional principal performing the duties of a principal in a school having seven or more state allotted teachers; and persons licensed as an assistant principal and designated to perform the duties of a non-teaching assistant principal.

Instructional Support Licensed—Includes instructional facilitators, instructional coaches, social workers, nurses, guidance counselors, media specialists, and digital learning coaches.

Instructional Support Non-Licensed—Includes Family Liaisons, Occupational Therapist, and Physical Therapist.

Driver's Education—Includes persons providing classroom and hands on driving instruction to Orange County Students (OCS). This includes OCS students attending charter schools in orange county.

Career Technical Education—Includes CTE teachers, CTE Office Support, CTE Director, and Career Development Coordinator(s).

Teacher Assistants—Includes staff assigned to perform day-to-day activities of assisting the regular classroom teacher. Exceptional Children TA's incorporated here.

School Level Office Support—Includes School bookkeeper, school receptionist, school data manager, and school guidance secretary.

District Office Support—Includes Finance Staff, Human Capital Staff, Administrative Assistants and Technology Techs.

Operations (Maintenance & Transportation) - Includes custodians, HVAC Tech, Plumbing Tech, Electrical Tech, Bus Drivers, Bus Safety Assistants, Mechanics, Maintenance Director and Transportation Director.

FUND BALANCE SUMMARY

Restricted (State Stabilization)	49,038
Assigned/Appropriated	4,237,331
FY 2022 Unassigned/Available	2,327,735
Total Audited Local Fund Balance	6,614,104

The district is anticipating a budget surplus this fiscal year as a result of various vacancies. This surplus is being reserved to offset the economic impact of rising inflation and its impact on cost of goods and labor; support the summer feeding program at a non-qualifying elementary school that could not be relocated to a USDA qualifying elementary school due to ongoing Capital Improvement work that requires an empty campus to complete; and to develop a comprehensive recruitment package needed to address multiple vacancies.

Additionally, \$244,200 was recently approved for appropriation in FY 2023 to support the district's initiative to supplement staff memberships at the Orange County Sports Plex in support of staff mental health and social/emotional wellness.

In conclusion, local policy states that the school district will make a good faith estimate to maintain a level of unassigned fund balance, a minimum of 5.5% of local budgeted expenditures, ensuring sufficient funds are available to address cash flow needs. 5.5% of local budgeted expenditures is \$2.2 million.

ENGAGE. CHALLENGE. INSPIRE.

Office of the President

March 22, 2022

Ms. Bonnie Hammersley
Orange County Manager
200 South Cameron St.
PO Box 8181
Hillsborough, NC 27278

Dear Ms. Hammersley:

The FY 2022-23 Budget Request for Durham Technical Community College is attached for your review. Durham Technical Community College's request reflects a total increase of \$108,738. This amount includes an increase of \$25,159 or 3.26% in existing operating funds, a \$49,579 request for new positions, continued \$50,000 funding in Financial Aid to support Back to Work students and \$25,000 in Capital Outlay to purchase a vehicle for campus police at the Orange County campus.

The changes in Current Operating Expenses appear below:

- An increase of \$16,686 increase in salary and benefit funding. This increase includes a 2.5% increase for salaries and benefits to match the expected increases for state paid employees and a 6% increase in retirement and medical insurance for all full-time employees.
- \$7,305 projected increase of 2.6% in the cost of utilities and contracted services.
- A new request of \$14,579 to fund a new Facilities Tech position to support the increase in facility maintenance needs. This request covers the Orange County portion of salary and benefit.
- \$35,000 for continued finding of the Small Business Center Coordinator for January 1, 2022 to June 30, 2022. Orange County is currently providing funding for July 1, 2021 to December 31, 2021
- \$50,000 to continue funding financial aid grants for Back to Work students.
- \$25,000 for a vehicle for campus police at the Orange County. Durham Tech has stationed a sworn Police Officer at the Orange County campus. Officers need a vehicle to be able carry out their job duties.
- \$9,000 for support for the 911 Academy Phase II project to support ongoing dispatcher training. We will be asking for \$27,000 for this purpose of the next three years.

Thank you for your partnership in serving the needs of Orange County's residents. We look forward to working with you to create budget that supports our community's needs.

All my best,

John B. Buxton

A handwritten signature in blue ink, appearing to be 'JB' followed by a stylized flourish.

Budget Highlights

The FY 2022-23 Manager Recommended budget contains the following changes from Base Budget:

Total General Fund Expenditure increase of \$913,205 based 12 new FTEs in Emergency Medical Services, contracted morgue storage, implementation of leadership development program, restoration of travel & training to pre-pandemic levels, and increased Emergency Medical Services (EMS) contract, certifications & supplies costs. Total General Fund Revenue increase of \$748,167 due to increased Emergency Medical fees. The Net County Cost increase is \$165,038.

The Manager Recommended Budget does not include funding for the following Department Requests:

Additional travel and training beyond restoration of pre-pandemic levels. Emergency Management and Emergency Medical Services equipment purchases recommended instead in CIP at lower level than requested.

Mission Statement

Orange County Emergency Services (OCES) is comprised of five (5) business program areas. They are identified as the: Finance/Administration Division, 911 Communications Division, Emergency Management Division, EMS Division, and Fire and Life Safety Division. Each division has its own unique mission statement. The department's vision statement is "*A Prepared, Coordinated, and Integrated Emergency Services System*".

Major Divisions/Services

- Finance/Administration Division
 - o FY 2021-22 Highlights
 - Completed thirteen hiring processes through February resulting in 17 permanent employees and 26 temporary employees.
 - An EMS System Analysis is underway to provide a comprehensive assessment of the County's existing emergency medical services system and identify opportunities for improved services for the 10-year planning horizon. Subsequent to this analysis, ES will revise the 5-Year OCES Strategic Plan.
 - o FY 2022-23 Highlights
 - Leadership Development for existing and aspiring leaders will be a priority for the coming year. This investment will be necessary to execute our strategic plan and address the looming leadership vacuum (25% of personnel are within 15 years of retirement).
 - Renewed focus on recruitment and community engagement by developing a targeted strategy to build broad and meaningful relationships with historically under-represented communities.
- Emergency Management Division
 - o FY 2021-22 Highlights
 - The EM Division coordinated five activations of the Emergency Operations Center, along with numerous local events to include the ongoing COVID-19 response, Halloween on Franklin Street, the May Colonial Pipeline-related fuel disruption, and four severe weather events.
 - The EM Division supported the planning, development, and execution of a multi-agency full scale active shooter exercise at UNC Medical Center's Hillsborough Campus, as well as provided Active Shooter Incident Management Training for 30+ local responders.
 - The EM Division continued to support whole community recovery from the ongoing COVID-19 pandemic, to include supporting the County's requests for FEMA Public

Emergency Services – continued

Assistance and the COVID-19 Long-Term Recovery and Transformation Group initiative.

- o FY 2022-23 Highlights

- The EM Division will update the Orange County Emergency Operations Plan, last revised in 2014. This update will incorporate best practices, past event's lessons learned, and developments in response capabilities into the County's approach to Whole Community disaster management.
- The EM Division will reinstate the redeployment of our agency's inventory management system, OperativeIQ. This update will reduce the number of after-hours supply requests for the EMS Division.

- 9-1-1 Communications Division

- o FY 2021-22 Highlights

	FY19-20	FY20-21	*FY21-22	*FY22-23
Administrative Calls	128,575	197,622	114,000	125,321
911 Emergency Calls	87,044	83,714	84,979	85,202

** Includes projections*

- Switched to NC EsiNet 911 phone service July, 2021 (cost-savings of approx. \$369,000 in ETF funds). This allows for a more secure and reliable process to transfer calls and data to other 911 centers throughout the state.

- o FY 2022-23 Highlights

- Continue preparing for Computer Aided Dispatch (CAD) and Records Management System (RMS) replacement in FY24-25. The current CAD software is approaching end-of-life.
- Implement Virtual Server Environment to decrease call processing times by providing a more stable platform for software to operate.

- Emergency Medical Services Division

- o FY 2021-22 Highlights

- EMS experienced unprecedented call volume surges beginning in April of 2021 with steady elevation of call volume that continued into February of 2022.
- Community paramedics are projected to administer 1104 COVID-19 vaccines for independent living facilities, public safety personnel and homebound individuals. Community paramedics also administered vaccines at the OC Detention Center and assisted with providing monoclonal antibody treatments as well as COVID tests.

Basic Life Support (BLS) initiative:

- South Orange Rescue Squad (SORS) responded to 75% (1234) of the 1637 Basic Life Support calls for service. A total of 1001 patients are projected to be transported to hospitals by a BLS ambulance.
- SORS staffed a BLS ambulance seven nights a week and a 12 hour shift on Saturdays. SORS also provided BLS ambulances at an increased rate during day time call surges throughout the year.

Emergency Services – continued

	FY19-20	FY20-21	*FY21-22	*FY22-23
EMS Responses	15,894	19,378	23,828	*24,000
Evaluated/Treated	11,467	11,813	13,750	14,000
Transported	8,683	9,071	10,524	11,000
Unit Move-ups (depletion of available units)	1,908	3,765 (↑ 65%)	5,689 (↑ 40%)	4,267 (↓ 25%)
EMS Mutual-Aid Given		2,199	2,551	2,700
EMS Mutual-Aid Received		1,142	1,325	1,000

* Includes projections

o FY 2022-23 Highlights

- EMS will focus on strategic asset maintenance/replacement of mission critical equipment (ECG monitors, stretchers, etc.) and enhancing provider skills through high-fidelity training and education.
- Add two 12-hour basic life support ambulances to the OC EMS system with the capabilities of handling over 2000 Basic Life Support 911 responses. This will lessen the reliance on mutual aid resources and SORS surge response.

• Fire and Life Safety Division

o FY 2021-22 Highlights

- Initiated contract to provide fire and life safety services for the Town of Hillsborough (permits, inspections, and investigations). This is projected to bring an additional 1,000 recurring facility inspections and account for a 50% increase in permit applications.
- Conducted 1,569 inspections (25% increase from 1222 last year) and continued central permitting implementation (EnerGov).

o FY 2022-23 Highlights

- The division will implement a formalized Community Risk Reduction Program and coalition supported by an NFPA GIS dashboard tool, thus automating the identification and visualization of community risks.
- The division will focus on fire prevention through education with a specific emphasis on engaging community youth and other high risk communities.

SMART Goals (Specific, Measurable, Achievable, Realistic, Time-Based)

Goal 1: Revise the department's 5-year Strategic Plan by the end of the Fiscal Year to guide future progress and unify our departmental vision.

Milestones and Tasks	Start	Progress (at Jul 1, 2022)	End
Complete EMS System Analysis	Feb 22	100%	Jun 22
Contract w/ Planning Consultant	Jul 22	0%	Aug 22
Review SWOT Analysis	Aug 22	0%	Aug 22
Conduct internal/external engagement	Aug 22	0%	Oct 22
Revise 5 year Goals and Strategies	Sep 22	0%	Oct 22
Present Draft Plan to BOCC	Oct 22	0%	Nov 22
Final OCES 5 Year Strategic Plan	Nov 22	0%	Dec 22

Board Goal: #1

Justice Goal: #3

Progress: 

Performance Assessment: The ES Strategic Planning process is commencing in FY21-22 with the EMS System Analysis, which will be complete prior to FY22-23. We are contract support to assist in developing the strategic plan in FY22-23.

Goal 2: Create a capital replacement schedule for all mission critical assets >\$100k in value to increase efficiency of asset management.

Milestones and Tasks	Start	Progress (at Jul 1, 2022)	End
Build project team	May 22	100%	Jun 22
Initiate planning process	Jul 22	0%	Aug 22
Gather/Affirm asset data	Aug 22	0%	Sep 22
Identify projected needs (1, 5, 10 yrs)	Sep 22	0%	Oct 22
Develop prioritization schedule	Oct 22	0%	Dec 22
Final capital replacement schedule	Jan 22	0%	Jan 22

Board Goal: #4

Justice Goal: N/A

Progress: 

Performance Assessment: We are building our project team now. This will coincide with several strategic initiatives (system analysis and strategic planning). Our goal will be to have this ready prior to the next budget year.

Goal 3: EMS Division will improve to a 60% adherence rate to a 9 minute or less emergent response time for events requiring critical paramedic level intervention.

Board Goal: #4

Justice Goal: #12

Progress: 

Performance Assessment: We have constructed the reporting format utilizing our electronic patient care data base that has linkage to the 911 CAD database. We are pulling events where a paramedic provided critical intervention or alert.

Mission Statement

The Department strives to be a strategic partner in providing fiscal leadership, excellent service delivery, and financial accountability for all residents and stakeholders.

Major Divisions/Services

- Finance and Purchasing Division
 - o **Major Services**
 - Complete the Comprehensive Annual Financial Report (CAFR).
 - Provide transparent financial data through the Popular Annual Financial Report (PAFR).
 - Maintain the County's sound financial condition through accounting and internal controls, in accordance with the Generally Accepted Accounting Principles (GAAP) and North Carolina General Statutes.
 - Prompt and efficient payment of all County obligations.
 - Adhere to County fiscal policies and department standard operating procedures.
 - o FY 2021-22 Highlights
 - Completed the submittal of the Annual Financial Report to the North Carolina Local Government Commission and received the Award for Excellence in Financial Reporting from the Government Finance and Officers Association for the thirtieth year.
 - Increased Micro-Purchase threshold from \$10,000 to \$30,000 to streamline contracting process for federally funded projects
 - o FY 2022-23 Highlights
 - Review and update all financial policies and procedures
 - Coordinate county-wide upgrade to Munis Enterprise Resource Planning System (ERP)

Finance and Administrative Services – continued

- Budget Division
 - o **Major Services**
 - Meet all timelines, as required by the North Carolina Local Government Budget and Fiscal Control Act, and as establish by the Board of County Commissioners (BOCC).
 - Produce the County's annual operating budget and ten-year Capital Investment Plan (CIP).
 - Provide support for special projects, including service delivery models, cost analysis, fee study analysis, emergency operations and performance measurement.
 - Provide analytical support for all County departments through technology primarily Microsoft Business Intelligence and financial systems reporting.
 - Support the management and coordination of the Outside Agency and Fire Districts funding processes.
 - o FY 2021-22 Highlights
 - Coordinated county-wide American Rescue Plan Act funding allocation (total award amount of \$28 million).
 - Refined Debt Model and created Debt Dashboard to monitor and predict debt affordability and capacity.
 - o FY 2022-23 Highlights
 - Continue collaboration with Human Resources on Automating Workflow processes
 - Continue utilizing Multi-Year Forecast of Revenues and Expenditures to determine key financial trends and include in forecast in the published budget

Performance Measures	2019-20 Actual	2020-21 Actual	2021-22 Budget	2021-22 Projected	2022-23 Budget
Unassigned Fund Balance, as percent of General Fund Expenditures (Target: $\geq 16\%$)	15.6 %	15.3%	16.0%	16.0%	16.0%
Debt Service, as a percent of General Fund Expenditures (Target: $\leq 15\%$)	13.6%	13.6%	16.9%	15.0%	14.9%

SMART Goals (Specific, Measurable, Achievable, Realistic, Time-Based)

Goal 1: Reduce invoices not paid within 30 days to less than 150 per month, by end of fiscal year.

Performance Assessment: The Finance Department has not reached its goal of reducing invoices not paid within 30 days. This metric is inter-dependent with County departments timely submittal of invoices to Finance- Accounts Payable. Additionally, this metric has been impacted by a vacant Finance Accounting Technician III position.

Goal 2: Decrease percentage of revenue recorded after 30 days to less than 1%, by end of fiscal year.

Performance Assessment: The Finance Department has made progress in reducing the percentage of revenue recorded after 30 days and is only half a percentage point above the goal of 1% as of February 2022. The Finance Department is confident this downward trend will continue with the focused efforts of the Accounting team.

Goal 3: Reduce all unreconciled p-card transactions after 15 days to less than 45 per quarter by end of fiscal year.

Performance Assessment: The Finance Department has met the goal of reducing unreconciled Purchasing card transactions after 30 days to fewer than 45 per quarter this fiscal year due to process enhancements by the County Purchasing Agent.

Fire protection in the unincorporated areas of Orange County is provided in twelve tax supported fire districts. In most districts, fire services are provided under contract with various incorporated volunteer fire departments. In two cases, service is provided to district residents under agreements with municipal fire departments. In addition to fire protection, many of these departments provide first responder and early defibrillation services to medical emergencies within their district. Coordination of these services is provided by Orange County Emergency Services.

Cedar Grove Fire District

\$287,175

- The tax rate for this district is recommended to remain at an existing tax rate of 7.63 cents for FY 2022-23.
- In FY 2021-22, the department had two (2) new members join the department, applied for and received a state grant for five (5) portable radios, two (2) gas meters, and two (2) thermal imaging cameras.
- In FY 2022-23, the department plans to continue recruiting members, start replacing radios that have to be replaced by 2025, replace a 36 year old brush truck, and continue to provide training for members.
- Their Five-Year plan includes replacing the 22 year old fire engine at Station 2, continue to recruit additional members, and install more water points.

Fire Districts - continued

Greater Chapel Hill Fire Service District

\$278,181

- The tax rate for this district is recommended to remain at an existing tax rate of 13.87 cents for FY 2022-23.
- In FY 2021-22, the department continued support to the Chapel Hill High School Fire & EMT Academies in their second year, completed a Firefighter Certification Academy in partnership with Durham Technical Community College, placed an order for two (2) new apparatus to replace two (2) older engines in their fleet, partnered with the other Orange County Fire Departments in support of the Tanker Task Force, and completed a station location & resource deployment study.
- In FY 2022-23, the department plans to submit a budget request for the design phase to replace Fire Station 3, will partner with Orange County Emergency Medical Services to house a Medic Unit, and will install a gear washer and dryer in the remaining stations to enhance their cancer prevention program.
- The Town of Chapel Hill provides fire protection for the Greater Chapel Hill Fire Service District.

Damascus Fire District

\$130,524

Southern Triangle Fire Service District

\$305,319

- The tax rate for both the Damascus Fire Protection District and the Southern Triangle Fire Service District is recommended to increase from a tax rate of 10.80 cents to 11.80 cents for FY 2022-23. This tax rate is consistent with the Chatham County tax rate. The rate increase will be used to hire additional part-time staff, and to keep up with the growth demands of serving these two districts.
- In FY 2021-22, the department trained three (3) personnel to maintain staffing at fire stations, upgraded their incident reporting and station management software, continued pre-fire surveys in the district, certified several personnel to the Driver/Operator and Aerial Operator standard, and certified several personnel in swift water rescue.
- In FY 2022-23, the department will continue to enhance fire prevention programs in the community, continue the pre-fire survey program with new software, continue and enhance their Safe Kids and Smoke Detector programs, continue training divers to the Public Safety Diver Standard, and hire three (3) additional personnel for station staffing.
- The North Chatham Fire Department will continue to contract with Orange County to provide fire services to the residents in both the Damascus Fire Protection District and the Southern Triangle Fire Service District within Orange County. There will be a separate agreement for the Damascus Fire Protection District since a different NC General Statute provides the County authority to contract for Fire Protection.

Efland Fire District

\$760,401

- The tax rate for this district is recommended to increase from a tax rate of 7.28 cents to 8.28 cents for FY 2022-23. This rate increase will be used to expand current part-time staff and cover additional operations costs for items such as gas and oil, uniforms and clothing, and insurance and bonds.
- In FY 2021-22, the department completed Fire Station 3 and became a certified station through OSFM, purchased a new fire engine and equipment, purchased CPR mannequins for training, and assisted multiple members to become certified Fire Officers, Firefighters, and Emergency Medical Responders. The department also lowered their ISO rating from a class 6 to a class 3, which is the lowest volunteer rating for a district in Orange County.

Fire Districts - continued

- In FY 2022-23, the department plans to complete the design for renovations for station 1 and begin renovations, continue to teach training classes for state certification, do a smoke alarm canvas to reach homes in the district with smoke detectors, and upgrade radios, station computers, and the driveway at station 2.
- Their Five-Year plan includes building a training facility at station 2 and replacing a 2001 engine, 1991 tanker, and 2004 support vehicle.

Eno Fire District

\$977,381

- The tax rate for this district is recommended to increase from a tax rate of 8.98 cents to 9.98 cents for FY 2022-23. The rate increase will be used to add night time staff for 24 hour paid staffing and replacing equipment that is outdated and no longer National Fire Protection Association (NFPA) approved.
- In FY 2021-22, the department certified three (3) additional members in Water Rescue and four (4) additional members in Trench Rescue, maintained certification in medium rescue, held and sponsored a weekend regional rescue/extraction class, maintained their ISO rating of 5, and purchased new rescue equipment.
- In FY 2022-23, the department plans to replace a 22 year old engine, purchase new rescue gear, purchase new turnout gear which are no longer NFPA approved, certify additional members in Water Rescue and trench rescue, and replace old and outdated radios.
- Their Five-Year plan includes replace the second 22 year old Fire Engine, add additional members, purchase additional walkies/radios to replace outdated units, purchase additional PPE to replace older/outdated gear, and continue with the search for land for a new Station 1 location.

Little River Fire District

\$364,070

- The tax rate for this district is recommended to remain at an existing tax rate of 6.39 for FY 2022-23.
- In FY 2021-22, the department completed their financial audit, received a new fire engine, opened Station 2, maintained their ISO 5 Rating, applied for grants to upgrade equipment, and continued recruiting volunteers.
- In FY 2022-23, the department certify Station 2 with NC Department of Insurance/Office of State Fire Marshal, apply for grants to update firefighting equipment, continue Firefighter recruitment and community outreach, purchase equipment to outfit the new fire engine, and maintain their ISO 5 Rating.
- Their Five-Year plan includes continuing to apply for additional grants to upgrade equipment to meet standards; conduct their annual financial audit; research the feasibility of hiring additional part-time staff; maintain their ISO rating of 5, go through the ISO Rating regrade process, and continue fire prevention and community outreach.

