

# Piedmont Food and Agricultural Processing Center

---

The Piedmont Food and Processing Center (PFAP), is a place for new & existing small food-businesses to get started and grow in North Carolina's Piedmont. PFAP's mission is to...

Improve the local agricultural economy by enabling farmers & entrepreneurs to start and grow agricultural product businesses. To achieve this PFAP attempts to provide...

- Access to a regulatory compliant production facility without major capital investment.
- Increased knowledge on how to launch and operate an agricultural products business.
- Enhanced access to the marketplace and industry resources.
- Industry knowledge, experience, and know-how.
- Opportunities to network and build collaborative relationships.

**Interim Executive Director: Eric Hallman**