New Hope Fire District

\$971,620

- The tax rate for this district is recommended to increase from a tax rate of 10.12 cents to 11.56 cents for FY 2022-23. The rate increase will be used to support hiring more part-time employees due to dwindling volunteers in addition to offsetting the rising cost of equipment and fuel.
- In FY 2021-22, the department has received nine (9) new volunteer members, are hiring two (2) new part-time employees, multiple volunteer members are in the process of completing firefighter,

Fire Districts - continued

as well as EMT certifications, received a new fire engine to replace aging engine with increased repair costs, hosted and participated in seven (7) mutual aid training events, and improved their insurance rating from a class 6 to a class 4, which lowers insurance premiums for homeowners.

- In FY 2022-23, the department will add a first responder/utility vehicle to improve the unified command system, train new fire drivers; offer mandatory Emergency Vehicle Driver training; send members to area fire schools for specialized training and ensure that all member receive hazmat and bloodborne pathogens training to meet OSHA requirements; host training events for mutual aid departments to meet ISO training requirements; continue to seek and apply for grants to enhance service delivery and offset operational costs; and identify ways to enhance volunteer membership to offset decreasing volunteers response to daytime calls.
- Their Five-Year plan includes continuing certification training and offering specialized training courses, including OSHA required training courses; apply for grants for personal protective equipment and communications equipment; revise strategic plans for the department to increase efficiency; maintain a viable volunteer membership, increase pay and improve benefits for both full-time and part-time employees; continue to replace personal protective equipment on rotating basis to meet National Fire Protection Agency requirements.

Orange Grove Fire District

\$724,431

- The tax rate for this district is recommended to increase from a tax rate of 6.27 cents to 7.27 cents for FY 2022-23. The rate increase will support rising fuel and equipment costs in addition to capital expenditures for station and equipment upgrades.
- In FY 2021-22, the department recruited and filled part-time Chief and Deputy Chief roles in addition to other positions; purchased and received a used elliptical tanker, donated an old pumper/tanker to Tylertown Fire Department in Hoke County, and purchased new turnout gear and radios.
- In FY 2022-23, the department plans to purchase and replace Self-Contained Breathing Apparatus (SCBA) air packs, and spare bottles, recruit two (2) new part time employees to supplement daytime coverage, and work with Orange County to replace/upgrade 800Mhz radios.
- Their Five-Year plan includes continuing ISO improvement plan with goal of reducing homeowner insurance costs; continue collaboration with other county fire departments; continue working relationships with the County; continue and expand member training program to reach 1403 standards; and acquire equipment as per NFPA recommendations and update aging equipment.

Orange Rural Fire District

\$1,696,665

- The tax rate for this district is recommended to remain at an existing tax rate of 9.49 cents for FY 2022-23. The district requests \$45,204 of their fund balance to support debt service for one-time costs such as replacing worn out gear, hoses, and thermal imagers.
- In FY 2021-22, the department replaced ten year old support vehicle, began construction of station 4 at Waterstone, began the design phase for the relocated Station 2, certified multiple members to car seat technician, swift water rescue and tank rescue, paid off fire truck debt, and evaluated new self-contained breathing apparatus.
- In FY 2022-23, the department plans to replace self-contained breathing apparatus, change radio equipment, certify the department in trench and structural collapse rescue, update the knox key management system, and certify and open Station 4.

Fire Districts - continued

- Their Five-Year plan includes re-locating Station 2, build a training facility, and increase staff to meet NFPA 1710 and 1720.

South Orange Fire Service District

\$615,313

- The tax rate for this district is recommended to remain at an existing tax rate of 9.09 cents for FY 2022-23.
- The Town of Carrboro will continue to provide fire protection for the South Orange Fire Insurance District through a contract with Orange County.
- In FY 2021-22, the department took delivery of and operationalized a new water tanker truck, developed task books for promoted positions, developed a probationary firefighter program, and continued pursuing grant opportunities.
- In FY 2022-23, the department plans to develop pre-fire plans for large square footage buildings and long setbacks from the road, conduct three (3) smoke detector canvasses in at-risk areas of the district, and conduct pre-planning of target hazards in the district.

Southern Triangle Fire Service District (See Damascus Fire District)

- Refer to the section regarding Damascus Fire District for this department's information.
- North Chatham Volunteer Fire Department serves people in this district as well as those in the Damascus Fire Protection District.

White Cross Fire District

\$643,993

- The tax rate for this district is recommended to remain at an existing tax rate of 12.34 cents for FY 2022-23.
- In FY 2021-22, the department added ten (10) new high school students to their candidate program, assisted three staff to become certified, received and put into service a new engine, completed the state of NC ISO re-grade, and hosted a regional AFG radio grant for departments in the County.
- In FY 2022-23, the department plans to continue to carry out its mission as a professional fire department, continue to host firefighter certification class partnering with Durham Tech, continue to oversee and maintain the County fire training center, and add two sets of rescue stabilization struts.
- Their Five-Year plan includes continuing their systematic replacement of extrication equipment to meet the automotive 2025 steel strength requirements; replace Self-Contained Breathing Apparatus (SCBA) in FY 2023-24; and continue their annual replacement plan of turnout gear and radios.

Budget Highlights

The FY 2022-23 Manager Recommended budget contains the following changes from Base Budget:

Total Expenditure increase of \$330,765 based on restoration of travel & training to pre-pandemic levels, new Dental Health Division positions and equipment repair, increased demand for Community Health Services and FTE increase from 0.6 to 1.0 for Bioterrorism-Preparedness Coordinator. Grant revenue and matching grant expenditure increase for Advancing Equity project to address COVID-19 related health disparities. Total Revenue increase of \$248,137 due to increased Dental Health service levels and Medicaid Maximization cost settlement, and increased demand and fee change in Environmental Health Division. The Net County Cost increase is \$82,628.

The Manager Recommended Budget does not include funding for the following Department Requests:

IT Support Analyst new position and increase in temporary personnel for foreign language interpreters and environmental health.

Mission Statement

Our mission is to enhance the quality of life, promote the health, and preserve the environment for all people in Orange County.

Major Divisions/Services

- Finance and Administrative Services
 - o FY 2021-22 Highlights
 - Planned, trained, implemented, and maintained 15 new pandemic-related information management systems and data visualization tools.
 - Process all birth and death certificates, burial transit permits, and other vital records in compliance with state general statutes.
 - o FY 2022-23 Highlights
 - 100% of employees will receive their annual performance review via PERFORM by the new specified due date.
 - Update and re-design technology asset inventory to ensure appropriate staff resources for the hybrid work model and staff technological support.
- Dental Health Services
 - o FY 2021-22 Highlights
 - Successfully re-opened the Whitted dental clinic in August 2021; saw patients while providing a safe clinical environment with no internal transmission of COVID-19.
 - Opened the Mobile Dental Clinic at Southern Human Services Center seeing patients two days per week.
 - Continued collaboration with WIC to provide dental home for underserved children and pregnant women.
 - o FY 2022-23 Highlights
 - Continue operating Mobile Dental Clinic at least two days a week and initiate operations into schools.
 - Increase number of patients seen at Mobile Dental Clinic by 20% (1 additional patient per day).

Health – continued

Performance Measures	2019-20 Actual	2020-21 Actual	2021-22 Budget	2021-22 Projected	2022-23 Budget
Service: Provide preventive services (oral health screening, cleaning, fluoride, and sealants) to children of Orange County.					
Outcome Measure: Increase access to dental health services for children in Orange County.					
Number of children that receive toothbrush prophies (cleanings)	913	830	n/a	850	900
Number of children that receive oral health screenings in schools	80	n/a	n/a	100	120
Service: Provide dental care to economically disadvantaged Orange County Residents					
Outcome Measure: Increase access to dental health services for economically disadvantaged Orange County residents.					
Number of total dental patient visits	5650	4445	5040	6876	7000
Percentage of Medicaid/Health Choice visits	22%	29.7%	30%	35%	35%

- Community Health Services
 - o FY 2021-22 Highlights
 - 379 boxes of Nicotine Replacement Therapy (NRT) products were provided to participants in either Fresh Start Class or Tobacco Treatment Individual Services; this is a 68% increase in service provision. To combat COVID-19 barriers clients were served over the phone and NRT mailed resulting in increased access, sustained engagement, and ease in quitting.
 - Supported the COVID-19 response through education, communication, and equitable practices; engaged community partners in resource development, testing, training, volunteering, disease surveillance, and vaccine promotion.
 - o FY 2022-23 Highlights
 - Maintain and strengthen tobacco cessation referral partnerships with UNC Horizons, Freedom House, UNC Tobacco Treatment Program and Orange Family Medicine; remove quit barriers for patients by continuing phone counseling and NRT mailing.
 - Convene community partners to begin planning for the next Community Health Assessment in 2023.
- Environmental Health Services
 - o FY 2021-22 Highlights
 - COVID-19 response and recovery efforts were daily tasks. These activities included, but were not limited to, complaint investigation (i.e. employer misconduct, face coverings, off-campus activities), COVID-19 safety planning for individuals and groups, and executive order education including exemptions.
 - Energov notifications were changed to provide onsite wastewater and well clients access to their documents in real-time through the customer service portal. The changes created more efficient workflow for water sample generation and real-time dissemination of results to well owners.
 - o FY 2022-23 Highlights

Health – continued

- Set a service delivery rate for new permits for Improvement Permits (IP) and Construction Authorizations (CA) to help determine staffing goals and create a Quality Assurance Program specialty for the On-Site Wastewater Program (OSWP).
- Resume operational inspection goals for public swimming pools during pool operation.

Performance Measures	2019-2020 Actual	2020-2021 Actual	2021-2022 Budget	2021-2022 Projected	2022-2023 Budget
Service: Assure proper construction and operation of septic systems and private water wells through permitting, evaluation, inspections, enforcement, and water sampling.					
Outcome Measure: Improve efficiency and efficacy in processing activities of the OSWP assurance.					
Percentage of new OSWP applications that receive response within the first 14 days	n/a	32%	70%	43%	70%
Average number of days until new permit for IP/CA	n/a	58/55	n/a	56/56	n/a
Number of New Well Water Samples	202	177	230	196	200

- Personal Health Services

- o FY 2021-22 Highlights

- Communicable Disease team along with many Health Department staff, county staff, and community and state partners provided COVID-19 testing, vaccination, surveillance and education to decrease transmission of COVID-19 in Orange County.
 - The Nutrition team worked to increase the percentage of participants with improved blood glucose control after completing Diabetes Self-Management Education (DSME) from 75% to 76% and increased the number of participants completing 9 of 10 hours of Diabetes education classes from 83% to 84%.

- o FY 2022-23 Highlights

- Increase the percentage of Orange County residents fully vaccinated against COVID-19 with primary dose series from 75% to 80% and those who have received a COVID-19 booster from 46% to 60%.
 - Increase number of Medical Nutrition Therapy appointments from 720 to 868.
 - Increase the percentage of participants completing 9 of 10 hours of Diabetes education classes from 84% to 85%.

Performance Measures	2019-2020 Actual	2020-21 Actual	2021-22 Budget	2021-22 Projected	2022-23 Budget
Service: Provide medical services to uninsured, underinsured and Medicaid eligible clients.					
Outcome Measure: Increase the number of underserved children in the Orange County Community that have a medical home.					
Number of child health visits	1730	1429	1800	1370	1500

Health – continued

Performance Measures	2019-2020 Actual	2020-21 Actual	2021-22 Budget	2021-22 Projected	2022-23 Budget
Percentage of eligible children appropriately tested for blood lead poisoning	90%	100%	95%	95%	95%
Service: Provide investigation, prevention, and control of communicable diseases.					
Outcome Measure: Increase the percentage of Orange County residents vaccinated against the SARS CoV-2 virus to prevent severe illness from the resulting COVID-19 disease.					
Percentage of Orange County residents fully vaccinated against the SARS CoV-2 virus*	n/a	61%	90%	75%	80%

*The CDC definition of fully vaccinated/up to date on vaccinations changed with the addition of booster doses for the general public in December 2021. We will continue to use the percentage of Orange County residents with at least 2 Moderna/Pfizer vaccines or 1 J&J vaccine for FY 22-23 for this performance measure. We will also track our progress on Orange County residents who are up to date on vaccines per the revised CDC definition, including a booster dose, in FY 22-23.

SMART Goals (Specific, Measurable, Achievable, Realistic, Time-Based)

Goal 1: Improve oral health of children by increasing the number of children that are receiving child prophylaxes (prophies) to an average of 128 per month by expanding dental services into schools.

Performance Assessment: The Dental Division is working hard to meet their goal of increasing the number of children receiving prophylaxes. Adjustments have been made to the schedule that allow more appointments slots to be available for this service.

Goal 2: Improve customer response time by completing an initial site visit within 2 weeks of receiving a complete application at a rate of 75%.

Performance Assessment: Environmental Health is projecting an improvement in this smart goal over last year's values, though not projecting to meet smart goal target in the current fiscal year. The Division is working with Energov administrators to improve the collection of the date(s) needed for this measure, with informatics staff at the Department to disaggregate reports to verify the data of the measure, and with internal staffing procedures to maximize the first days after an application. However, with the increased demand for services, this smart goal target is ambitious.

Goal 3: Improve access to healthcare services for families enrolled in the Family Success Alliance (FSA) by increasing the number of families' with a medical home at a rate of 70% by the end of the fiscal year.

Performance Assessment: As healthy outcomes/access to care emerges as a goal, staff have begun collecting this data point from FSA families and are entering it into our brand new database rolled out in February 2022. This new database will allow these data to be pulled in aggregate for reporting purposes in the future.

Budget Highlights

The FY 2022-23 Manager Recommended budget contains the following changes from Base Budget:

Two major initiatives to stabilize Housing support post-American Rescue Plan Act (ARPA) funding. First, the budget is recommending municipal funding through the Partnership to End Homelessness model to support county ARPA programs. This adds \$406,280 municipal funding to the Partnership to support the Rapid Rehousing Program, the Street Outreach and Harm Reduction Diversion (SOHRAD) Program, and the Housing Locator & Housing Stability positions in the Community Development Fund. Second, the county is adding \$500,000 of General Fund contribution to make permanent four (4) FTEs, currently funded by ARPA. These include Community Stability Manager, The Emergency Housing Team Lead, the Eviction Diversion Legal Counsel and the Eviction Diversion Expeditor positions currently funded by ARPA. This funding will also support the county portion of the Rapid Rehousing

Housing Department – continued

program through the Partnership model and restore county funding to the local urgent repair program, both currently supported by grants and ARPA.

The Manager Recommended Budget does not include funding for the following Department Requests:

Department requested additional programs to be funded through ARPA and Municipal support through the Partnership model. These programs include two (2) additional Rapid Rehousing positions, Bridge Housing, Permanent Supportive Housing, Homeless Youth Housing, and Covid Isolation Hoteling.

Mission Statement

Orange County Housing staff work with empathy and a racial equity lens to connect people and partners with housing resources

Major Divisions/Services

- Housing Administration
 - o FY 2021-22 Highlights
 - Staff turnover, hired new staff for both Administrative Assistant and Business Officer positions
 - o FY 2022-23 Highlights
 - Temporary employee requested to cover Housing window at Southern Human Services Center, help people presenting for housing services, connect people with Emergency Housing Assistance and other resources
 - Department name change from Housing & Community Development to Housing Department
- Community Development
 - o FY 2021-22 Highlights
 - Worked with Towns of Chapel Hill, Carrboro and Hillsborough to award \$677,267 in HOME funds for FY20-21 HOME Investment Partnership program and craft plan to award \$1.3 million in HOME-ARP funds made available via the American Rescue Plan
 - o FY 2022-23 Highlights
 - \$20,000 requested for contract to support work of the Home Preservation Coalition that coordinates all rehabilitation and repair work among 12 agencies in Orange County
 - FY24 and HOME-ARP funding process to coincide in winter/spring 2023
 - Emergency Housing Assistance and Eviction Diversion Programs proposed to move to new Community Stability division
- Orange County Partnership to End Homelessness
 - o FY 2021-22 Highlights
 - Secured over \$1 million in funding for homeless services in Orange County via the Continuum of Care, Emergency Solutions Grant, and Foundation for Health Leadership and Innovation grants
 - Secured annual ongoing funding from the Continuum of Care grant for Orange County Partnership to End Homelessness for 2 FTE Rapid Re-housing Case

Housing Department – continued

Manager positions; Rapid Re-housing client financial assistance to come from HOME Tenant Based Rental Assistance

- o FY 2022-23 Highlights
 - Recommending municipal support for ARPA funded programs, such as Street Outreach and Harm Reduction Diversion, Rapid Rehousing, Housing Locator and Housing Stability.
- Housing Choice Voucher Program
 - o FY 2021-22 Highlights
 - 648 Housing Choice (Section 8) vouchers are currently available for rent assistance, including new vouchers for people exiting homelessness, veterans, and youth exiting foster care
 - Since October 2020, Orange County has issued 177 Housing Choice Vouchers to people exiting homelessness in collaboration with Orange County Partnership to End Homelessness and other homeless service providers
 - o FY 2022-23 Highlights
 - Complete leasing up of Emergency Housing Vouchers provided as part of the American Rescue Plan
- Community Stability
 - o FY 2021-22 Highlights
 - In collaboration with the Towns of Chapel Hill, Carrboro, and Hillsborough, provided over \$3 million to 932 unique households for rent and utility assistance via the Emergency Housing Assistance Program
 - Assisted 3243 unique households contacting the Housing Helpline to connect with housing and other services, including responding to over 15,000 calls, 8500 emails, and 200 in person visits
 - Incorporated Eviction Diversion Program into department Fall of 2021, hired Eviction Diversion Legal Counsel, helped to prevent 83 evictions
 - o FY 2022-23 Highlights
 - New division in the Housing Department, comprising of county funded positions with the Emergency Housing Assistance, Eviction Diversion, and Housing Helpline programs formerly housed in the Community Development and Partnership to End Homelessness divisions
 - Continuation of ARPA and grant funded programs

SMART Goals (Specific, Measurable, Achievable, Realistic, Time-Based)

Goal 1: Move 10% of households experiencing homelessness to housing each month.

Board Goal: #1

Justice Goal: #1

Progress: ●

Performance Assessment: The number of people experiencing homelessness in Orange County is at an historic high. While the Partnership to End Homelessness is moving more households to housing than before, it lags behind the growth of homelessness in our community.

Goal 2: Decrease the median length of time between voucher and leasing by 10%.

Board Goal: #1

Justice Goal: #1

Progress: ●

Performance Assessment: It is taking people who have been issued Housing Choice Vouchers a median of over three months to find housing. The department works with landlords to accept voucher clients.

Goal 3: Create a community led Housing Plan by end of FY22-23.

Milestones and Tasks	Start	Progress (at Apr 1, 2022)	End
Explore possibility of using HOME-ARP Admin funding	May 22	0%	Jun 22
Work with Towns to draft contract bid for vendor	Jul 22	0%	Jul 22
Work with contractor to hold community listening sessions	Aug 22	0%	Oct 22
Work with contractor and Towns to incorporate community feedback into draft plan	Oct 22	0%	Nov 22
Circulate draft plan to advisory boards, community groups	Sept 22	0%	Jan 23
Incorporate community feedback into revised draft plan	Jan 23	0%	Feb 23
Incorporate elected feedback into final draft plan	Apr 23	0%	Mar 23
Circulate final draft plan for approval by four jurisdictions	May 23	0%	Jun 23

Board Goal: #1

Justice Goal: #1

Progress: ●

Performance Assessment: A County-wide affordable housing plan would help to focus and galvanize affordable housing efforts made by all organizations working on affordable housing in our community, including the four jurisdictions, developers, community members, and community groups

Budget Highlights

The FY 2022-23 Manager Recommended budget contains the following changes from Base Budget:

Total Expenditure increase of \$39,981 based on an increase in contract services and restoration of pre-pandemic travel and training budget among other operations increases. The Net County Cost increase is \$39,981.

The Manager Recommended Budget does not include funding for the following Department Requests:

Additional funding for temporary staffing and an increase to the county-wide staff recognition program.

Human Resources Changes	Expenditure Increase / (Decrease)	Revenue Increase / (Decrease)	Net County Cost
Minor personnel adjustment to benefits	\$ (154)	\$ -	\$ (154)
County-wide restoration of pre-pandemic travel and training	\$ 12,140		\$ 12,140
Increase in operations including advertising and contract services	\$ 27,995	\$ -	\$ 27,995
Net Human Resources Changes	\$ 39,981	\$ -	\$ 39,981

Mission Statement

The Human Resources Department of Orange County provides a full-range of human resource services and programs supporting and promoting an inclusive culture and work environment that is characterized by fair treatment of staff, open communications, personal accountability, trust and mutual respect. Areas of service include competitive recruitment and selection for all County positions (excluding the Sheriff's Department), position classification and pay administration, staff development and training, employee and retiree benefit administration and employee relations.

Human Resources – continued

Major Divisions/Services

- Promoting and recruiting the best qualified people, while recognizing and encouraging the value of diversity in the workplace.
- Providing a competitive salary and benefits package and developing the full potential of our workforce by providing training and development for career enhancement.
- Providing a work atmosphere that is safe, healthy, and secure and conscious of long-term family and community goals.
- Ensuring compliance of employment laws including Drug and Alcohol, Fit for Duty, ADA, and Discrimination Programs and managing employee relation issues in a fair and consistent manner.
- Establishing, administering and effectively communicating sound policies, rules and practices that treat employees with dignity and equality while maintaining company compliance with employment and benefit laws and the Orange County Code of Ordinances.
- Creating best practices to ensure diversity, equity and inclusion (DEI) is prominent throughout the County, to continually assess our opportunities of improvement within Orange County and to promote best practices of DEI initiatives.

FY 2021-22 Outcomes

- Transitioned to a Focal Performance Management Program (PMP) with the first evaluation being due in October of 2022.
- Lead the DEI Advisory Team Meetings to support the OC DEI Initiative.
- Launched the BESS (Benefits Employee Self Service) tool, our benefits system administration system to employees allowing them access to important benefit information, benefit contact information and benefit forms.
- Completed first audit of the Federal Motor Carrier Safety Administration Drug and Alcohol Clearinghouse with no violations.
- Created Hiring Process and Interview Training modules in LEARN.
- Beta tested Volunteer Process and background check process for DEAPR volunteers.
- Prepared and communicated new COVID Testing and Vaccination Testing Policy and implemented necessary management system.

FY 2022-23 Objectives

Employee Engagement, Wellness and Benefits

- Enrich our Orange County Benefit Health Plan by adding ancillary voluntary benefit plans such as Pet insurance (Total Pet Plan), Legal Insurance (ARAG), Identity Theft (Norton&Lifelock) and Long Term Disability (Unum).
- Implement design change to our existing Health Voluntary Benefit Plans for the Unum Accident, Critical Illness and Hospital Indemnity which adds enhancements to the plans to allow employees to obtain a richer benefit.
- Orange County Wellness Program: Included BCBS Wellness Experience which will assist members to engage in healthy activities and wellness challenges to promote positive healthy lifestyle.

Employee Development and Training and Performance Management

- Update NEOGOVPERFORM Users Guidebook using feedback from employees using they system and create training videos for NEOGOV LEARN inclusion.

Human Resources – continued

- Provide Implicit Bias Training for all employees.
- Identify two actionable County wide initiatives in the areas of Diversity, Equity and Inclusion

Workforce Planning and Staffing

- Classify all temporary employees in MUNIS for better budgeting and oversight.
- Create mandatory training program to certify the eligibility of hiring managers to participate in the departmental selection process. Courses will include hiring for a diverse workforce, hiring liability related to discrimination, negligent hiring, and legal and lawful interviewing.
- Provide data by race, ethnicity, and gender to determine if inequities are prevalent through County departments.

Employee Relations

- Begin analytics to establish root cause of recurring disciplinary issues within a department and seek training and counseling opportunities to minimize future occurrences
- Provide consultation and guidance to employees regarding disciplinary action and/or grievance and appeal rights.
- Research and provide Diversity Plan for County review working collaboratively with human resource managers and other key stakeholders.

Classification and Compensation

- Monitor salaries and wages to ensure that all employees, both part and full-time earn a living wage.
- Monitor turnover in each department by classification to determine cause and make recommendations relative to the market.
- Create process to identify pay inequities among County employees and prepare a strategic plan on how to address pay inequities over the next two to three years.

Administration Services

- Review the Orange County Code of Ordinances Chapter 28 and other County Administrative Policies to determine if changes are warranted and make recommendation to the Manager and the Board of County Commissioners.
- Continue cross-training of staff.

Budget Highlights

The FY 2022-23 Manager Recommended budget contains the following changes from Base Budget:

Total Expenditure increase of \$428,256 driven primarily by increases to software maintenance costs, including new cyber security software. Also restores travel and training budgets to pre-pandemic amounts and provides additional Audio/Visual support to Northern Campus and Justice Facilities.

The Manager Recommended Budget does not include funding for the following Department Requests:

Travel and training requests above their pre-pandemic amounts, reverses to 5% structural cuts in the FY 21-22 budget.

Information Technologies Department Changes	Expenditure Increase / (Decrease)	Revenue Increase / (Decrease)	Net County Cost
Restoration of Travel and Training to pre-pandemic funding	\$ 40,705	\$ -	\$ 40,705
Providing AV services to Northern Campus and Justice Facilities	\$ 13,376		\$ 13,376
Increases to software maintenance costs, driven by increased investment in cyber security as well as inflation	\$ 374,175	\$ -	\$ 374,175
Net Information Technologies Department Changes	\$ 428,256	\$ -	\$ 428,256

Mission Statement

To Serve Orange County residents by creating, configuring and maintaining reliable and cost-effective technical solutions for the provision of public services and the protection of County information.

"There are no technology projects, only business projects with technology solutions."

Information Technologies – continued

Major Divisions/Services

- Operations - Infrastructure and Security
 - o FY 2021-22 Highlights
 - Phone system upgrade
 - Update Server Infrastructure
 - New Buildings Brought Online: North Campus, Visitors Bureau.
 - Expand county fiber from WCOB to Whitted and North Campus
 - Rural Broadband Initiative
 - Broadband Task Force
 - Rural Broadband RFP
 - PC replacements
 - Support for long-term move of workforce to remote/hybrid
 - Security Projects
 - Insurance Policy Driven Multi-factor authentication for all desktops, laptops and many online logins
 - File level compliance based access monitoring
 - Improved monitoring of network activity for internal and external threats
 - o FY 2022-23 Highlights
 - Rural Broadband Initiative
 - Security
 - Automation of Sensitive Data protection
 - Quarterly email testing of staff
 - Support of long-term move of workforce to remote/hybrid
 - Planning for Microsoft Office to move to the cloud, e.g., Office 365
- Applications
 - o FY 2021-22 Highlights
 - Application to manage staff's vaccination/testing records
 - Economic Relief program management application - Housing/Tax Departments
 - Mobile Dental Clinic
 - OC Transportation Services buses up-fit
 - Contactless check-out for Library
 - Supported incorporating Hillsborough's fire inspections into OC Fire Marshal division
 - Application to expedite submission of Workers' Compensation claims

Information Technologies – continued

- Replace Dept. on Aging's referral system with a cloud-based application with potential to integrate into NCCARE360
- o FY 2022-23 Highlights
 - Electronic bill presentment - Tax Department
 - Munis major application and database upgrades
 - Computer Assisted Mass Appraisal migration
 - Complete Central Permitting online application portal
 - New application for Pre-Arrest Diversion Program
 - DSS Switchboard upgrade

SMART Goals (Specific, Measurable, Achievable, Realistic, Time-Based)

Goal 1: Achieve and maintain a cyber-hygiene score of 850.

Performance Assessment: IT uses an external monitoring tool, BitSight, to manage cyber risk and better understand how its cyber security investments are working. The aggregate cyber-hygiene scoring methodology can be compared to a credit rating. Examples of the risk vectors monitored by this tool are compromised systems, user behavior, public disclosures and general due diligence in terms of server and systems security. The Government Industry score range is 610 to 780.

Goal 2: 100% Service call resolution within time targets.

Performance Assessment: While the high priority service calls, i.e., P1 and P2 tickets, seem to have a higher success rate in meeting time targets (P1 ≤ 4hrs and P2 ≤ 9hrs), the majority of our incoming service requests go well beyond internal IT service level agreements, e.g. P3 service requests getting solved within the 2 business day time target is not happening.

Goal 3: Complete incoming projects within 4 months on average.

Performance Assessment: To account for projects with larger scopes and therefore longer timelines, IT track the median project duration. Analysis of this metric shows that many IT projects are finished in <12 months. IT works to close out all projects in <4 months. Please note that there are some projects that by design are >4 months may skew averages.

Mission Statement

The Orange County Public Library provides inclusive and welcoming spaces where community members learn, connect, and collaborate. With focus on community engagement, we expand our reach throughout the county, remove barriers to service, ensure that partnerships align with our strategic goals and create inclusive and accessible services and spaces for all.

Major Divisions/Services

- Main Library
 - o FY 2021-22 Highlights
 - Re-opened libraries at full service hours, 54 hours weekly, and reconfigured library spaces to provide safe distance.
 - Transitioned to BOCC approved fine free service model in effort to reduce barriers to service.

Library Services – continued

- Through LSTA grant and ICG funding upgraded self-checkout equipment to allow for contact-free checkout as well as enhanced customer account management.
 - Provided curbside circulation service to 1500 visitors through December 2021.
 - Held weekly story times at the Hillsborough Farmer's Market Pavilion funded by the Friends of the Orange County Public Library.
 - Collaborated with Health Department to distribute approximately 52,000 KN95 and N95 masks to community.
 - Through LSTA grant funding, acquired 16 Chromebooks for public circulation. Coupled with hotspot distribution this addresses demand for access to broadband.
 - Through LSTA grant funding, acquired access to DigitalLearn.org, an online resource that houses a collection of tutorials to increase digital literacy in a self-guided format.
- o FY 2022-23 Highlights
 - Using Collection HQ, an analysis tool for categorizing collection materials, the library will automate tagging for existing and incoming materials. This allows materials to be maintained and selected that are reflective of our organization values including Diversity, Equity, and Inclusion.
 - Partner with Department of Social Services to identify additional opportunities to collect items for community assistance (ex. Food for Families and Toys for Tots initiatives).
 - Collaborate with the Dept. on Aging to develop a system to distribute materials to isolated and rural senior community members.
 - Continue outreach efforts to underrepresented communities by offering monthly programs outside of the library (ex. at schools, community centers, parks).
 - Identify opportunities for collaboration with the Chapel Hill Public Library.
 - Continue collaboration with the Health Department to distribute supplies and disseminate information related to public health initiatives.

Main Library (FY 2022-23, 54 Hours per week)

- Cybrary Branch Library
 - o FY 2021-22 Highlights
 - Re-opened library at modified hours and reconfigured library spaces to provide safe distance.
 - Transitioned to BOCC approved fine free service model in effort to reduce barriers to service.

Library Services – continued

- Through LSTA grant and ICG funding upgraded self-checkout equipment to allow for contact-free checkout as well as enhanced customer account management.
 - Filled holds via library courier service.
 - Partnered with Family Success Alliance and UNC Computer Workshop Series to provide Spanish-speaking computer basics classes via Zoom.
- o FY 2022-23 Highlights
- Open 54 hours.
 - Continue partnership with UNC Computer Workshop Series to host computer literacy classes.
 - Partner with Carrboro Farmer's Market to provide story time series.
 - Develop teen outreach program in collaboration with El Centro.

SMART Goals (Specific, Measurable, Achievable, Realistic, Time-Based)

Goal 1: Items with DEI subject headings will represent 35% of incoming library collection materials.

Board Goal: #6

Justice Goal: #1

Progress: ●

Performance Assessment: Incoming collection materials will be tagged and assessed for DEI representation. 35% of incoming collection materials will represent DEI subject headings.

Goal 2: Increase circulation of digital collection by 10% above base annual circulation of seventy-two thousand check outs.

Board Goal: #5

Justice Goal: #4

Progress: ●

Performance Assessment: Circulation of Digital Library Collection Materials will reflect a 10% increase over base.

Goal 3: Build relationship with Chapel Hill Public Library to increase shared resources in operations, with a goal of 3 shared resources by end of FY22-23.

Milestones and Tasks	Start	Progress (at Jul 1, 2022)	End
Formation of Library Task Force	10/2021	100%	2/2022
Facilitator Contracted	2/2022	100%	6/2022
Goals Established	3/2022	40%	6/2023
Convene Library Services Task Force including representatives from Orange County and Town of Chapel Hill.	4/2022	30%	6/2023
Organize a Meet and Greet with staff members from the 2 libraries.	8/2022	0%	6/2023
Establish a sustainable system for courier service of items returned to the wrong library location.	12/2022	0%	6/2023
Collaborate and co-host one program with the Chapel Hill Public Library.	5/2023	0%	6/2023

Board Goal: #2

Justice Goal: #1

Progress: ●

Performance Assessment: Assessment established by task force and success of 3 shared resources.

*Individual outside agency grantee award amounts are no longer approved by the Board of County Commissioners. Grantees are notified individually of their award amounts. Total funded amount is listed in the Outside Agency Department.

Community Services

Non-Departmentals

Forest Service

\$77,738

These funds provide matching support, with State funds, to protect Orange County forestland. \$18,826 expense increase from Base due to salary increases and the need to purchase a replacement vehicle. The County's cost share is determined by the cost of a Ranger's salary, necessary equipment, communication system and other Forestry improvements deemed necessary. The State covers 60% of these total costs and the County covers 40%.

Durham-Chapel Hill-Carrboro (DCHC) Metropolitan Planning Organization

\$48,708

The Durham-Chapel Hill-Carrboro Metropolitan Planning Organization (DCHC-MPO) is the regional organization responsible for transportation planning for the western part of the Research Triangle area. \$13,689 expense increase from Base due to new dues amounts this fiscal year. The DCHC urbanized planning area covers all of Durham County, a portion of Orange County including the Towns of Chapel Hill, Carrboro, and Hillsborough, and Northeast Chatham County. The DCHC MPO receives federal funds for planning purposes, which require a 20% local match. All member agencies share in these costs based on population within their planning jurisdiction.

Jordan Lake Partnership Dues

\$9,000

Orange County joined an 11-local government coalition with a goal of "collaboratively defining Jordan Lake's role in a long term sustainable and secure regional water supply for the Research Triangle Region." Funds in this account are used to pay Jordan Lake Partnership dues.

Jordan Lake Water Storage Allocation Dues

\$6,000

Represents Orange County's annual payment to the State of North Carolina for the current 1 million gallons per day (mgd) Level II allocation the County previously held plus 3 mgd Level II as part of the new supply request. To retain the allocation, the County pays one percent of the operations, maintenance and rehabilitation program costs. The State of North Carolina has the responsibility to allocate and manage water supply storage in Jordan Lake, and the Division of Water Resources is the lead agency for carrying out this charge.

Lake Orange

\$40,000

These funds provide for maintenance, grass cutting and other grounds keeping at Lake Orange and upstream sediment structures. Lake Orange maintenance funds serve to protect the County's interests in the infrastructure of Lake Orange, as a drinking water source and natural habitat in the Eno River channel. Reservoirs require protection from the growth of trees on dams, the activities of beavers clogging overflow structures raising water levels to unsafe levels, and from the loss of storage volume due to collected sediment.

Piedmont Conservation Council (PCC) Dues

\$3,000

Originally set up by the USDA as part of a national network of Resource and Development Councils, PCC leverages people and resources for innovative projects that promote conservation and sustainable communities. The PCC Council is comprised of three representatives from Alamance, Caswell, Chatham, Durham, Guilford, Orange, Randolph, Rockingham, and Wake Counties. These Council members provide technical expertise and local connections, as well as

Community Services Non-Departmentals - continued

identify new Council initiatives. Each county also has a member that serves on the Executive Board that makes regular business decisions and oversees the daily operations of PCC.

New Planning Initiatives **\$131,250**

These fund a variety of planning initiatives in the upcoming year. This includes \$4,500 to fund a new initiative for local shares of the Clean Water Education Partnership and \$1,750 of funding for rural buffer and bike signage. \$100,000 of these funds are to update the Comprehensive Plan, adopted in 2008. \$25,000 of these funds are for costs and services related to the local governments' Greene Tract initiatives, including surveying work for the recombination plat, professional facilitator for the Managers, Mayors, and Chair (MMC) meetings, consulting fees related to future planning goals and objectives, and costs incurred from public engagement and community events.

Rural Planning Organization (RPO) **\$9,000**

The State of North Carolina created the Rural Planning Organization (RPO) in order to review, analyze and recommend planning and improvements to rural area transportation networks. Triangle J Council of Governments is the lead agency to coordinate a multi-county rural region adjacent to the Durham/Chapel Hill Metropolitan Planning Organization (MPO), which handles more urban issues. Orange County's membership in the RPO requires one commissioner, the county manager (or a designee), and the transportation planner to be participating members.

Solid Waste Programs Fee for County Property **\$8,000**

These funds cover the Solid Waste Programs fee assessed to County properties.

Solid Waste Program Fee-in-Lieu of Taxes **\$50,000**

These funds cover the Solid Waste Program fees assessed to property owners in Orange County, who have been granted a waiver by the County due to their financial inability to pay.

Triangle J Council of Government (TJCOG) - Water Supply Monitoring Project **\$16,534**

The greater Research Triangle Area is a six-county region within the upper Cape Fear and upper Neuse River Basins in North Carolina. Two multipurpose reservoirs, eight smaller reservoirs, and six rivers supply water for the 30 municipalities in the area.

Because of this reliance on surface water for water supply and the potential impact of growth on the quality of the region's water supply sources, local governments in the region recognize that water-quality monitoring is crucial to the protection of the Triangle Area's surface-water resources. With assistance from the U.S. Geological Survey (USGS), the Project has collected and analyzed water-quality samples from reservoirs and streams and collected continuous discharge record from streams in the study area for more than 20 years.

The Triangle Area Water Supply Monitoring Project was established to provide local governments with water-quality and stream flow data that could be used to protect and monitor the area's surface-water supplies. Specific goals of the Project are to:

1. Supplement existing data on major ions, nutrients, and trace elements to enable determination of long-term trends;
2. Examine differences in water quality among water supplies within the region, especially differences among smaller upland sources, large multipurpose reservoirs, and run-of-river supplies;

Community Services Non-Departmentals - continued

3. Provide tributary loading and in-lake data for predictive modeling of Falls and Jordan Lakes; and
4. Establish a database for the presence of synthetic organic compounds in surface water in the region.

Upper Neuse River Basin Dues

\$124,178

These funds provide for Orange County to remain a member of the Upper Neuse River Basin Association. Starting in FY 2013-14, activities undertaken by the UNRBA over the next five to ten years, to alter Stage II of the Falls Lake Rules, will require substantial funding. UNRBA has contracted with Cardo ENTRIX to conduct a comprehensive surface water monitoring project over a four-year period (2015-18), the purpose of which is to collect better data needed to revise the State's nutrient reduction goals that will be required of all local governments in the Upper Neuse watershed (including Orange County).

Non-Departmental Summary

Other Agencies - Recreation

Listed below are appropriations for non-departmental Other Agencies - Recreation related funds and entities.

	2020-21 Actual Expenditures	2021-22 Original Budget	2022-23 Base Budget	2022-23 Department Requested	2022-23 Manager Recommended
Other Agencies - Recreation					
Contribution - Carrboro	35,898	35,898	35,898	35,898	35,898
Contribution - Chapel Hill	83,760	83,760	83,760	83,760	83,760
Contribution - Mebane	5,450	5,450	5,450	5,450	5,450
Other Agencies - Recreation Total	\$ 125,108	\$ 125,108	\$ 125,108	\$ 125,108	\$ 125,108

Community Services - Other Non-Departmentals

Other Agencies – Recreation

\$125,108

General Fund contributions to the Towns of Carrboro (\$35,898) and Chapel Hill (\$83,760), and the City of Mebane (\$5,450) recreation departments. This represents the same funding as in FY 2021-22.

Non-Departmental Summary

General Government

Listed below are appropriations for non-departmental General Government related funds and entities.

	2020-21 Actual Expenditures	2021-22 Original Budget	2022-23 Base Budget	2022-23 Department Requested	2022-23 Manager Recommended
General Government					
DMV Collection Charges	345,254	0	0	0	0

General Government Total	\$ 437,717	\$ 105,000	\$ 102,500	\$ 102,500	\$ 102,500

General Government Non-Departmentals

Manager's Miscellaneous \$20,000

This account provides funds for miscellaneous, non-budgeted expenditures that often arise during the fiscal year. It provides the Manager with the flexibility to handle small non-budgeted items as they occur immediately. This account prevents requesting small expenditures from the Board of Commissioners' contingency account.

Meeting Support Supplies \$10,500

This account provides funds for costs associated with Department Director Meetings, Department Director Retreat, Employee Advocacy Roundtable, and internal United Way campaign meetings.

School Collaboration Consultant \$2,000

To cover mediation costs associated with school district collaboration meetings.

Stormwater Fees for County Property \$40,500

These funds provide for payments to the Town of Chapel Hill and Town of Hillsborough for stormwater utility fees assessed to County properties.

Tax Bill Inserts \$4,000

Funding is provided for the production and printing of informational inserts to the County's mailing of annual property tax bills.

Triangle J Council of Government (TJCOG) – Dues \$25,500

Funds are budgeted to pay TJCOG dues for regional Emergency Medical Services, Aging, and Ombudsman support.

Human Services Non-Departmentals

Cedar Grove Neighborhood Association

\$94,087

The Cedar Grove Neighborhood Association is honored to have and maintain an Operation Agreement with Orange County as it relates to the Cedar Grove Community Center (CGCC). CGCC is housed in the historic Cedar Grove School, which was built in 1950 and converted to a County facility in 1976. The building was renovated into a community center in 2016. The Center provides services and support to all community citizens in Northern Orange County. The mission of the Cedar Grove Community Center (CGCC) is to provide challenging and engaging academic, cultural, social, wellness and healthful living experiences for all citizens. All Community Centers were provided a 3% increase from FY 2021-22 funding.

Medical Examiner

\$42,000

Funds are budgeted to perform autopsies and medical examinations as required at the University Medical Center.

Rogers Eubanks Neighborhood Association

\$91,028

The Rogers-Eubanks community, dating back to the 1700s, is located within the boundaries of two (2) local jurisdictions in Orange County, the Town of Carrboro and the Town of Chapel Hill. In 2007, the socially cohesive and culturally rich historic community founded a tax-exempt organization in order to formalize long-term community alliance and movement. The organization, known as the Rogers-Eubanks Neighborhood Association (RENA), needed a place for sharing community resources and developing programs. The Rogers-Eubanks Neighborhood Association (RENA) collaborated with Orange County and a new community center was built. The Rogers Road Community Center held a dedication in November 2014, entered into an Operating Agreement with Orange County and opened its doors shortly thereafter in the new facility. Since that time, other innovative programs have been added to meet the growing needs of the residents and youth in the community. All Community Centers were provided a 3% increase from FY 2021-22 funding.

Social Justice Reserve Fund

\$187,696

The allocation of these funds sets up a reserve fund that could be used to offset potential State cuts to critical human service and other related programs. By holding the funds in reserve, the County will have funds to ensure that the most critical services can be continued. In FY 2022-23, the Manager Recommended Budget includes \$187,696 for the Social Justice Reserve Fund.

United Voices of Efland Cheeks

\$92,032

The United Voices of Efland-Cheeks, Inc. (UVEC) is a grassroots organization with tax-exempt status, founded and organized in 1994. Its mission is to "improve the quality of life for children, youth, adults and seniors in the Efland-Cheeks community by providing a variety of educational, literary, scientific and charitable activities." In 2017, UVEC established a partnership with Orange County and entered into an Operating Agreement that allows UVEC to operate and manage all activities at the Efland-Cheeks Community Center. The United Voices of Efland-Cheeks (UVEC) offers a variety of programs at the Community Center including academic and cultural summer enrichment camps, the Efland Tutoring Academy, a Commodity Supplemental Food Program, art exhibits, a Sheriff's Youth Ride-a-Long Program, a Youth Fall Festival, various activities for seniors, as well as other cultural, social and community-building activities throughout the year. The Center also serves as the host site for Girl Scouts Troop #4377. All Community Centers were provided a 3% increase from FY 2021-22 funding.

Non-Departmental Summary

Other Agencies - Library

Listed below are appropriations for non-departmental Other Agencies - Library related funds and entities.

Public Safety Non-Departmentals

NC Dept. of Public Safety/Adult Correction & Juvenile Justice Pass-Through Funds:

Dispute Settlement Center: Victim (Resolve/Mediation) \$67,722

This program provides assistance to the juvenile justice system by helping offenders to understand the impact of their actions thereby reducing recidivism. The program has the following three components: intervention, prevention and collaboration. A primary component is to schedule face-to-face meetings between the juvenile offenders and their victims. These meetings are facilitated by trained DSC mediators, and organized by DSC staff. The meetings are designed to build empathy and understanding of the human consequences of the youth's criminal actions. The RESOLVE program will help the juvenile courts and juvenile court counselors to hold offenders accountable for their actions.

Exchange Club of Alamance \$61,600

Provides Parent-Teen Solutions as part of JCPC award. Provided to at-risk and delinquent youth ages 10-17 and their parents. This program is designed to maintain youth in their home, while reducing recidivism, improving parent-child relationships, school motivation, problem-solving skills, interpersonal skills and parenting skills.

Fire Districts Audits \$40,000

As per Agreements with the fire districts within Orange County, each district must submit an annual audit, by an independent auditor, to the County. Based on the Agreement, the County will pay for the cost of the audit.

Governor's Crime Commission Grant \$11,455

Recipient - District Court Judges Office, Judicial District 15B - NC Administrative Office of the Courts. This grant funds a position that serves as a coordinator between the courts and the school systems focusing on school suspensions and trancies in hopes of reducing the number of youth suspended from school.

JCPC Administration \$15,500

Administrative funds are used to provide administrative support to the Orange-Chatham Justice Partnership.

Orange County JCPC Matching Funds \$107,729

These funds fulfill the Orange-Chatham Justice Partnership requirement for the County to provide a 30% match for all JCPC funded agencies.

Unallocated \$11,587

These funds are a placeholder for JCPC funds that have not been allocated to agencies by the council.

Volunteers for Youth – Teen Court \$74,625

Teen Court is a diversion program for petty juvenile court offenders. Adult volunteers train youth volunteers to act as officials of the court who hear the complaints and determine appropriate sanctions for peers who have admitted to violating the law. By diverting first-time, petty offenders from the juvenile court system, Teen Court reduces the backlog of cases and ultimately allows more time for serious offenses. Offenders are given the opportunity to resolve their charge without obtaining an official court record. The youth volunteers benefit by being given the opportunity to learn about the court system and by exposing themselves to the concept of community service.

Public Safety Non-Departmentals - continued

Teen Court will not accept cases involving sexual offenses, firearms, hate crimes, motor vehicle violations, and offenses that have resulted in serious injury.

Volunteers for Youth

\$89,730

This agency allows delinquent youths the opportunity to repay society for their destructive behavior. Through community service, young people are taught accountability for their actions and respect for the rights of others. By working one-on-one with the volunteer work-site supervisors, they develop job skills and explore career opportunities, which ultimately help to build self-esteem. Community service/restitution programs have proven to be one of the most effective types of programming in preventing court involvement. This program proposes to serve youth with community service placements to fulfill their court requirements.

Wrenn/Haven House

\$38,332

Provides a temporary shelter for at risk court involved youth. The youth are provided high level structured learning environment to increase their ability to academically achieve. In addition to a safe place for youth, one on one, group and peer mentoring is available that encourages youth to have age appropriate behavior and associations with other peers.

Non-Departmental Summary

Support Services

Listed below are appropriations for non-departmental Support Services related funds and entities.

Support Services Total	\$ 2,764,705	\$ 1,091,845	\$ 2,916,276	\$ (353,216)	\$ (353,216)

Support Services Non-Departmentals

401K Plan Enhancement **\$720,000**

These funds continue the County match of employees' contributions of up to \$63.00 per pay period (for a maximum annual County contribution of \$1,512) for all general (non-sworn law enforcement officer) employees. *See Appendix A for more details.*

American Society of Composers, Authors, and Publishers (ASCAP) **\$1,559**

Annual dues paid to ASCAP, a not-for-profit performing rights organization that protects its members' musical copyrights by monitoring public performances of their music, whether via a broadcast or live performance, and compensating them accordingly.

Drug Testing **\$18,625**

These funds provide for the actual costs of drug and alcohol tests as well as for the administration of the random testing program and Federal reporting. The decrease in FY 22-23 is based on historical actuals and projected costs.

Employee Development **\$58,000**

Funds for in-house employee training to ensure that employees are given the tools and proper training to operate in the most efficient and effective manner by providing activities and programs that address employee training and development, talent acquisition and performance management to ensure that the knowledge, skills, abilities and performance of the workforce meet current and future county and individual needs.

Health Incentives Program **\$17,500**

Continues the wellness program started in FY 2014-15 to improve employees' health, reduce their medical and dental claims and increase productivity (decreased sick leave usage). The decrease in FY 22-23 is due to more Virtual program administration.

Merit Pay Adjustments **\$425,569**

The FY 2022-23 Manager Recommended Budget includes budgeting for employee performance awards for permanent County employees. *See Appendix A for more details.*

Recruitment and Selection **\$16,000**

Funds to cover costs of the recruitment, selection process and relocation expenses, for positions at and above the department head level. The increase in FY 2022-23 is due to budgeting for costs associated with Executive recruitment.

Salary Savings **(\$3,824,900)**

Implements a Salary attrition savings of \$3,824,900 in FY 2022-23 due to experience in current fiscal year and higher turnover expected to continue into next fiscal year.

Short Term Disability **\$300,000**

Funds will be used to support employer-paid short term disability of 12 weeks for all permanent employees. Leave must be used consecutively.

Sportsplex Membership – County Share **\$40,000**

Funding to offer discounted Sportsplex memberships to permanent County employees.

Support Services Non-Departmentals - continued

Tuition Refunds

\$50,000

These funds reimburse County employees for tuition, fees and books for job related courses. With this incentive, employees can pursue educational qualifications to enhance their professional growth, achieve higher-level positions and enrich current employment.

Wage Increase

\$1,824,431

The FY 2022-23 Manager Recommended Budget includes budgeting for a 3% wage increase for permanent County employees. *See Appendix A for more details.*

Outside Agencies

	2020-21 Actual Expenditures	2021-22 Original Budget	2022-23 Base Budget	2022-23 Department Requested	2022-23 Manager Recommended
<i>By Category (General Fund)</i>

Contribution to Outside Agencies	0	0	0	45,000	45,000
Total Expenditures	\$ 0	\$ 0	\$ 0	\$ 45,000	\$ 45,000
Total Revenues	0	0	0	0	0
County Costs (net)	\$ 0	\$ 0	\$ 0	\$ 45,000	\$ 45,000

- In 2021, the North Carolina General Assembly passed a law amending Section 14-234.3 of General Statute. This law restricts the ability of Board of County Commissioners (BOCC) to award funding to Outside Agencies on which they serve on their board. In order to comply with this new statute, the FY 2022-23 budget recommends a total funding award for Outside Agencies in the new Outside Agency Department. The County Manager will then approve all Outside Agency grant awards as delegated by the BOCC after July 1, 2022.
- On December 13, 2016 the Board of County Commissioners approved a funding target of 1.2% of the County's General Fund expenditures, less the appropriation for education expenses, for the purpose of funding outside agency operations. The County has historically funded Outside Agencies at 1% of the County Budget (Less Education Appropriation).
- **Application Process:** For the FY 2022-23 Funding Process, the County received applications from 57 agencies. Requests totaled \$2,238,645, an increase of \$508,692 above the current year's appropriation. Twelve (12), currently unfunded agencies requested a total of \$211,605.
- **Manager Recommended:** The County Manager recommends funding for 53 agencies, in FY 2022-23. The recommendation totals \$1,854,691, an increase of \$124,737 from the FY 2021-22 Approved Budget. The recommended funding of \$1,854,691 equates to 1.35% of the County's General Fund expenditures, less Education. Additionally, the Manager Recommended budget includes \$45,000 for Arts related Outside Agencies in the Visitors Bureau Fund, to be administered by the Orange County Arts Commission.

Planning & Inspections – continued

Mission Statement

The Planning and Inspections Department seeks to serve the citizens of Orange County by implementing adopted land use, environmental, and building policies and standards through a system of regulations to promote stable and quality development while protecting the environment.

Major Divisions/Services

- Administration/GIS Special Projects
 - o FY 2021-22 Actions & FY2022-23 Pursuits
 - Develops planning studies, area plans and/or regulatory measures to implement BOCC Goals.
 - Administration of Planning Board agendas/meetings and BOCC Public Hearing agendas.
 - Manages interdepartmental collaboration and takes lead roles on special planning projects.
 - Assists in other major comprehensive plan implementation and current planning amendments.
 - Supports economic development department and leads coordinated infrastructure development before and during industrial recruitment and office/retail opportunities.
 - Participates in intergovernmental coordination at the local, state, and federal levels including adjacent counties and the region.
 - o FY 2021/22 FY2022-23 70-80 Advisory Board & LG Meetings
 - SAPFO Administration, including presentations on the annual technical report as requested
 - Interdepartmental collaboration
 - Environmental Health, Planning & Inspections, Information Technologies
 - Rural Broadband collaboration and also with industry and IT.
 - The Planning department is responsible for both urban and rural development patterns and the services that are available to promote equity and a balanced transportation and communication network.
 - Planning & Inspections, OCPT, Health Department, Department of Social Services, Department on Aging, Libraries
 - Orange County Public Transit Plan and Governance for Human Services and job community.
 - Economic Development and Planning, Building and Environmental Health, create an advocate/ombudsman work group to facilitate and educate residents and businesses thru the development process. Share an existing position to organize activities and information sharing. Evaluate our Economic Development partnerships with City of Mebane, Town of Hillsborough and City of Durham regarding land use development potential.
 - o Budget Highlights
 - Working with all community and regional stakeholders in the update to the OCTP to reallocate investments in the absence of DO-LRT and develops a new Transit Plan Implementation Governance structure. Continued work on BOCC identified 2019-2020 priorities, including further implementation of adopted small area plans, and related infrastructure and land use/zoning work in economic development districts. Analyzing the impacts of development with fiscal service cost/revenue model. Continue implementation of the Roger's Road Area Plan (including Greene Tract).
 - Administration of various inter-governmental planning initiatives such as the Joint Planning Agreement with the Towns of Chapel Hill and Carrboro, the Schools

Planning & Inspections – continued

Adequate Public Facilities Ordinance (SAPFO), the Water and Sewer Management, Planning, and Boundary Agreement (WASMPBA), and the Chatham-Orange Joint Planning Task Force.

- Prepares/updates/implements small area plans, comprehensive plan, development regulations (UDO), and special studies to implement BOCC goals.
- GIS mapping services and socio-economic/demographic data
- Maintains the official version of the Unified Development Ordinance (UDO).
- Administration of Planning Board agendas/meetings.
- Manages interdepartmental collaboration.

- **Comprehensive Planning**

Prepares/updates/implements elements of the Comprehensive Plan, Joint Land Use Plan with Hillsborough, coordination with Mebane, and access management plans.

- Reviewed TIA and offered comments to various Hillsborough and Efland projects
- Continued coordination with Mebane and Economic Development Department including courtesy review on Mebane's development
- Coordination with Planning Director to review the 2030 Comprehensive Plan and develop a process for evaluating and scoping a Plan update for consideration.

Provides Transportation Planning service function of the county, including coordination between and among the County and NCDOT, MPOs, RPO, and TJCOG.

- Participate in completion of State Transportation Improvement Program, SPOT 6.0 DCHC MPO 2050 MTP, MPO and RPO Unified Planning Work Programs, Quarterly meetings with NCDOT
- Administration of OUTBOARD

Transit Plan Update administrative and technical assistance and small bus (park and ride lots and shelters) capital planning

- o **FY 2022-23 Highlights**

- Completion of the Transit Plan Update
 - Technical assistance to the Transit Plan Staff Working Group

- **Current Planning**

- o **FY 2021-22 Highlights**

- Administer and manage land use and subdivision regulations
 - Serve as the County's Watershed Protection Manager and Floodplain Development Administrator; with Erosion Control Collaboration.
 - Enforcement of land use and environmental management regulations;
 - Information/educational resource for the general public concerning development policies.

- o **FY 2021-22 Outcomes/FY2022-23 Objective**

- Continue to work to revise existing regulations to address identified long-term planning issues (i.e. subdivisions, landscape standards, sign regulations, affordable housing, climate change, mixed use development projects, rural master planning, etc.) and continue to streamline the table of permitted land uses (Section 5.2) and permit review process;
 - Continue implementation of the online customer service permitting portal as part of the new permit/inspection software program (i.e. EnerGOV).

Planning & Inspections – continued

- Erosion Control Stormwater/Engineering

The Erosion Control / Stormwater Division (ECS Division) focuses on the administration, interpretation, and enforcement of erosion/sedimentation control throughout Orange County and stormwater regulations as embodied within the Unified Development Ordinance (UDO) and requirements set forth by the State (NC DEMLR – DEQ and NC EMC). These services enhance the monitoring of water resources to help promote balanced, sustainable, high quality development

- o FY 2021-22 Highlights
 - Serve as an information/educational and community outreach resource
- o FY2021-22 Objectives
 - Continue to work on increasing permit processing effectiveness.
 - Revise existing ECS Memorandums of Understanding (MOUs) between Orange County local governments
 - Continue implementation of Falls Lake Stormwater Management Program and Cape Fear and Tar-Pamlico river basins;
- o Major Services (Engineering Division 4b):
 - Manage and develop major water and sewer infrastructure projects collection to three (3) Economic Development Districts (EDDs)
 - Manage and develop new residential sewer connections to the Historic Rogers Road Area (HRRRA) gravity sewer system.
 - Maintain and operate Lake Orange and three (3) upstream sediment control
 - Represent Orange County and/or participate in local/regional watershed management partnerships (e.g. Triangle Water Supply, Upper Neuse River Basin Association).

- Building Inspections and Central Permitting Division

Our primary mission is to safeguard the public, promote the health, safety and welfare of Orange County through enforcement of the North Carolina State Building Codes, We believe in equitable treatment for all individuals regardless of circumstances and strive to enforce all building codes in a fair and considerate manner.

- o FY 2021-22 and FY2022-23 Highlights

Performance Measures	2019-20 Actual	2020-21 Actual	2021-22 Budget	2021-22 projected	2022-23 Budget

- Work on the implementation of the Permitting Software's Customer Self Service Portal and enhance Central Permitting Organization Structure.

SMART Goals (Specific, Measurable, Achievable, Realistic, Time-Based)

Goal 1: Update and Implement Fiscal Impact Model

Milestones and Tasks	Start	Progress (at Jul 1, 2022)	End
Create model spreadsheet	Jul 22	0%	Aug 22
Note significant changes	Aug 22	0%	Sep 22
Create cumulative report	Sep 22	0%	Dec 22
Share report with BOCC	Jan 23	0%	Jun 23

Board Goal: #2

Justice Goal: #4

Progress: 

Performance Assessment:

Creation of the model is complete. Next steps include developing an efficient and effective method for regular updates and distributing a cumulative report regularly.

Goal 2: Track and Inspect 100% of known Orange County Dams annually.

Board Goal: #5

Justice Goal: #4

Progress: 

Performance Assessment:

Due to legacy and current staffing shortages, we are behind in pursuing this SMART GOAL for FY21-22, but plan to have all five (5) known Orange County dams inspected by end of FY21-22 and continue annual inspections in FY23.

Goal 3: Track and Inspect 100% of known Stormwater Control Measures (SCMs) within the regulatory jurisdiction of the Orange County Stormwater Division annually.

Board Goal: #2

Justice Goal: #4

Progress: 

Performance Assessment:

This is a new SMART goal for FY22-23, so we have not yet begun focusing on this in FY21-22. With the warming weather we plan to begin this work prior to the start of FY22-23 and continue throughout FY22-23.

Budget Highlights

The FY 2022-23 Manager Recommended budget contains the following changes from Base Budget:

Total Expenditure increase of \$14,325 based on restoration of travel and training at pre-pandemic levels, postage increases, and building improvement. Total Revenue increase of \$399,382 due to fees and excise stamps. The Net County Cost decrease is \$385,057.

The Manager Recommended Budget does not include funding for the following Department Requests:

None

Register of Deeds Division Changes	Expenditure Increase / (Decrease)	Revenue Increase / (Decrease)	Net County Cost
County-wide restoration of pre-pandemic travel and postage	\$ 12,425		\$ 12,425
Increase for remodel of passport cubicle	\$ 1,900		\$ 1,900
Increase in fees and excise stamps revenue based on current trends		\$ 399,382	\$ (399,382)
Net Register of Deeds Division Changes	\$ 14,325	\$ 399,382	\$ (385,057)

Mission Statement

The purpose of the Register of Deeds office is to record and preserve real and personal records while maintaining compliance with the NC General Statutes. Provide access to public records and professionally serve the public and citizens of Orange County.

Major Divisions/Services

- Record legal documents and maps presented for recording, and provide certified copies of permanent records.

Register of Deeds – continued

- Index and scan all recorded documents to create permanent public records.
- Create permanent records of birth, death, marriage, and military discharges.
- Issue marriage licenses.
- Redact personal information from the Register of Deeds Website.
- Provide Passport Services.
 - o FY 2021-22 Highlights
 - Electronic Assignment of PINs to eliminate the process of printing documents submitted electronically for PIN assignment. This project will be funded from the Register of Deeds Automation fund (NCGS – 161-113). Will be complete by end of fiscal year.
 - Process Passport Applications - Passport services were suspended for a time due to the pandemic, however we began processing applications on January 5, 2022.
 - o FY 2022-23 Highlights
 - Delete duplicate birth records – Records that are for the same person, but exist in multiple forms. These records exist due to how birth amendments were indexed in the past. Register of Deeds staff will manually review and update the records in the CCS software system. This project will be funded from the Register of Deeds Automation fund (NCGS – 161-113).
 - Shred/Destroy Records (ongoing) – in accordance with the Retention and Disposition schedule for Register of Deeds approved by the North Carolina Department of Cultural Resources.
 - Our project coordinator will be working with our software vendor to gather information to properly index marriage records from year 1911-1915 and make available on our website for public search.

Mission Statement

The mission of the Orange County Sheriff's Office is to be responsive to the needs of all members of our community as well as to those who visit or travel through our great county, without regard to the individual differences that make us unique. We will put fear and bias aside and treat all citizens with the respect and courtesy they deserve. Following "True North" principles, we will remain the cornerstone of Orange County by realigning ourselves with the specific needs of those we serve.

Our mission is further exemplified by certain ongoing objectives that we in law enforcement must continually strive to achieve as we seek to fulfill the goals of this Sheriff's Office:

1. The protection of life, property, and Constitutional guarantees.
2. The enforcement of the General Statutes of the State of North Carolina.
3. The apprehension of law violators and the repression of crime.
4. The preservation of social tranquility, safety, and well-being of all citizens.
5. The recovery and safe keeping of property.
6. The prevention of civil disorder.
7. To provide service to the courts and the criminal justice system.
8. To provide humane safe keeping of all persons confined in the Orange County Detention Center.

Major Services

- Non-Jail Division
 - o Provide continuous 24-hour routine patrol services to the entire county.
 - o Respond to crimes in progress, citizen complaints, and incident investigations.
 - o Seek out wanted persons and serve criminal process. Serve civil process as mandated by the court.
 - o Provide school/community resource deputies for Orange County's elementary, middle, and high schools to prevent violence and work with at risk students in the community.
 - o Continue community outreach and crime prevention programs, including Crime Stoppers and D.A.R.E in the county schools. Provide assistance, aid, and support to victims of domestic violence, child abuse, and other crises, Project Lifesaver, elderly and handicapped, S.A.L.T. We offer drug drop boxes for prescription drugs. The boxes are located in the Orange County Courthouse and the Orange County Sheriff's Office.
 - o Enhance and expand existing programs such as Citizens' Academy, Project Engage, COORE, Street Safe, and Bike Safe.
 - o FY 2021-22 Highlights
 - Reduce overall crime and criminal activity.
 - Continue the school resource deputy program to reduce crime and incidents of violence in the schools.
 - Continue screening all domestic violence reports and initiate contact with victims.
 - Respond to 100% of citizens' concerns regarding neighborhood drug and crime problems.
 - o FY 2022-23 Highlights
 - Involve more citizens in our efforts to reduce and prevent crime. Continue high visibility and efficient patrol coverage throughout the county to deter and prevent crime. Increase daily e-mails to Community Watch Groups for crime in their community.
 - Work in cooperation with other community agencies to empower victims of domestic violence and provide them with the resources available to prevent and remove themselves from domestic violence.
 - Continue to involve citizens, especially parents of school-age children in our drug awareness prevention and programs. Encourage citizen participation in solving community problems and decrease overall incidents of crime.

Sheriff – continued

- Jail Operations Division
 - o Operate the County Detention Center. Transport inmates to court and maintain custody of same during court trials. Transport inmates to and from other detention facilities and state prisons. Provide courtroom security for courts and courthouse property.
 - o FY 2021-22 Highlights
 - Provide safe housing and security for state and federal inmates.
 - o FY 2022-23 Highlights
 - Meet federal and state detention standards as mandates.

Outcome Measures	2019-20 Actual	2020-21 Actual	2020-21 Budget	2021-22 Estimate	2022-23 Projected
Break-ins	144	122	410	480	480
Larcenies	449	306	382	450	450
Domestic violence contacts/incidents	4,726	8,533	5,000	6,700	6,700
Juvenile contacts by deputies (state law requires juvenile contacts be reported)	35,100	20,057	35,385	50,000	50,000
Child abuse cases	82	60	228	300	300
Average number of inmates per month	115	115	100	130	130

SMART Goals (Specific, Measurable, Achievable, Realistic, Time-Based)

Goal 1: Reduce response time from call to administered AED.

Board Goal: #1

Justice Goal: #3

Progress: ●

Performance Assessment: The Sheriff's Office successfully purchased 60 AED units and installed them in members' vehicles. Additionally, an AED is located in the courthouse, another in the office, and two in the detention center. In two instances in FY22, AED placement allowed for faster response time than would have been possible otherwise.

Goal 2: 100% of LEOs to complete state mandated and county additional required training courses, to increase and encourage continuing law enforcement education training at all levels of the agency.

Board Goal: #4

Justice Goal: #3

Progress: ●

Performance Assessment: Despite COVID causing some cancellations, all members of the Sheriff's Office, including sworn deputies and detention officers, completed state-mandated trainings to retain certifications. Sworn deputies are required to complete 24 hours of in-service, law-enforcement education hours, while detention officers must complete 18 hours. An additional 60% of Sheriff's Office staff completed elective trainings and classes.

Goal 3: Increase participants in the Coordinated Opioid Overdose Reduction Effort (COORE) Program by 25% by end of FY2023.

Board Goal: #1

Justice Goal: #3

Progress: ●

Performance Assessment: From January 1 through December 31, 2021, the Sheriff's Office made 93 referrals to the COORE Program. From July 1, 2021 through March 1, 2022, the Sheriff's Office made 106 referrals to the COORE Program.

Mission Statement

The Orange County Department of Social Services shall meet with clients at their point of need to provide preventive, supportive, and restorative services delivered with competence and compassion while striving to protect vulnerable children, the at-risk elderly, persons with disabilities and the economically disadvantaged in our community.

Major Divisions/Services

- Central Administration
 - o FY 2021-22 Highlights
 - Maximize state and federal funds available to Orange County for Social Services
 - Ensure compliance with fiscal and program audit requirements
 - Maintain expenditures within approved county budget
 - Meet all growth and fixed performance measures included in the Memorandum of Understanding between the North Carolina Department of Health and Human Services and Orange County
 - Focus on recovery strategies for residents and communities while promoting racial equity and social justice
 - o FY 2022-23 Highlights
 - The proposed budget maintains most costs at the 2021-22 level and does reflect strong federal and state revenues to support this work with little change on county costs.
- Economic Services
 - o FY 2021-22 Highlights
 - 100% of Adolescent Parenting Program (APP) participants are on track to achieve high school diplomas or equivalents by June 2022.
 - Continues to promote agency work programs and strengthen collaboration with Durham Technical Community College (DTCC).
 - Continues integration of Workforce Innovation and Opportunity Act (WIOA) clients with other employment services.
 - o FY 2022-23 Highlights
 - Agency will shift funds from Temporary Assistance for Needy Families (TANF) emergency assistance to family support services. With these and requested ARPA funds, staff will expand support for families with children, including transportation to work, child care and essential services, tutoring and support for school age children, and other services to support low-income families with children.

Social Services – continued

- Prepare for staffing needs to address increased work as pandemic waivers end.
 - Provide funds to alleviate any barriers for acquiring or retaining employment.
- Public Assistance
 - o FY 2021-22 Highlights
 - Worked to meet state and federal timeframes for processing Medicaid and Food and Nutrition Services applications and recertifications.
 - Passed State Medicaid Report Card for every month thus far in FY2021-22 and every month in FY2020-21.
 - Continued contracts with Inter-Faith Council (IFC) and Orange Congregations in Mission (OCIM) to administer some emergency assistance funds for water and rent.
 - Provided continued relief to families impacted by COVID-19 including emergency assistance and other public assistance programs.
 - o FY 2022-23 Highlights
 - Special funding provided for overdue water bills in the current year and this program is expected to continue through Fiscal Year 2022-2023.
 - Due to special policy provisions under the Public Health Emergency Declaration, Medicaid and Food and Nutrition Services cases have grown significantly. Staff expect these numbers to stabilize when the Public Health Emergency ends.
- Subsidy
 - o FY 2021-22 Highlights
 - 94% of childcare providers utilized by the agency were high quality centers or homes (4 or 5 stars).
 - Provided safe, stimulating, learning environment for children in Child Protective Services, Work First Family Assistance, Homeless Families and Adolescent Parenting Program.
 - o FY 2022-23 Highlights
 - Monthly rates for foster and adoptive parents have increased effective January 2022 and that increase is reflected in the budget.
 - County childcare funds and ARPA funds will be utilized to support families and to stabilize employment.
 - Funds for youth enhancement, tutoring and related services are also included in the budget and the ARPA funding request.
- Child and Family Services
 - o FY 2021-22 Highlights
 - Created service plans for all adult wards and assured well-being through monthly visits and crisis intervention
 - Supported senior adults and adults with disabilities to remain in their own homes when possible

Social Services – continued

- Continued full provision of protective services for children and adults during the COVID-19 pandemic
- Achieved growth in performance measure of timely initiation of CPS reports
- Children and youth in OCDSS custody were seen face-to-face 98.1% of time; exceeding the state benchmark of 95%.
- o FY 2022-23 Highlights
 - There are currently numerous child welfare transformation initiatives underway and it is unclear what local impacts might include.
 - The recently enacted Family First Services Prevention Act (FFSPA) will eventually reduce the reimbursements for children living in congregate care. Funds were added by the General Assembly to cover those costs for the upcoming fiscal year.
 - The state will be contracting for most parenting and in-home services in child welfare and this may have a negative impact on the funds normally received for the Community Resource Program, a prevention service within the child welfare division.
 - NC InCK, a service integration model to meet the holistic needs of children, is funding a position located within our child welfare division. This position serves as a child welfare integration consultant for a five county region.
- Juvenile Crime Prevention Council (JCPC)
 - o FY 2021-22 Highlights
 - 86% of all youth served in JCPC programs received no new complaints after being admitted to the program.
 - 91% of all youth served in JCPC programs had no new adjudications for a complaint with an offense date after the program admission date.
 - 89% of youth in the Restitution/Community Service program had no new adjudications and 84% of youth had no new complaints during program participation.
 - o FY 2022-23 Highlights
 - The Orange County JCPC allocation should remain the same as FY2021-22. The associated County cash match for FY2022-23 would be \$107,729.

Budget Highlights

The FY 2022-23 Manager Recommended budget contains the following changes from Base Budget:

Enterprise Fund maintains current Solid Waste Programs Fee of \$142 for County residents, \$94.72 for City of Mebane residents. Department invests in pay-as-you-go funding for capital investments and reduces reliance on fund balance due to recovery in recycling market.

The Manager Recommended Budget does not include funding for the following Department Requests:

None

Mission Statement

Provide environmentally sound and fiscally responsible solid waste management services through an integrated system focusing on recycling and reuse; innovative technology, and community engagement and education.

Solid Waste Management – continued

Major Divisions/Services

- Environmental Support
 - o FY 2021-22 Highlights
 - The Enforcement metrics were met despite staff vacancies.
 - Investigated 100 Solid Waste Enforcement Cases.
 - o FY 2022-23 Highlights
 - Place 500 Regulated Recyclable Material Ordinance Enforcement Verification Tags which will be an increase of 420 additional tags as compared to FY 20-21.
 - To conduct 700 RRMO Enforcement Construction inspections.
- Landfill Operations
 - o FY 2021-22 Highlights
 - Due to Covid-19, the contracted tire vendor was unable to provide hauling services. To remain in compliance with the State regulatory agency, OC Solid Waste staff began transporting tires to the vendor. The vendor lowered the per ton charge for recycling tires from \$73.50 per ton to \$53.50 per ton.
 - Successfully opened Phase II of the Construction & Demolition (C&D) landfill within the timeline established.
 - o FY 2022-23 Highlights
 - Begin a new grinding process for C&D material in an effort to extend the life of the landfill.
 - Repair drainage issues impacting operations and traffic in the Disposal Center.
- Recycling Operations
 - o FY 2021-22 Highlights
 - Successfully negotiated a contract with Waste Management which provides Solid Waste with a more efficient way to transport recyclable material for processing.
 - Curbside Recycling - Processed 1,261 cart related request for both the Urban and the Rural, also educational materials are distributed along with all new carts.
 - o FY 2022-23 Highlights
 - Reduce contamination at multi-family locations by partnering with property owners to start a Recycle Right Partnership by expanding use of the Bring Your Own Bags (BYOB) program with a goal of reducing contamination by 10%.
 - Research the feasibility, via route optimization, of moving recycling collection from 5 day work week to a 4 day work week.
- Sanitation Operations
 - o FY 2021-22 Highlights
 - Staffed the Household Hazardous Waste Sites at the Eubanks and the Walnut Grove Waste and Recycling Centers with certified solid waste employees as a contract cost savings.

Solid Waste Management – continued

- Redesigned the glass boxes to help reduce contamination, this has allowed for reduce contamination at all the sites.
- Provided safe environment for residents and employees by consistently having staff wear PPE and practice safe work practices.
- o FY 2022-23 Highlights
 - Adding three additional compactors at High Rock, will continue to work on decreasing the number of pulls from all Waste & Recycling Centers by fully utilizing all container space.
 - Pilot a camera system at High Rock that will decrease the number of out of county users.

SMART Goals (Specific, Measurable, Achievable, Realistic, Time-Based)

Goal 1: Reduce the amount of latex paint by pounds being processed as HHW by 20% or more of FY 18-19 levels by FY 22-23.

Performance Assessment: During the assessment period, additional equipment and paint absorbing material was required to assist with increasing the pounds being diverted from the HHW processor.

Goal 2: 95% of Mulch Sales delivered within 4 business days of receipt of payment.

Performance Assessment: This is a new performance goal for the department. Performance standards are being developed. After a year, the mulch delivery program will be reevaluated and adjustments made, if necessary.

Goal 3: 95% of Recycling carts serviced within 7 business days of notification for service.

Performance Assessment: The current supply chain for cart orders continues to hamper cart service and delivery rates.

Budget Highlights

The FY 2022-23 Manager Recommended budget contains the following changes from Base Budget:

Total Expenditure increase of \$226,785 based increased staffing and increased costs for utilities. Total Revenue increase of \$487,438 due to increased community usage and memberships.

The Manager Recommended Budget does not include funding for the following Department Requests:

None

Sportsplex Fund – continued

Mission Statement: The Orange County Sportsplex is committed to providing a safe, clean, entertaining community recreation and fitness center that serves our customers by offering best in class programs, coaching and lessons. Our highly qualified staff is committed to promoting highly enjoyable and healthy lifestyles for our members and guests.

Major Divisions/Services

- Sportsplex/Ice Rink
 - o FY 2021-22 Highlights
 - For ice and all Sportsplex services department, the first half of 2021-22 was significantly, negatively impacted by COVID. Our business is based on significant customer/participant interactions with support staff, coaches, instructors, trainers and with each other for all programs and activities. The phase in of post-COVID access facilitated a gradual return to Public Skating, Skate and Hockey schools as well as Youth and Adult Leagues. In all cases we erred on the side of caution as we brought staff and customers back.
 - Recreation Factory Partners (RFP) acquired Synchro Skate programs across the Triangle consolidating lessons, practices, and competitions at the Sportsplex. Significant new revenue.
 - o FY 2022-23 Highlights
 - Continued strong post COVID public skating, lesson, clinic, synchro, and hockey revenues growth.
 - RFP acquired the local hockey youth league and will grow quality and participation. We will have greater control over the number of practices and games at the Plex, thereby growing revenues. We have highly qualified instructors and staff to manage and control superior quality through enhanced practices, camps, and clinics.
- Aquatics
 - o FY 2021-22 Highlights
 - The pool was one of the first amenities to reopen after COVID closures. New process implemented to maximize online pre-registrations for safe lap swims. Control of high usage access by lane, by hour, seven days a week. Most sessions sold out.
 - Swim lessons negatively impacted due to the necessary physical contact inherent in teaching beginners. Gradual rebuild after restrictions eased and the hire of a quality swim lesson manager.
 - Continued strong swim team revenues and performance lead by an exceptional nationally recognized coach. Several State and National qualifiers while at the same time building a pipeline of entry level swimmers.
 - o FY 2022-23 Highlights
 - Strong swim lesson program growth.
 - Continued excellent swim team revenues and high-quality program.
 - Potential for public swim growth due to closure of Durham YMCA, with the Sportsplex the recommended alternative.

Sportsplex Fund – continued

- Kidsplex Children's Center
 - o FY 2021-22 Highlights
 - After School, Pre School and Summer camps all devastated by COVID related factors (remote learning, parent reluctance, safe capacities, etc.)
 - Strong second half growth as restrictions lifted and kids back in school, parents working and pent-up demand for summer camp.
 - o FY 2022-23 Highlights
 - Outstanding pre-registrations for Summer Camp.
 - Expected continued growth in After School and Preschool. New kids' playground planned.
- Fitness/Wellness
 - o FY 2021-22 Highlights
 - Reluctance by members (particularly older) to resume working out even as COVID restrictions lessened. Personal training requires close contact; we halted that offering. Low Senior Sneakers participation
 - Steady membership growth over second half of the year. Approximately one hundred new members on average per month since October 2021.
 - o FY 2022-23 Highlights
 - Strong membership growth. People are more comfortable returning to facility-based workouts/classes. Industry trendline flattening for at home workouts; people miss social interaction, quality equipment and classes.
 - New fitness classes introduced that will result in increased member attendance further fueling membership growth.
 - Partnership with Orange County Schools on discounted memberships expected to provide further membership growth.
- Field House
 - o FY 2021-22 Highlights
 - Field House programs was gaining startup traction when COVID hit. Most programs could not be run due to the nature of turf/court team contact.
 - Since October 2021 robust growth in variety, participation of adult/youth court and turf programs such as basketball, soccer, volleyball, camps.
 - o FY 2022-23 Highlights
 - RFP owns Skyhawks Sports Academy for central NC. Skyhawks features high quality youth court and turf lessons, clinics, camps for soccer, basketball, Futsal, baseball, football, and golf. Sturdy growth expected.
 - High potential new, exclusive Supershots program designed for children 2 to 5 years. Focus on turf and court ball skills, camps, mini leagues.

Sportsplex Fund – continued

- Administration
 - o FY 2021-22 Highlights
 - Concessions closed due to COVID. No birthday parties until January 2022.
 - o FY 2022-23 Highlights
 - Concession re-opened on a part time basis but featuring just packaged foods.
 - New credit card compatible vending machines acquired by RFP for the Sportsplex. Robust snack and drinks revenue growth projected.
 - Birthday party coordinator hired, and sturdy growth expected

SMART Goals (Specific, Measurable, Achievable, Realistic, Time-Based)

Goal 1: Grow monthly Fitness Memberships by \$1,650 (65 new members) to restore Sportsplex Membership to Pre-COVID levels

Board Goal: #6

Justice Goal: N/A

Progress: ●

Performance Assessment: Progress on target. Agreement with Orange County Schools on discounted memberships with all employees is having early signs of success. 70 new OCS employees signed up for the program in the first week.

Goal 2: Replace aging ice rink chiller pack equipment, board systems and ice rink cold floor

Milestones and Tasks	Start	Progress (at Jul 1, 2022)	End
Full scope of resources, equipment, partners planned	Jul 22	0%	Oct 22
Contracts, equipment and materials orders placed	Oct 22	0%	Dec 22
Replacement installation	Apr 23	0%	Jun 23

Board Goal: #4

Justice Goal: N/A

Progress: ●

Performance Assessment: We have fully scoped the Chiller Pack equipment and received budgetary feedback on the cost to fully replace. The CIP has been adjusted appropriately. A 3 week ice rink shutdown is scheduled for mid April to confirm any necessary cold floor repairs. Interim corrective measures have had excellent results.

Goal 3: Develop a new, upgraded Employee Recruitment and Retention Plan

Milestones and Tasks	Start	Progress (at Jul 1, 2022)	End
Select project team	Apr 22	100%	Apr 22
Engage external HR consultant	May 22	100%	May 22
Weekly work sessions	Jul 22	0%	Sep 22
Monitor retention against goals	Oct 22	0%	Jun 23

Board Goal: #4

Justice Goal: N/A

Progress: ●

Performance Assessment: We have amended employment agreements with Sportsplex key employees. Additionally, early annual reviews have been conducted with all senior managers at the Sportsplex. In order to attract scarce resources such lifeguard and ice rink techs we have recruited a certified lifeguard trainer to hire and certify staff and allocated our most experienced ice rink technician to implement a training program. This facilitates hiring raw recruits and training them.

Mission Statement

The mission of this department is to ensure all residents are provided a fair and equitable Ad Valorem taxation process. In addition, the department has the duty to collect other taxes and fees for other departments and for municipalities, maintain the GIS enterprise, and implement the County PIN Ordinance and the County Road Naming and Addressing Ordinance.

Major Divisions/Services

- **Assessment & Revaluation:** Administer the property tax in Orange County assessing an \$18 billion tax base, ensuring that records are current and available to the public while meeting the requirements of State and Federal privacy law. Includes the administration of statewide and local tax relief programs, and Present-Use Value Programs, which grant about \$7 million in tax assistance annually. Manage the appeal process for taxpayers who wish to appeal the value of their property. Includes informal review, the Board of Equalization and Review, the State Property Tax Commission and appeals to higher courts.
 - o FY 2021-22 Highlights
 - Our new online appeals module has been very successful. Since implementing it in March 2021, we have logged 2,137 appeals through the module. Taxpayers had few complaints when using the online module. We use it to monitor all appeals, and as a portal for the Board of Equalization and Review members to review evidence. It is especially timely in providing a method to appeal without in-person contact due to COVID. It has proven to be a great tool.
 - o FY 2022-23 Highlights
 - To meet statutory requirements, we are requesting a new position in Assessment, a Compliance Review Officer, who will review the properties under the Present-Use Value to ensure that the properties are in compliance. Offsetting revenues are expected from non-compliant properties.
 - We anticipate a conversion to a new software system for Assessment, and are requesting two temporary appraisers to offset time that permanent staff will need

Tax Administration – continued

for proper testing of and training for the new software system. In addition, the temporary appraisers will begin fieldwork and data collection for the 2025 Revaluation.

- **Land Records/GIS/Addressing:** Identify, review and approve deeds and land-related documents prior to recordation by the Register of Deeds under the guidance of the County PIN Ordinance. This process is the primary key for real property title records. Maintain GIS Enterprise, including all GIS layers for consumption by County and Residents and the PIN Application, which records changes to land and ownership for the County. Implement and administer Road Naming and Addressing Ordinance to create standards in naming and in signage/labeling of roads in order to increase ability of 911 emergency staff to quickly respond to location of emergency.
 - o FY 2021-22 Highlights
 - Enterprise GIS Remote Solution – At the beginning of COVID, issues were quickly identified with using VPN to work remotely as a GIS software user. This project identified county GIS software users and is providing the proper equipment and connection method (Remote VPN versus) so that the users can successfully work remotely. The project is in its final stages with equipment updates currently in progress.
 - o FY 2022-23 Highlights
 - We anticipate a conversion to a new software system for Land Records, and having additional temporary staff will allow for testing of and training for the new software system.
 - Currently all recordation duties must be provided in-person at the Register of Deeds. Anticipated software changes in the Register of Deeds may allow additional staff to complete duties from a remote location. In-person support will remain in place, and additional staff will support the recordation of deeds and documents while working in another location.
- **Revenue/Collections:** Collect property taxes in accordance with North Carolina law and appraisal standards. Collect and account for all current and delinquent taxes for the County, special districts, and the towns of Carrboro, Chapel Hill, Hillsborough, Mebane, and Durham.
 - o FY 2021-22 Highlights
 - Tax collections were not affected by the economic impacts of the pandemic as expected. Stimulus payments boosted the income of residents, and this is reflected by a higher collection rate for property taxes.
 - o FY 2022-23 Highlights
 - We are changing our e-pay vendor, with plans to go-live in June 2022. This includes changing our e-billing vendor. There are more options for paying taxes with the new vendor, and combining the e-billing function with the same vendor streamlines the process for taxpayers to view their bill and make payment at the same time. Based on the results of another county, we anticipate a noticeable increase in the number of e-payments in the fiscal year. We expect to realize a slight decrease in printing costs and lockbox service costs.
- **Revenue/Collections:** Bill, collect and account for other fees and taxes including Solid Waste Programs Fees, Chapel Hill and Hillsborough Stormwater Management Fees, Room Occupancy Taxes, Emergency Services Ambulance Billing, Emergency Management Fire Inspection and Special

Tax Administration – continued

Events Fees, Gross Receipts Taxes, Hillsborough Waterstone Special Assessments, and Efland Sewer loans.

- o FY 2021-22 Highlights

- The number of ambulance trips was lower due to many residents opting not to use ambulance service, which could be directly related to COVID. Budget expectations were met, but the total collected was lower than in the prior year.

- o FY 2022-23 Highlights

Medicaid recipients switched to Medicaid Managed Care Plans on July 1, 2021, which changed how we receive Medicaid payments for ambulance bills. More funds are paid up front, and less will be reimbursed later in the fiscal year. Accurate projections are more difficult due to these changes.

Transfers to Other Funds

Mission Statement

It is the mission of Orange County Transportation Services to provide safe, customer focused, and reliable transportation services; that are an accessible and viable means of mobility to the employees, residents and visitors in need of transportation in Orange County, NC.

Major Divisions/Services

- Rural Area Transportation
- Urbanized Area Fixed Route
- Complementary ADA Service
- Non- Emergency Medical transportation (DSS/ Medicaid)
- Enhanced Mobility of Seniors and Individual with Disabilities (Dept. on Aging)
- Transportation Demand Coordination throughout the County

Orange County Transportation Services – continued

- Mobility on Demand (Uber/ Lyft style) services
- Motor Pool procurement and preventive maintenance of OC fleet vehicles

FY 2021-22 Outcomes

- Maintained system of services during worse pandemic in modern history
- Participated in emergency operations and vaccination transportation
- Hired 2 part time mechanics to fill in for convalescing and retiring incumbents
- Launched mobility on demand service throughout designated service area in County
- Implemented new mobile ticketing system for enhanced fare collection and customer service
- Procuring 10 replacement transit buses
- Secured contract for new electric charging station and one electric bus

Performance Measures	2017-18 Actual	2018-19 Budget	2019-20 Budget	2020-21 Budget	2021-22 Budget
Service: OCPT provides safe courteous and reliable public transportation services throughout Orange County

Performance Measures (Ridership)	53888	62000	51000	13999	20000

FY 2022-23 Objectives

- Deploy expansion routes such as: Hillsborough Circulator II, Flex Routes (M.O.D. mobility on demand).
- Procure vans/buses for expansion routes and replace vehicles that have reached useful life
- Hire Fleet manager to oversee growing demands of service with Motor Pool
- Hire staff to ensure compliance of federal Direct Recipient grant mandates
- Expand network of consultative resources to assist with auditing requirements

Orange County Commuter Options/TDM Program

Major Services

Program was suspended due to lack of program supervisory sponsorship, amid COVID restrictions for most activities of the program.

FY 2020-21 Outcomes

- 10% increase in number of eligible OC employees trained for telework

Orange County Transportation Services – continued

- 50% increase in total followers on OCPT social accounts (Twitter, Facebook, Instagram)
- 50% increase in number of STRNC.org registrants
- Provide 70% of top 10 employers in Orange County with customized commuter benefits information
- Receive FY22 TDM grant funding at same level or more than FY21

FY 2021-22 Objectives

- 75 social media posts in FY22, grow followers by 20%
- Increase awareness of STRNC.org tools; 25 new registrations
- Increase OCPT and OCCO website performance; 15% reduction in bounce rate, 10% increase in average time on page and 20% more unique visitors
- Increase Customer Actions on Google Business listing 20%
- 10% increase in number of eligible OC trained for telework

Fleet Services

Major Services

- Maintain County Fleet of over 350 vehicles to include Emergency Response Vehicles, Buses, Hybrid, Electric, Propane and a Mobile Dental Van.
- Maintain more than 100 other pieces of equipment to include trailers, mowers, and vehicle mounted chair lifts, animal service equipped boxes, compressors and small generators.
- Coordinate and implement preventative maintenance program amongst all county vehicles to thereby decrease major component failures.

FY 2021-22 Outcomes

- Increase Preventative Maintenance protocols by creating specific vehicle checklist
- Develop Fluid Analysis Program for Engine, Transmission, and Coolant systems to diagnose failures before they happen within these systems thereby reducing repair cost.
- Convert to OEM replacements versus aftermarket parts to decrease failures between repairs on major systems for all County Vehicles.
- Streamline parts inventory to have sufficient amounts of parts on hand for components that have increased failure rates amongst multiple vehicle platforms.

FY 2022-23 Objectives

- Decrease Vehicle breakdowns requiring towing by 10%. Road calls will require mechanics to make road side repairs necessary to get vehicle back to motor pool for repairs needed if possible. Reduction of cost for vehicle tows from \$8000 with savings cost of \$800
- Increase productivity by 10%. Addition of Maintenance Manager will bring administration and technical expertise and organization of maintenance practices to decrease wait time for vehicle PMs and repairs.

Orange County Transportation Services – continued

- Reduce outside cost by 10%. Vehicles that would normally have a longer wait time for repairs should be decreased by having a fully staffed shop. This in turn will reduce number of vehicles needing sent out for elaborate or lengthy repairs given we have the necessary tools and capability to complete the repair.

Employee Pay and Benefits

Appendix A

Position Classification and Pay Plans

The Pay Plan of Orange County comprises the salary schedule and list of classifications assigned to each salary grade. The Manager is responsible for the administration and maintenance of the Pay Plan and recommends to the Board of County Commissioners such increases, reductions, or amendments necessary in order to maintain the fairness and adequacy of the Plan.

Wage Increase

The Manager recommends a 3 percent wage increase for FY 2022/2023 for permanent active employee salaries and subsequently revision of the Salary Schedule effective July 1, 2023.

Meritorious Service Awards

The Manager recommends deleted Section 28-60 of the Orange County Code of Ordinances regarding in-range salary increases; this is not current practice. Revision was made to Section 28-61 of the Orange County Code of Ordinances regarding meritorious service awards in July 2018; and represents current practice.

As per Section 28-61, Merit Pay is subject to Board approval. In FY 2021/2022, the Board maintained approval for Merit Pay for three tiers: \$500 for proficient performance; \$750 for superior performance or \$1,000 for exceptional performance to base salaries. Eligible employees receive Merit Pay on their base salary; equated as \$0.24/hour for proficient performance; \$0.36/hour for superior performance or \$0.48/hour for exceptional performance. Additionally, in FY 2021/2022, the Board adopted change for employees to receive their designated merit pay increase, when applicable, effective the first full pay period each January.

Further, the Manager is recommending revision to Section 28-61 (a) (3) of the Orange County Code of Ordinances regarding meritorious service awards to reflect FY 2021/2022 Board approval and recommending the continuance of current Merit Pay tiers.

Position Classification and Pay Plan Recommendation

Salary compression was identified as a priority in FY2016/2017 and FY2017/2018 among directors and employees. In FY2016/2017, the Board of County Commissioners approved a compression adjustment totaling \$500,000 for affected employees, and in FY2017/2018, the Board approved an additional compression adjustment of \$250,000. Approximately 70% of employees received a compression adjustment in each of these fiscal years. There were no separately funded compression adjustments made in FY2018/2019 and thereafter.

The Human Resources Department has actively been conducting classification and grade studies as an ongoing initiative to review all budgeted positions comparatively to the current market. Recommendations of salary increases are reviewed based on current

Position Classification and Pay Plans – continued

compression, and a 25 percent compression adjustment is recommended when applicable and funding via salary attrition.

At the onset of the compression analysis, 70% of employees were compressed in their respective salaries, based on grade and service years with Orange County. The table below shows that classification and salary review efforts have steadily reduced the percentage of employees compressed.

	% of Employees Compressed	Average Salary
2018		\$50,788
2019	57%	\$51,738
2020	53%	\$53,096
2021	63%	\$53,193
2022	48%	\$56,254

Manager Recommendation

The Manager recommends the following adjustments to the FY 2022/2023 Pay Plan:

- *3% wage increase for permanent employees in active status on June 30, 2022.*
- *Continuation of Merit Pay Program on employees' base salaries, payable in January 2023, at tiers of \$500 for proficient performance; \$750 for superior performance or \$1,000 for exceptional performance.*
- *Deletion of Section 28-60 of the Orange County Code of Ordinances regarding in-range salary increases.*
- *Revision of Section 28-61 (a) (3) of the Orange County Code of Ordinances regarding meritorious service awards.*
- *Continuation of classification and grade reviews and addressing salary compression as appropriate.*
- *A change in the salary schedule recognizing \$15.85 per hour as the living wage for permanent employees and recognizing the 3% wage increase, effective July 1, 2022.*
- *Fund \$2.25 million for wage increase and merit pay.*

Orange County Salary Schedule

Effective 07/01/2022

County Contributions to Retirement Benefits

Background

Local Governmental Employees' Retirement System (LGERS)

The Local Government Employees Retirement System requires both the employer and the employee to make contributions retirement plan based on a percentage of employee earnings. The required Employer/County contribution is determined by the North Carolina Treasurer each year. While employer contributions have varied over the past few years (see chart below), the employee contribution has consistently been 6% of salary.

History of County Retirement Contributions

	LGERS		Supplemental Retirement	
Fiscal Year(s)	Law Enforcement Officers (LEO's)	General Employees	Law Enforcement Officers (LEO's)	General Employees
	% of Salary	% of Salary	% of Salary	Annual Contribution
2005-2007	4.78	4.88	5.00	\$650
2007-2009	4.86	4.88	5.00	\$715
2009-2010	4.86	4.88	5.00	Suspended
2010-2011	6.41	6.43	5.00	Suspended until January 2011, then \$715
2011-2012	7.04	6.96	5.00	\$715
2012-2013	6.77	6.74	5.00	\$715
2013-2014	7.28	7.07	5.00	\$715, added maximum \$1,200 matching contribution)
2014-2015	7.55	7.07	5.00	\$715, increased matching contribution to \$1,512
2015-2016	7.15	6.74	5.00	\$715 plus matching contribution to \$1,512
2016-2017	8.00	7.25	5.00	\$715 plus matching contribution to \$1,512
2017-2018	8.25	7.56	5.00	\$715 plus matching contribution to \$1,512
2018-2019	8.50	7.75	5.00	\$715 plus matching contribution to \$1,512
2019-2020	9.70	8.95	5.00	\$715 plus matching contribution to \$1,512
2020-2021	10.90	10.15	5.00	\$715 plus matching contribution to \$1,512
2021-2022	12.10	11.35	5.00	\$715 plus matching contribution to \$1512
2022-2023	13.04	12.14	5.00	\$715 plus matching contribution to \$1638

County Contributions to Retirement Benefits – continued

Based on the Employer Contribution Rate Stabilization Policy (ECRSP), the North Carolina Treasurer Board of Trustees amended its policy for employer contribution rates to LGERS effective July 1, 2022. As such, effective July 1, 2022, the “base” employer contribution rate will change:

- The Law Enforcement Officers (LEOs) rate will increase from 12.10 to 13.04 percent of reported compensation.
- The rate for all other General Employees will increase from 11.35 to 12.14 percent of reported compensation.

Additional rates, such as rates associated with death benefits or past service liabilities, will be added to the base rate to determine the actual contribution percentage for each employer. As in past years, each employer’s total contribution rate for the upcoming fiscal year will be calculated by the Retirement Systems Division and communicated in a letter before the end of April 2022.

The ESRSP (Employer Contribution Rate Stabilization Policy) expires in FY2022/2023.

Supplemental Retirement Benefits for General Employees

The County contributes funds on behalf of general government employees to supplemental retirement savings accounts. The County is required by State law to make a contribution of 5 percent of salary to the 401(k) plan for each sworn law enforcement officer.

The County contributes \$27.50 per pay period (\$715 annually) to all benefit eligible employees. Employees receive this contribution whether or not they contribute themselves. Additionally, the County contributes up to \$63 semi-monthly as a match to an employee’s contribution. The County does not pay Social Security or Medicare taxes on any of its contributions.

In April 2022, the County contribution of up to \$63.00 payable semi-monthly (24 pay-periods) changed to a schedule payable for 26 pay periods. Employee contribution is also based on a 26 pay period schedule. Increasing this match for supplemental retirement from \$1,512 annually to \$1,638 annually. An increase of \$126 per contributing employee. A maximum increase of \$126,000 annually.

General government employees direct the County to invest its contribution to one of the following pre-tax options:

- Prudential 401(k) plan administered by the North Carolina Retirement System;
- ICMA-RC 457 plan; or
- Nationwide (NACo) 457.

Employees may elect to contribute an amount, within federal guidelines, to any of the plan(s) listed above as well as a post-tax (Roth) Prudential 401(k) plan.

County Contributions to Retirement Benefits – continued

Orange County has contributed a flat dollar amount of up to \$2,227 annually since FY 2014/2015. Currently, the county contributes a flat dollar amount of up to \$2,353. The maximum amount the County contributes is equal to 4.20% of the average Orange County salary of approximately \$56,000.

Manager Recommendation

The Manager recommends maintaining the \$27.50 per pay period County minimum contribution to an employee's choice of supplemental retirement plan(s) and to match employees' contributions up to \$63.00 for 26 pay-periods for all general (non-sworn law enforcement officer) employees. Also, the Manager recommends continuing the mandated 5 percent contribution for sworn law enforcement officers.

Employee Benefits

The County provides employees with comprehensive benefit options. The following is an overview of medical, dental and vision insurance programs and voluntary benefit offerings for FY2022/2023.

Health Insurance

The County offers two health plan options provided by Blue Cross Blue Shield of North Carolina (BCBSNC) or allows an employee to waive coverage under the Health Plans if covered by another health plan and receive \$100 monthly.

The health insurance programs are a Traditional Blue Options Medical Plan and a High Deductible Plan paired with a Health Savings Account (HDP/HSA). Prescription coverage is administered by Prime Therapeutics also, a division of BCBSNC.

As per Section 28-36 of the Orange County Code of Ordinances, it is the policy of Orange County to provide permanent employees both full-time and part-time (regularly scheduled at least 20 hours each workweek) with group health insurance. The County pays for 100 percent of employee only health coverage for both medical plan options. The County contributes up to \$1,416 annually to a Health Savings Account for employees enrolled in the High Deduction Plan (\$118 for each month of coverage).

The cost to the employee for group health insurance is determined each year. The Board of County Commissioners approved a 5% increase of the Health Insurance Premium Equivalents for both active and pre-65 retirees with the amount of the increase to be fully paid by the County as per Action Item 6-b at the March 15, 2022 Meeting.

The Monthly/Semi-Monthly rates are listed as follows:

Traditional Plan	Premium Equivalent	Premium Equivalent to EE	Premium Equivalent to ER	Semi-Monthly EE	Semi-Monthly ER
Employee Only	\$846.92	\$0.00	\$846.92	\$0.00	\$423.46
Employee+Spouse	\$1,713.30	\$409.20	\$1,304.10	\$204.60	\$652.05
Employee+Child(ren)	\$1,330.60	\$229.90	\$1,100.70	\$114.95	\$550.35
Employee+Family	\$2,408.40	\$734.84	\$1,673.56	\$367.42	\$836.78
High Deductible Plan	Premium Equivalent	Premium Equivalent to EE	Premium Equivalent to ER	Semi-Monthly to EE	Semi-Monthly ER
Employee Only	\$714.54	\$0.00	\$714.54	\$0.00	\$357.27
Employee+Spouse	\$1,437.96	\$271.80	\$1,166.16	\$135.90	\$583.08
Employee+Child(ren)	\$1,118.42	\$151.82	\$966.60	\$75.91	\$483.30
Employee+Family	\$2,018.37	\$489.74	\$1,528.63	\$244.87	\$764.32

Dental Insurance

The County offers employees a comprehensive dental plan through Delta Dental of North Carolina. The monthly dental insurance premium for employee only coverage is \$30.49. The County pays 100% of employee only coverage. There are tiered coverages for employee/children, employee/spouse and employee/family. The dental plan premiums will remain the same in FY2022/2023.

Employee Benefits – Continued

The Monthly/Semi-Monthly rates are listed as follows:

Delta Dental	Premium Equivalent	Premium Equivalent to EE	Premium Equivalent to ER	Semi-Monthly to EE
Employee Only	\$30.49	\$0.00	\$30.49	\$0.00
Employee+Spouse	\$73.17	\$39.32	\$33.85	\$19.66
Employee+Child(ren)	\$82.32	\$47.74	\$34.58	\$23.87
Employee+Family	\$106.71	\$70.20	\$36.51	\$35.10

Vision Coverage

The County offers employees vision insurance through Community Eye Care. The vision plan premiums are paid for by employees at 100% of cost. The vision plan premiums will remain the same in FY2022/2023.

Community Eye Care	Semi-Monthly to EE
Employee Only	\$4.87
Employee+one	\$9.27
Employee+Family	\$13.65

Employer Paid Short Term Disability Plan

The County Manager is recommending offering short-term disability benefits to all eligible employees. Currently, this is a voluntary benefit program. Short-term disability income coverage provides employees the ability to receive 70% of pay during a period of time when they are unable to work after serving a qualifying period. The County will allow short-term disability coverage for 13 weeks, and must be taken consecutively. Eligibility is determined by the program provider; which is currently UNUM.

Benefit Percent	70%
Monthly Premium	\$25,030.73
Annual Premium	\$300,368.80

The Orange County Code of Ordinances Section 28-7 provides that the County Manager will be responsible to the Board for the creation of administrative rules and regulations that are consistent with and necessary to carry out the provisions of this Personnel Ordinance as well as the administration and technical direction of the personnel program.

Voluntary Benefit Programs

The County currently offers employees the opportunity to participate in several group offered voluntary benefit programs including Flexible Spending Accounts, Basic Employee Life Insurance, Basic Dependent Life Insurance, Voluntary Supplemental Term

Employee Benefits – Continued

Life Insurance, Voluntary Short Term Disability, Voluntary Critical Illness, Accident and Hospital Indemnity and Voluntary Universal Life Insurance.

The County Manager is recommending new voluntary insurance programs for FY2022/2023, at a low cost to employees and no cost to the County. These plans enrich the County's total compensation package and position our benefit options to become market competitive and provide employees with extra health care options that are affordable, give our employees an extra peace of mind and provide the convenience of payroll deduction. These plans will become effective July 1, 2022. Enrollment will be available for all benefit eligible employees during annual open enrollment and at new hire open enrollment.

The new voluntary offerings in FY2022/2023 are for Pet Insurance, Legal Insurance, Identify Theft Insurance and Long-Term Disability as follows:

Type of Insurance:	Pet Insurance
Insurance Carrier Name:	Total Pet Plan
Purpose:	Provides a 25% discount on veterinary care, up to 40% discount on prescriptions, products, foods, treats and toys. Offers unlimited 24/7 pet telehealth service. Provides coverage for all types of animals.
Cost:	
One Pet:	\$11.75
Two Pets +:	\$18.50

Type of Insurance:	Legal Insurance
Insurance Carrier Name:	ARAG
Purpose:	Provides legal support in areas such as civil damage defense claims, consumer protection matters, criminal matters, family law, real estate matters, real estate matters, services for tenants, small claims court, tax matters, traffic matters, immigration, wills and estate planning, government benefits, debt related matters, general matters (examples: document review and preparation), do it your self-documents and provides a legal hotline.
Cost:	\$22.00

Type of Insurance:	Identity Theft Insurance
Insurance Carrier Name:	Norton LifeLock
Purpose:	Provides protection services monitoring websites and databases for signs of misuse your personal information. The identity theft protection includes home title monitoring, online privacy, device security, dark web monitoring, social media monitoring, parental controls, credit

Employee Benefits – Continued

	monitoring, investments and 401k alerts, password manager, secure VPN, secure cloud backup and lifelock identity alert system. Coverage includes up to three million in reimbursement – up to one million for stolen funds, compensation for personal expenses incurred and lawyers and experts.
Cost:	
Employee Only:	\$9.99
Employee and Family:	\$18.98

Type of Insurance:	Long Term Disability
Insurance Carrier Name:	UNUM
Purpose:	Provides income protection when you are unable to work for an extended period of time. Offers two types of plans – less than 5 years of service at 60% monthly benefit and more than 5 years of service at 30% monthly benefit with a maximum benefit of \$5000. Employees with 5 years of experience or more will be eligible for other disability income and will still be able to obtain the 30% monthly benefit. Coverage provided up to the Social Security Normal Retirement Age.
Cost:	Rates per \$100 Monthly Covered Employee Payroll
Less than 5 years of service:	Age Range Banded – 18 years old through 70 years old \$0.15 - \$1.25
5 years and more of service:	Age Range Banded – 18 years old through 70 years old \$0.13 - \$0.75

Manager Recommendation

The Manager recommends the continuance of offering medical, dental and vision plans and current voluntary benefit plans to employees. Funding for medical and dental insurance for employees and pre-65 retirees have been approved by the Board of County Commissioners as per Action Item 6-b at the March 15, 2022 Meeting.

In addition, the Manager recommends implementing a county paid short term disability plan for eligible employees. This requires an increase in the FY2022/2023 budget of \$300,368 annually. The Manager recommends authorization to create administrative rules and regulations consistent to carry out the provisions of this program.

Further, the Manager recommends extending voluntary benefit offerings to employees including Pet Insurance, Legal Insurance, Identify Theft Insurance and Long-Term Disability.

Living Wage

Background

The Board of County Commissioners establishes a living wage for County employees each fiscal year through the adoption of the Orange County budget. The living wage applies to all permanent and temporary employees.

In 2015, the non-profit Orange County Living Wage (OCLW) organization was established to promote private and public sector employers who pay the minimum living wage based on housing costs in Orange County. These costs are significantly higher than federal poverty guidelines for a family of four.

For 2022, the federal poverty threshold for a family of four is \$13.34 per hour. These establish the annual earnings needed for a family of a specific size to meet the threshold, assuming a single wage earner and 2,080 working hours (40 hour work schedule) annually. The annual salary for a family of four as per the 2022 guidelines is \$27,750 or \$13.34 hourly. This represents an annual increase of \$1,250 (or 36 cents per hour) over 2021. The 2021 annual salary for a family of four was \$26,500.

Number in Family	2012	2013	2014	2015	2016	2017	2018	2019	2020	2021	2022
2	\$7.27	\$7.46	\$7.56	\$7.66	\$7.70	\$7.81	\$7.91	\$8.13	\$8.29	\$8.38	\$8.80
3	\$9.18	\$9.39	\$9.51	\$9.66	\$9.69	\$9.82	\$9.99	\$10.25	\$10.44	\$10.56	\$11.07
4	\$11.08	\$11.32	\$11.47	\$11.66	\$11.68	\$11.83	\$12.07	\$12.38	\$12.60	\$12.74	\$13.34
5	\$12.99	\$13.25	\$13.42	\$13.66	\$13.67	\$13.84	\$14.14	\$14.50	\$14.75	\$14.92	\$15.61

Living Wage Certification History

In November 2015, Orange County government became a Certified Living Wage Employer, which requires certification every two years. Orange County is certified through October 27, 2023.

The minimum wage for temporary and permanent employees has increased from \$12.76 per hour to \$15.85 per hour since the initial certification. The 2022 Orange County Living Wage Employee living wage for hourly workers is \$15.85 an hour, or \$14.35 for employers who pay at least half of employees' health insurance costs. The OCLW standard has served as the basis for setting the minimum hourly wage for temporary employees and the lowest salary grade for permanent employees. The living wage is adjusted annually using the widely accepted Universal Living Wage Formula – which stipulates that no more than 30% of a person's gross income should be devoted to housing. There are exceptions to the OCLW for seasonal employees, work experience programs and non-benefited employees who work less than 90 days per calendar year.

Living Wage – continued

The chart below shows the living wage and the entry hourly salary rate for salary grade 9 permanent employees for years 2000 through the proposed level in 2022. In review, the increase of the living wage to \$15.85 per hour represents an increase of \$3.10 per hour or a 24.31% increase since OCLW initial certification in 2015.

Date	OC Living Wage	Entry Salary Grade 9 Wage
15-Jul	\$12.76	\$12.95
16-Jul	\$13.15	\$13.15
17-Jul	\$13.75	\$13.75
18-Jul	\$15.00	\$15.01
19-Jul	\$15.00	\$15.01
20-Jul	\$15.00	\$15.01
21-Jul	\$15.40	\$15.40
22-Jul	\$15.85	\$15.86

Living Wage for Participants in Subsidized Employment Programs at the Department of Social Services

The Department of Social Services manages a large employment services program and offers subsidized employment as one component. Paid work experience or subsidized employment allows clients, most of whom have barriers to employment, to gain valuable work experience using public or grant funds for a limited amount of time (generally six-months) in order to secure permanent employment in the future. As of March 2022, 6 employees are actively participating in these subsidized employment programs

The subsidized employment program is funded through a combination of county, state, and federal dollars, and clients must meet eligibility criteria for the county to receive reimbursement. To be eligible to participate in this program, a client must be income eligible for Work First or Food and Nutrition Services or meet the requirements of the Workforce Innovations and Opportunity Act (WIOA). The County pays the wage of the client working either in the private sector or within a County department as a temporary employee.

At the County's current living wage, some clients enrolled in the subsidized program do not meet the income eligibility requirements for health insurance (Medicaid) and/or food and nutrition benefits. Subsequently, when participants lose these benefits they become ineligible for participation in the employment program and further, the County will not receive state and/or federal reimbursement for wages. In an effort to avoid the disruption of benefits for participants in the subsidized and employment programs, the Manager's Recommended Budget authorizes the County to pay new subsidized employees \$11.51 per hour, the hourly wage necessary to allow participants currently receiving Medicaid coverage to continue their coverage under Transitional Medicaid for up to 12 months. Participants may work 40 hours per week. For some WIOA clients, the grant may dictate the hourly wage to be paid and there is no income eligibility for that program.

Living Wage – continued

Those participants will receive the amount indicated by the grant, but not less than \$11.51 per hour.

Manager Recommendation

The Manager recommends a living wage consistent with the OCLW of \$15.85 per hour for all permanent and eligible temporary employees effective July 1, 2022.

Personnel Savings Initiatives

The County achieves personnel savings through natural attrition. A summary is outlined below:

Year	Year End Available	Budgeted Salary Savings	Total Savings
2021	\$ 2,276,647	\$ 3,000,000	\$ 5,276,647
2020	\$ 2,229,880	\$ 2,000,000	\$ 4,229,880
2019	\$ 1,674,282	\$ 2,000,000	\$ 3,674,282
2018	\$ 1,016,764	\$ 2,000,000	\$ 3,016,764
2017	\$ 2,306,521	\$ 1,500,000	\$ 3,806,521
2016	\$ 2,392,673	\$ 750,000	\$ 3,142,673

As of March 1, 2022, in review of our total salary and benefits savings to date, we are projected to meet the salary attrition savings of \$3.0 million budgeted for in FY 2021/2022.

Manager Recommendation

The Manager recommends a budgetary projection for FY 2022/2023 for personnel salary and benefit savings through attrition of \$3.8 million.

Retiree Health Care

Background

Health Insurance

The County provides retiree health insurance and contributes to the cost of premiums for eligible employees as per Section 28-36 (b) of the Orange County Code of Ordinances. The County is a member in the North Carolina Health Insurance Pool (NCHIP).

For an eligible retiree under age 65, a retiree is covered under the County's group health insurance plans as offered to active County employees. The Board of County Commissioners approved a 5% increase of the Health Insurance Premium Equivalents for both active and pre-65 retirees with the amount of the increase to be fully paid by the County as per Action Item 6-b at the March 15, 2022 Meeting. As of March 2022, the plan covers 125 non-Medicare eligible retirees. The total annual budget for pre-65 retirees is \$1,517,113.

For any retiree eligible for Medicare due to age or disability, Medicare becomes the primary insurer and the County becomes the secondary insurer. Most retirees are automatically eligible for Medicare Part A (hospital insurance) at age 65, and there is no cost to the retiree. The Medicare Part B (medical insurance) premium is automatically deducted from a retiree's Social Security benefit. The standard Medicare Part B monthly premium for 2022 is \$170.10.

The County provides Medicare supplement hospitalization and provider insurance and prescription coverage as a Medicare Supplemental Plan. The County offers Medicare Part D (prescription drug coverage) and a Medicare Supplement Plan, which covers most remaining hospital and doctor costs after Original Medicare (Part A and Part B) has paid its share. As of March 2022, there are 329 retirees enrolled in the County's Medicare Supplement (Plan F/Plan G) program. The total annual budget for post-65 retirees is \$1,411,933.

The total Retiree Health budget appropriated in the Health and Dental Fund is \$2,929,047. This represents a 5% increase to the retiree health budget compared to the prior year (\$2,792,225).

Other Post-Employment Benefits (OPEB)

GASB 74 establishes uniform financial reporting and accounting standards for state and local governments for post-employment benefits other than pensions (OPEB) and requires that expenses associated with retiree health benefits be accrued over the working lifetime of employees, rather than expensed on a pay-as-you-go basis as retirees incur claims. The Board of County Commissioners (BOCC) has funded \$7.75 million in the OPEB Fund to prepare for the cost of retiree health insurance in the future. GASB 74 requires the presentation of the Net OPEB Liability (NOL) effective as of June 30, 2017. The GASB 74 required NOL actuary methodology and assumptions results in a higher liability than the unfunded actuarial accrued liability (UAAL).

Retiree Health Care – continued

The following table presents information on the County's OPEB liabilities as of June 30, 2021.

<u>Measurement Date</u>	<u>Net OPEB Liability (NOL)</u>
June 30, 2021	\$161,449,960

The charts below show the historical County liability for retiree health care as determined by an independent actuary through Fiscal Year 2020.

Actuarial Valuation Date	Net OPEB Liability (NOL)	NOL as a percentage of Covered Payroll
12/31/2019	\$106,718,695	225.9%
12/31/2018	\$95,924,108	224.3%
12/31/2017	\$96,503,866	225.6%

Actuarial Valuation Date	Unfunded Actuarial Accrued Liability (UAAL)	UAAL as a Percentage of Covered Payroll
12/31/2015	\$83,542,665	181.2%
12/31/2013	\$65,152,273	167.5%
12/31/2012	\$65,622,232	175.7%
12/31/2011	\$63,716,142	165.2%
12/31/2010	\$62,803,094	163.5%
12/31/2009	\$58,020,674	152.7%
12/31/2007	\$54,382,277	145.6%

Manager Recommendation

The Manager recommends a 5% increase to the funding of retiree health insurance for the FY2022/2023 budget and appropriated as follows:

703970: Pre-65 Retiree	\$1,517,114
499910 - MEDICAL PREM - CO PAID	\$1,395,530
499920 - MEDICAL PREM - EMP PAID	\$121,584
703980: Post 65 Retiree	\$1,411,933
MEDICARE SUPP FG - CO PAID	\$920,018
MEDICARE PART D - CO PAID	\$449,675
MEDICARE SUPP REIMBURSEMENT	\$42,240
TOTAL RETIREE BUDGET	\$2,929,047

Fees

Policies

Appendix C

ORANGE COUNTY BOARD OF COMMISSIONERS DEBT MANAGEMENT POLICY

The County has long recognized the importance of proper long-range planning in order to meet capital improvement needs as they arise without experiencing dramatic impacts on operational cost and debt service. The following policy statements will provide guidance on the issuance of debt to help insure that the County maintains a sound debt position and that its credit quality is protected. In conjunction with the County's Capital Policies, these policy statements rationalize the decision making process, identify objectives for staff to implement, and demonstrate a commitment to long term financial planning objectives. In addition, this debt management policy will allow for an appropriate balance between the established debt parameters and providing flexibility to respond to unforeseen circumstances and new opportunities.

POLICY STATEMENTS

Purpose and Type of Debt

1. Incurrence of debt or long-term borrowing will only be used for the purpose of providing financing for capital projects to include, but not limited to:
 - a. Construction of new School and County facilities
 - b. Renovation and repair of existing School and County facilities
 - c. Acquisition of real property (land and/or buildings)
 - d. Construction or expansion of Public Utilities.
 - e. Providing funds for Affordable Housing Projects
 - f. Construction, acquisition and development of Parks
 - g. Purchase of major equipment

Debt issuance will not be used to finance current operations or normal maintenance.

2. The types of debt instruments to be used by the County include:
 - a. General Obligation Bonds
 - b. Bond Anticipation Notes
 - c. Installment Purchase Agreements (private placement)
 - d. Special Obligation Bonds (landfill only)
 - e. Certificates of Participation, when feasible
 - f. Revenue Bonds
3. All debt issued, including installment purchase methods, will be repaid within a period not to exceed the expected useful life of the improvements or equipment financed by the debt.
4. The County will not issue tax or revenue anticipation notes.

Purpose and Type of Debt (continued)

5. The County will not issue bond anticipation notes with maturities in excess of one year.
6. The County will strive to maximize the use of pay-as-you-go financing for capital improvements.

Issuance of Debt

7. The County will strive to issue bonds no more frequently than once in any fiscal year. The scheduling of bond sales and installment purchase decisions and the amount of bonds to be sold and installment financing to be sought will be determined each year by the County Commissioners. These decisions will be based upon the identified cash flow requirements for each project financed, market conditions, and other relevant factors. These factors will be ascertained from the school systems and County departments. If cash needs for bond projects are insignificant in any given year, the Board may choose not to issue bonds. Instead, the Board may fund up front project costs and reimburse these costs when bonds are sold. In these situations the Board will adopt Reimbursement Resolutions prior to the expenditure of project funds.
8. The County will seek level or declining debt repayment schedules and will avoid issuing debt that provides for balloon principal payments reserved at the end of the term of the issue.
9. The County will avoid over-reliance on variable rate debt. Variable rate debt will only be considered when market conditions favor this type of issuance. When variable rate debt is considered, careful analysis will be performed and techniques applied that will ensure that the County's sound debt position will be maintained. At no time will variable rate debt exceed 20% of the County's total outstanding debt.
10. The County is required by Statute to issue general obligation debt through a competitive process. The competitive process will also be used for other debt issuance unless time factors, interest rates or other factors make it more favorable to the County to use a negotiated process.
11. In the planning process for debt issuance the County will assess the need to maintain its "Bank Qualification" if installment purchase financing is being considered.

Level of Debt

12. The County will maintain its net bonded debt at a level not to exceed three percent of the assessed valuation of taxable property within the County.
13. The County will strive to maintain its annual debt service costs at a level no greater than fifteen percent of general fund revenues, including installment purchase debt. This is a recommended “best practice” from the Government Finance Officers Association.

Advance Refunding of Debt

14. The County will make every effort to issue advance refunding bonds to achieve cost savings of at least 3% percent net of the refunding bonds. Net savings includes gross savings less issuance costs and any cash contributions to the refunding. The 3% savings is the minimum savings permissible before the North Carolina Local Government Commission will consider advance refunding bonds. These decisions will be based upon the maturity date of the refunded bonds, the call date and premium on the refunded bonds and the interest rates at which the refunding bonds can be issued.

Unassigned Fund Balance

15. The County will strive to maintain an unassigned balance in the general fund of 16% percent of budgeted general fund operating expenditures each fiscal year. The amount of unassigned fund balance maintained during each fiscal year should not fall below 8% percent of budgeted general fund operating expenditures as recommended by the North Carolina Local Government Commission.
16. To the extent that general fund unassigned fund balance exceeds 16% percent the balances may be utilized to fund capital expenditures or pay down outstanding County debt.

Investment of Capital Funds

17. Investment of capital funds will be performed in accordance with the North Carolina General Statutes (159-30). Funds will be invested in instruments that will provide the liquidity required to meet the cash flow needs of each project funded.

18. Investment earnings on capital funds, after subtracting required or potential arbitrage, will be used for project costs and/or debt service.

Bond Ratings

19. The County will maintain good communications with bond rating agencies regarding its financial condition and will follow a policy of full disclosure on every financial report and offering statement.
20. The County will strive to maintain bond ratings at or better than AAA (Fitch), Aaa (Moody's Investor Services) and AAA (Standard & Poor's).

Arbitrage Rebate and Secondary Market Disclosure Requirements

21. The County will comply with all arbitrage rebate requirements as established by the Internal Revenue Service and all secondary market disclosure requirements established by the Securities and Exchange Commission.
22. Arbitrage will be calculated at the end of each fiscal year and interest earned on investment of bond or installment purchase proceeds will be reserved to pay any penalties due.

Enterprise Funds

23. For any Enterprise Fund that is supporting debt, an annual rate study will be performed to ensure that fees or rates are sufficient to meet the debt service requirements.

Capital Reserve Funds

24. The County will create and maintain capital reserve funds as appropriate, such as for school and county projects.
25. The Capital Reserves will be funded from property tax revenues, sales tax revenues and/or any other revenue source that the County Commissioners may choose.
26. Funds accumulated in the Capital Reserve Funds will be used on a pay-as-you-go basis to finance renovations and repairs to existing buildings and the purchase of major equipment. The Board may also choose to fund other pay-as-you-go initiatives from Reserve Funds.

10-Year Capital Investment Plan (CIP)

- 27. The County will review and adopt a ten-year CIP annually.
- 28. This Debt Management Policy will be incorporated into the CIP.
- 29. The County will strive to include plans for debt issuance within the CIP.

ORANGE COUNTY BOARD OF COMMISSIONERS INVESTMENT POLICY

SCOPE

This policy applies to all investments of Orange County (County) except authorized petty cash accounts and trust funds administered by the Finance Officer. The County pools the cash resources of its various funds into a single fund in order to maximize investment opportunities. These funds are accounted for in the County's Comprehensive Annual Financial Report. Each fund's portion of total cash and investments is summarized by fund type in the combined balance sheet as equity or deficit in pooled cash and investments. This policy applies to all transactions involving the financial assets and related activity of all the various funds accounted for in the County's Comprehensive Annual Financial Report.

OBJECTIVES

Funds of the County will be invested in accordance with North Carolina General Statute 159-30 Cash Management and Investment Policy, and written administrative procedures. The County's investments shall be undertaken in a manner that (1) seeks to ensure the preservation of capital in the overall portfolio, (2) provides for sufficient liquidity to meet the cash needs of the County's various operations and (3) attains a fair market rate of return. Cash management functions will be conducted in such a manner as to insure that adequate funds will always be available to meet the County's financial obligations and to provide the maximum amount of funds available for investment at all times.

RESPONSIBILITY

In accordance with N.C. General Statutes, the Finance Officer is charged with the responsibility of cash management and investment. The Finance Officer is responsible for investment decisions and activities and shall develop and maintain written administrative procedures for the operation of the cash management and investment program, consistent with N.C. Statutes and these policies.

The standard of prudence to be used by the Finance Officer shall be the "Prudent Investor" Rule, which states, "Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived."

This standard of prudence shall be applied in the context of managing the overall portfolio. The Finance Officer, acting in accordance with North Carolina General Statutes, this policy, and written administrative procedures and exercising due diligence shall be relieved of personal responsibility for an investment credit risk, provided deviations from expectations are reported in a timely fashion and appropriate action is taken to control adverse developments.

ETHICS AND CONFLICTS OF INTEREST

To avoid the appearance of potential conflict of interest or favoritism to a particular bank or broker, the Finance Officer or any delegate employee who has investment responsibilities, shall make full disclosure to the County Manager of any relationship or dealings with any financial institution that has business dealings with the County. This disclosure need not include normal banking or brokerage relationships that are at normal market rates and conditions available to the general public. Investment officials of banks and other institutions shall be familiar with N.C. General Statutes and County policy regarding gifts and favors and shall act accordingly.

STATUTORY AUTHORIZATION

The legal limitations of local government investments are defined in N.C.G.S. 159-30. Accordingly, the following classes of securities are indicative of the investments utilized by Orange County:

- A. Obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States.
- B. Obligations of the Federal Financing Bank, the Federal Farm Credit Bank, the Bank for Cooperatives, the Federal Intermediate Credit Bank, the Federal Land Banks, the Federal Home Loan Banks, the Federal Home Loan Mortgage Corporation, the Federal National Mortgage Association, the Government National Mortgage Association, the Federal Housing Administration, the Farmers Home Administration and the U.S. Postal Service.
- C. Obligations of the State of North Carolina.
- D. Bonds and notes of any North Carolina local government or public authority, subject to such restrictions as the Secretary of the Local Government Commission may impose.
- E. Deposits at interest or purchase of certificates of deposit with any bank, savings and loan association or trust company in North Carolina, provided such deposits or certificates of deposit are fully collateralized.
- F. Prime quality commercial paper bearing the highest rating of at least one nationally recognized rating service and not bearing a rating below the highest (A1, P1, F1) by any nationally recognized rating service which rates the particular obligation.

G. Bankers' Acceptances provided that the accepting bank or its holding company is either (1) incorporated in the State of North Carolina or (2) has outstanding publicly held obligations bearing the highest rating of at least one nationally recognized rating service and not bearing a rating below the highest (Aaa or AAA) by any nationally recognized rating service which rates the particular obligations.

H. Participating shares in a mutual fund for local government investment (such as the N.C. Cash Management Trust) which is certified by the N.C. Local Government Commission.

ADMINISTRATIVE RESTRICTIONS

In addition to the previously noted limitations on appropriate securities, Orange County's investment activities are further restricted in the following manner:

A. It is the policy of Orange County to diversify its investment portfolio. Assets held shall be diversified to eliminate the risk of loss resulting from the over concentration of assets in a specific maturity, a specific issuer or a specific class of securities. Diversification shall be determined and revised periodically by the Investment Officer. Portfolio maturities shall be staggered to avoid undue concentration of assets in a specific maturity sector. Maturities selected shall provide for stability of income and reasonable liquidity.

B. Orange County recognizes that investment risks can result from issuer defaults, market price changes or various technical complications leading to temporary illiquidity. Portfolio diversification is employed as a way to minimize default risk. No individual investment transaction shall be undertaken that jeopardizes the capital position of the overall portfolio. In the event of a default by a specific issuer, the Finance Officer shall review and, if appropriate, proceed to liquidate securities having comparable credit risks.

C. No investments in Repurchase Agreements shall be made unless the underlying collateral shall be placed in safekeeping in the trust department of a third-party designated by the County.

D. The combined total investment in commercial paper and bankers' acceptances shall not exceed thirty five percent (35%) of the total portfolio and the investment in commercial paper or bankers' acceptances of a single issuer shall not exceed (35%) of the total portfolio at the time of investment.

E. No investment shall be made in any security with a maturity greater than five (5) years from the date of purchase.

SELECTION OF SECURITIES

The Finance Officer will determine which instruments shall be purchased and sold and the desired maturity date(s) that are in the best interest of the County. The selection of an instrument will involve the evaluation of, but not be limited to, the following factors:

- A. Cash flow projections and requirements.
- B. Current market conditions.
- C. Overall portfolio balance and makeup.

CUSTODY AND SAFEKEEPING OF SECURITIES

Orange County will maintain a third party safekeeping account for all investments (generally provided by the County's primary bank). Transactions should be processed on a delivery versus payment basis. Some securities, primarily certificates of deposit, will not be kept in the third party safekeeping account, but will be kept by the Finance Officer in the vault of the Finance Services Department.

INTERNAL CONTROLS

The Finance Officer is responsible for establishing a system of internal controls. These controls are designed to prevent losses of public funds arising from fraud, employee error, and misrepresentation by third parties or imprudent actions by County employees.

REPORTING

The Finance Officer shall maintain a monthly investment report. The report shall include a general description of the portfolio in terms of investment securities, maturities, yields and other features. The report will show investment earnings for the month and fiscal year-to-date, including the annualized earned yield percentage for the portfolio. The report will compare actual investment earnings with budgeted earnings.

Approved April 5, 2011

Orange County Board of Commissioners Capital Funding Policy

Preamble

This capital funding policy is the product of extensive analysis and deliberation. The intent of this policy is to reflect greater priority than there has been historically on providing funding for County projects, with particular emphasis directed at enhanced upkeep of existing County facilities. The policy reflects the implementation of the Board of Commissioners' resolution of November 16, 2004 that the Board *"does hereby adopt in principle a policy of allocating a target of 60 percent of capital expenditures for school projects and 40 percent of capital expenditures for county projects over the decade beginning in calendar year 2005"*. This policy continues the County's principle and historical practice of funding all School and County related debt service obligations before allocating any other School or County capital funds for other purposes.

Long Range Capital Investment Plan

During January of each fiscal year, the County Manager shall present, to the Board, ten - year County and School capital needs and funding plans in the form of a Capital Investment Plan. Each year, the Board of Commissioners shall conduct a public hearing on the Manager's Recommended CIP during March and subsequently adopt a ten - year Capital Investment Plan (CIP) as part of the annual operating budget in June.

County and School recurring capital needs will be identified and reviewed during each annual operating budget cycle, and recurring capital appropriations will be approved by the Board of Commissioners as an element of each annual Orange County Budget Ordinance.

The ten - year plan for long-range capital funding shall include anticipated County and School capital expenditures costing \$100,000 or more.

Sources of Funds

The County will allocate the following sources of funds for County and School debt service and long-range and recurring capital:

- All proceeds from the Article 40 and Article 42 half-cent sales taxes.
- *(The North Carolina General Statutes require that 30 percent of the Article 40 (NCGS§105-487(a)) and 60 percent of the Article 42 (NCGS§105-502(a)) sales tax revenue be earmarked for public school capital outlay as defined in NCGS§105-426(f) or to retire any indebtedness incurred by the county for these purposes)*
- Property tax revenue as needed and approved by the Board.
- Half of all proceeds from Article 46 quarter-cent sales taxes.
- The County will budget NC Education Lottery proceeds as the revenues are distributed by the State each quarter, once the revenues are identified for an individual school capital project and requested by each district.

Debt Service

All County and School related debt service obligations would be funded prior to allocation of programmed funding for any other capital purposes.

NC Education Lottery Proceeds

Each school district will have the option to dedicate its share of the annual NC Education Lottery monies to address school facility renovation needs or as additional revenue to the districts pay-as-you-go funding to address school facility renovation needs. Annually either district can request that the County dedicate Lottery proceeds to repay debt service and the county will substitute pay-as-you-go-funding to expedite approved capital projects in the schools capital improvement plan.

Allocation

Capital funding for each ten - year capital planning period will be allocated between the two school districts based on the student membership planning allotments, provided by the NC Department of Public Instruction by or around March 1 of each year.

Capital Project Ordinances – Form and Purpose

All funds allocated to capital projects are to be accounted for in a Capital Project Fund as authorized by a Board of County Commissioner approved Capital Project Ordinance. The Capital Project Ordinance will include a detailed break down of each major cost category related to the project.

In accordance with the Board of County Commissioners November 2000 adopted *“Policy on Planning and Funding School Capital Projects”*, whenever School capital project bids are either higher or lower than originally projected, or any other factor affecting the project budget occurs, the affected school system is expected to work with County Management and Budget staff to present revised capital project ordinances for adoption by the Board of Commissioners. The same expectations shall be applicable for changes to County Capital project budgets.

Community Use of Schools

It is the intent of the Board of County Commissioners to evaluate each new proposed school in both School Districts for joint community use opportunities, including, but not limited to, park and recreation use.

Schools Adequate Public Facilities Ordinance

Orange County’s Schools Adequate Public Facilities Ordinance (SAPFO) and Memoranda of Understanding (MOUs) between the County and its municipal and school partners establish the machinery to assure that, to the extent possible, new development will take

May 3, 2022

place only when there are adequate public school facilities available, or planned, which will accommodate such new development. The Board of County Commissioners is committed to the principle that new school space documented as needed through the annual SAPFO technical review process will be reflected in the next adopted CIP, and will be funded so as to be constructed to be available before the relevant level of service threshold is exceeded.

Rescission

This policy supersedes any policy in place prior to this date.

May 3, 2022

ORANGE COUNTY BOARD OF COMMISSIONERS FUND BALANCE MANAGEMENT POLICY

The Fund Balance Management Policy is intended to address the needs of Orange County (County), in the event of unanticipated and unavoidable occurrences which could adversely affect the financial condition of the County and thereby jeopardize the continuation of necessary public services. This policy will ensure the County maintains adequate fund balance and reserves in the County's Governmental Funds to provide the capacity to:

1. Provide sufficient cash flow for daily financial needs,
2. Secure and maintain investment grade bond ratings,
3. Offset significant economic downturns or revenue shortfalls, and
4. Provide funds for unforeseen expenditures related to emergencies.

Fund Balance for the County's Governmental Funds will be comprised of the following categories:

1. Nonspendable - amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.
2. Restricted – amounts externally imposed by creditors (debt covenants), grantors, contributors, laws, or regulations of other governments.
3. Committed – amounts used for a specific purpose pursuant to constraints imposed by formal action of the government's highest level of decision-making authority.
 - a. Amounts set aside based on self-imposed limitations established and set in place prior to year-end, but can be calculated after year end.
 - b. Limitation imposed at highest level and requires same action to remove or modify
 - c. Ordinances that lapse at year-end
4. Assigned - amounts that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed.
5. Unassigned – amounts that are not reported in any other classification.

The General Fund will be the only fund that will have an unassigned fund balance. The Special Revenue Funds and Capital Project funds will consist of only nonspendable, restricted, committed and assigned categories of fund balance.

Unassigned Fund Balance – General Fund

Orange County has adopted a fiscal policy that provides for capital projects to be financed with debt and pay-as-you-go funding. In order to obtain the best possible financing, the County has adopted policies designed to maintain bond ratings at or better than AAA (Fitch), Aaa (Moody's Investor Services) and AAA (Standard & Poor's). Part of the County's fiscal health is maintaining a fund balance position that rating agencies feel is adequate to meet the County's needs and challenges.

Orange County has therefore adopted a policy that requires management to maintain an unassigned balance as follows:

1. The County will strive to maintain an unassigned fund balance in the General Fund of 16% percent of budgeted general fund operating expenditures each fiscal year. The amount of unassigned fund balance maintained during each fiscal year should not fall below 8% percent of budgeted general fund operating expenditures, as recommended by the North Carolina Local Government Commission.
2. To the extent that the General Fund unassigned fund balance exceeds 16% percent, the balances may be utilized to fund capital expenditures or pay down outstanding County debt.
3. The County's budget and revenue spending policy provides for programs with multiple revenue sources. The Financial Services Director will use resources in the following hierarchy: bond proceeds, Federal funds, State funds, local non-county funds, county funds. For purposes of fund balance classification, expenditures are to be spent from restricted fund balance first, followed in-order by committed fund balance, assigned fund balance, and lastly, unassigned fund balance. The Financial Services Director has the authority to deviate from this policy if it is in the best interest of the County with Board of County Commissioner's approval.
4. Management is expected to manage the budget so that revenue shortfalls and expenditure increases do not impact the County's total unassigned fund balance. If a catastrophic economic event occurs that requires a 10% or more deviation from total budgeted revenues or expenditures, then unassigned fund balance can be reduced by action from the Board of County Commissioners; the Board also will adopt a plan of action to return spendable fund balance to the required level.

Enterprise Funds - (Solid Waste, Efland Sewer, and the Orange County Sportsplex) – The County will strive to maintain unrestricted net assets greater than 8% of total operating revenues at fiscal year-end, net of any donated assets recognized, to provide reserves for operations and future capital improvements.

Restrictions, reservations, and designations of Net Assets for Enterprise Funds

For external reporting purposes, net assets will be reported as restricted or unrestricted in accordance with GAAP. For internal purposes, net assets will be reserved or designated as follows:

1. Encumbered balances to continue existing projects are designated.
2. Designations for funding of planned projects in a future period to reduce the financial demands placed upon a subsequent budget.

Internal Service Funds – Dental Insurance Fund - total net assets shall maintain a positive balance to illustrate the internal nature of recovery fees for services performed in self-insuring employees of the County. Additionally, the net assets of the fund will demonstrate adequate funding for incurred, but not reported claims.

Rescission

This policy supersedes any policy in place prior to this date.

May 16, 2017

School Districts Local Current Expense Fund Balance Policy

Joint Policy Between Orange County Board of County Commissioners Chapel Hill-Carrboro City Schools Board of Education Orange County Schools Board of Education

1. Guidelines

The School Budget and Fiscal Control Act (SBFCA) establishes accounting, budgetary and fiscal control guidelines for School Systems. The SBFCA is codified in G.S. Chapter 115C, Article 31, beginning at G.S. 115C-422. This act parallels the statutes established for Local Government with a few exceptions.

2. Definitions

- 2.1. **Total Fund Balance** – The difference between a school system's total assets and its total liabilities at the end of the fiscal year.
- 2.2. **Fund Balance Available for Appropriation** – The sum of a school system's assets held in cash and investments minus the sum of the school system's liabilities and encumbrances at the end of the fiscal year as outlined in G.S. 115C-425 of the SBFCA.
- 2.3. **Designated Fund Balance** – The amount of the available fund balance that has been appropriated for the budget year through budgetary action of the School Board.
- 2.4. **Undesignated Fund Balance** - The difference between Fund Balance Available for Appropriation and Designated Fund Balance.

3. Policy

- 3.1. **Fund Balance for Cash Flow Purposes** – Each school district will make a good faith effort to maintain a level of undesignated fund balance that will ensure sufficient funds are available to address its cash flow needs. The following levels are to be maintained for cash flow purposes only:
 - 3.1.1. **Chapel Hill Carrboro City Schools** - The targeted level of undesignated fund balance for cash flow purposes will be at a minimum of 5.5 percent of budgeted expenditures.
 - 3.1.2. **Orange County Schools** – The targeted level of undesignated fund balance for cash flow purposes will be at a minimum of 5.5 percent of budgeted expenditures.

3.2. Accumulated Fund Balance Above Cash Flow Purposes - In the event that either school district accumulates more than the percentage amounts allowed for cash flow purposes, the respective Boards of Education will develop a plan in place for spending the accumulated fund balance surplus for non-recurring purposes. The Board of Education will share that plan with the Board of County Commissioners

3.3. Fund Balance Appropriation Occurring Outside the Normal Annual Budgeting Process – Appropriation of fund balance is a budgetary action that rests with elected bodies of each school system. It is highly desired that fund balance appropriations be limited to non-recurring expenses. Both school districts have historically appropriated fund balance as a part of their normal budgeting process, and this practice will remain until additional revenue is available to eliminate the use of fund balance. The Board of Education should note and explain significant deviations in the normal budgetary appropriation as a part of the budget narrative accompanying the recommended and adopted budgets.

If the Board of Education finds it necessary to appropriate fund balance, outside the normal annual budgeting process, the Board of Education shall highlight the appropriation in their next fiscal year's budget request. The County Commissioners are not obligated to increase local current expense in order to fund recurring items for which the Board of Education appropriates fund balance outside of the normal budgeting process.

4. **Undesignated Fund Balance** – Undesignated fund balance may be allowed to accumulate above the cash flow percentages under certain circumstances. School Boards will develop a detailed plan for future use of accumulated fund balance. Boards of Education are to use undesignated fund balance to address unforeseen events or opportunities. In these instances, it is the responsibility of the Board of Commissioners to work with the School Boards to address the extraordinary issues.
5. **Extraordinary Emergency Needs** – There may arise a time in the future when one or both school district(s) experience(s) an unforeseen extraordinary uninsured event that greatly compromises how the district(s) serve(s) children. In such instances, there may be a need for the school district(s) to use some or all of its fund balance. In such instances, the Board(s) of Education is(are) to take appropriate action to correct the problem, and following necessary budgetary action by the Board of County Commissioners, the County will reimburse the School Board(s) for the necessary expenditures.
6. **Policy Review** - The School/County Collaboration Work Group shall review this policy every 18 months to determine if changes to the policy are necessary.

Budget Administration

As required by the North Carolina Budget and Fiscal control Act the County adopts an annual budget ordinance for all funds except those authorized by project ordinance. Orange County governmental funds budgeted under project ordinances include Grant Projects Fund, Community Development Fund, County Capital Projects Fund, and School Capital Projects Fund.

Amending the Budget

Appropriations to the various funds are formally budgeted on a functional basis. The County Manager is authorized to approve appropriation transfers *within* all functions except the Contingency account, which is included in the General Government function. Revisions that alter the total expenditures of any functional category or fund, including amendments to capital project ordinances and receipt or reduction of grant or new funds, must be approved by the Board of County Commissioners. In addition, appropriations from the Contingency account must be approved by the Board.

Encumbrances

Operating funds encumbered by the County as of June 30 of the fiscal year are re-appropriated through the County's annual budget ordinance (Section 13).

Line Item (Object Code) Transfers

Inter-departmental line item transfer requests are processed in the Finance and Administrative Services Department. Normal operating category allocations may be freely transferred within a department's line items. Other operating monies, such as internal service charges for motor pool, telephone, and duplicating, cannot be transferred. Use of unspent personnel services monies are approved on a case by case basis. Additions to capital outlay must be approved by the County Manager or Assistant County Manager. In addition, line item transfers exceeding \$25,000 and transfers between departments, within a function, are to be reviewed by the County Manager's Office.

Purchase Orders

Requests for purchase orders originate at the department level for all purchases exceeding \$500. Purchase orders are pre-audited by the Finance Director and approved and issued by the Finance and Administrative Services Department. For items costing \$500 or less, payment requests are issued by each department.

Capital Outlay

All items exceeding \$500 are considered capital outlay items and are approved by the County Manager before purchase. Finance and Administrative Services maintains a listing of approved capital outlay. Requests for technology equipment are approved by the Information Technologies Department.

Position Control

Finance and Administrative Services maintains a listing of approved permanent positions. The position count is maintained in full time equivalents (FTE). The County Manager approves temporary increases in the full time equivalent for up to one year assignments. Temporary part time positions that work less than 15 hours per week may be authorized by the department head. All increases in full time equivalents must be approved by the Board of County Commissioners.

Glossary

Ad Valorem Tax - A tax levied in proportion to the value of a property.

Allocate - To set apart portions of budgeted expenditures which are specifically designated to organizations for special activities or purposes.

Annual Budget - A budget covering a single fiscal year.

Appropriation - The amount budgeted on a yearly basis to cover projected expenditures which the Board of Commissioners legally authorizes through the Budget Ordinance.

Approved Budget - The budget as formally adopted by the Board of County Commissioners for the upcoming fiscal year.

Assessed Valuation - The estimated dollar value placed upon real and personal property by the County Assessor as the basis for levying property taxes. The General Assembly exempted household personal property from taxation effective July 1, 1987.

Authorized Bonds - Bonds which have been legally authorized but may or may not be sold.

Balanced Budget - Occurs when planned expenditures anticipated revenues. In North Carolina, it is required that the budget submitted to the Board of County Commissioners be balanced.

Base Budget – A tool that provides the departments and the County Manager a starting point for evaluating budget decisions for the upcoming budget cycle. The Base budget is the same as the current year's original budget with two exceptions:

- 1) All natural personnel changes that occur in the fiscal year are included.
- 2) All recurring capital requests are set back to zero as those are typically irregular expenditures.

Board of County Commissioners - Seven-member Board elected by district and at large by the voters of the County for four-year terms.

Bond - A written promise to pay a specific amount of money with interest within a specific time period, usually long-term.

Bond Rating - A grade indicating a governmental unit's investment qualities. Generally speaking, the higher the bond rating the more favorable the interest rate and the lower the cost of financing capital projects funded by bonds. A high rating is indicative of the Government's strong financial position. Ratings range from AAA (highest) to D (lowest).

Bonds Issued - Bonds that are sold.

Budget - A financial plan for a specified period of time that matches all planned revenues and expenditures with various County services.

Budget Message - A written overview of the proposed budget from the County Manager to the Board of Commissioners. This overview discusses the major budget items of the Manager's recommended budget.

Capital Investment Plan - A long term plan of proposed capital improvement projects, which includes estimated project cost and funding sources, which the County expects to undertake within a five-year period. The plan is updated annually to reassess capital needs.

Capital Outlay - An expenditure which results in the acquisition of or addition to a fixed asset.

Capital Project - A project expected to have a useful life greater than 10 years and an estimated cost of \$100,000 or more. Capital projects include the construction, purchase or major renovation of buildings, utility systems, parks, or other physical structures or property; purchase of land; and purchase of large equipment.

Capital Project Fund - A fund used to account for the acquisition or construction of major capital facilities and equipment.

Category - Expenditure budgets are presented in one of three categories: Personnel Services, Operations and Capital Outlay.

Community Development Fund - A fund used to account for block grant monies received from the federal government under the Title I of the Housing and Community Development Act.

Contingency - Appropriation intended for unanticipated expenditures. Transfer of these funds into an expendable account is controlled by the Board of County Commissioners.

Current Expense - Local funds used to supplement the State's minimum level of support for operating the Schools. By State law, local governments appropriate these funds on a per pupil basis.

Debt Service - Principal, interest and administrative costs associated with the repayment of long-term debt.

Delinquent Taxes - Taxes that remain unpaid after the due date on which a penalty for nonpayment is occurred.

Department - A major administrative division of the county that has overall management responsibility for an operation within a functional area.

District Tax - Taxes paid by those owning property in a special district of the County.

Effective Tax Rate - Current tax rate multiplied by the sales assessment ratio. The effective tax rate is useful in comparing the tax rate of counties across the state since it adjusts for differing years of revaluation of real property across the state.

Encumbrances - A financial commitment for services, contracts, or goods which have not been delivered or performed.

Enterprise Fund - A grouping of activities whose expenditures are wholly or partially offset by revenues collected from consumers in the form of fees and charges.

Expenditures - The total cost of a program or capital project.

Fire District - Special voter-approved districts within the County established to furnish fire protection to residents and supported by property taxes.

Fiscal Year - A 12-month period (July 1 through June 30) in which the annual operating budget applies and at the end of which an assessment is made of the County's financial condition and performance of its operations.

Fixed Asset - An asset of long-term character. For budgetary purposes, a fixed asset is defined as an item costing \$250 or more with an expected life of more than one year.

Fringe Benefits - For budgeting purposes, fringe benefits include employer payments for social security, retirement, group health and life insurance, dental insurance, and worker's compensation.

Full-time Equivalent (FTE) - One FTE equals 40-hour per week permanent position.

Fund - An accounting entity created to record the financial activity for a selected financial group.

Fund Balance - Funds accumulated through the under expenditure of appropriations and /or the act of exceeding anticipated revenue.

Function - A broad grouping of activities and departments whose objectives and expenditures are inter-related. Examples of functions within Orange County include Human Services, Education, Public Safety, etc.

General Fund - A fund that provides the accounting for most of the basic government services, such as elections, social services, sanitation, inspections, health, or law enforcement.

General Obligation Bonds - Bonds issued by a government that are backed by the full faith and credit of its taxing authority.

Goal - A broad statement of desired conditions to be maintained or achieved through the efforts of an organization.

Grants - A contribution of cash or other assets from another government or non-profit foundation to be used for a specified purpose.

Glossary - continued

Indirect Cost - The component of the total cost for a service which is provided by and budgeted within another department or division. Indirect costs are budgeted to more accurately reflect the true total cost for such services as those provided by the Health Department and Community Development.

Interest and Penalties Receivable on Taxes - Uncollected interest and penalties on property taxes.

Intergovernmental Revenues - Revenues from other governments (state, federal, and local) that can be in the form of grants, shared revenue, or entitlement.

Lease Purchase - A method of purchasing equipment in which payments are spread over a period or time.

Levy - The amount of tax, service charge, and assessments imposed by the government.

Line Item - A budgetary account representing a specific object of expenditure.

Modified Accrual - The basis of accounting for the County. Under this system, expenditures are recognized when encumbered, and in lieu of any other "property tax" that may have been considered on these values.

Net OPEB Liability (NOL) - The Total Other Post Employment Benefits (OPEB) Liability minus the Plan Fiduciary Net Position which is derived from Employer Contributions and Net Investment Income versus Annual OPEB cost.

Non-operating Expenses - Expenses that are not directly related the provision of services, such as debt service.

Non-operating Revenues - Revenues that are generated from other sources and are not directly related to service activities.

Objective - A specific statement about what is to be accomplished or achieved for a particular program during the fiscal year.

Ordinance - A formal legislative enactment by the Board of Commissioners that has the full force and effect of law within the boundaries of the County.

Operating Budget - The County's financial plan, which outlines proposed expenditures for the upcoming fiscal year and estimates revenues that will be used to finance them.

Operating Expenses - Those expenditures of a recurring nature, covering services and supplies necessary to operate individual agency activities.

Personal Property - Movable property classified within two divisions: tangible and intangible. Tangible -- or touchable -- property includes items of visible and movable property not

permanently affixed to real property. Intangible -- or non-touchable -- property includes stocks, bonds, notes, cash, bank deposits, accounts receivable, patents, trademarks, copyrights and similar assets.

Personnel Services - Salaries and wages paid to employees for full-time, part-time and temporary work, including overtime and similar compensation. Also included in this account group are fringe benefits paid for employees.

Program - A well-defined portion of the operating plan for which a distinct set of goals and objectives may be developed.

Property Tax Rate - The rate at which real property in the County is taxed in order to produce revenues sufficient to conduct necessary governmental activities.

Property Tax - Tax paid by those owning property in the County.

Proprietary Fund - A fund used to account for the operations similar to those in the private sector. This includes enterprise funds. The focus is on determination of net income, financial position and changes in financial position.

Public Safety - A group of expenditures related to the provision and enforcement of law enforcement and fire and disaster protection.

Real Property - Land, buildings, and items permanently affixed to land or buildings.

Real Property Value - The value of land and buildings that is taxable.

Reappraisal - The process of re-valuing a jurisdiction's real property in order to adjust the tax value to the market value. According to North Carolina law, a revaluation must be conducted at a minimum of every eight years. Property was recently re-valued as of January 1, 2021.

Reclassification - A change in the classification and corresponding job title of an existing position that results from a major change in assigned responsibilities.

Reserve - An account designated for a portion of the fund balance that is to be used for a specific purpose.

Revenue - All funds that the County government receives as income, including items such as tax payments, fees for specific services, receipts from other governments, fines, forfeitures, shared revenues, and interest income.

Sales Assessment Ratio - The ratio of the tax value and the actual value of real property.

Sales Tax - Tax paid by retail consumers in the County.

Glossary - continued

School Recurring Capital - A recurring appropriation that results in the acquisition of, or addition to, a fixed asset within the school systems.

School Current Expense - See current expense.

Service Level - The amount of service provided during the fiscal year as indicated by one or more performance indicators.

SMART Goals – Performance measures focused on outcome, or the results, of services provided. These measures focus on those aspects of organizational performance that are most critical for the current and future success of Orange County. SMART is an acronym that stands for specific, measurable, achievable, realistic, and time-based.

Solid Waste Program Fee (SWPF) – To fund the cost of recycling programs and a portion of the solid waste convenience centers.

Special Assessment - A levy on certain properties to defray part or all of the cost associated with improvements or services that will benefit those properties. For instance, a special assessment would be levied against property owners who have petitioned for paving a street.

Special Districts - Tax-levied voter approved districts to provide specified services. Special districts in Orange County include fire districts and the Chapel Hill-Carrboro City School Special District.

Special Revenue Fund - A fund used to account for the revenues from specific sources that are to be used for legally specified expenditures.

Tax Levy - Revenue produced by applying a given tax rate to a property's assessed, or tax, value.

Teachers Supplement - An additional salary provided by local governments above the salary set by the state.

Two-Thirds Bonds – General obligation bonds that can be issued by a local government without voter authorization. Under a formula set by the State, the new G.O. debt cannot exceed two-thirds of the previous year's net debt reduction.

Unfunded Actuarial Accrued Liability (UAAL) – The Actuarial Accrued Liability minus the Actuarial Value of Assets (AVA). UAAL is derived from unfunded Normal costs, actuarial gains/losses and changes to benefits plan.
