

Transgender Health Event

A Medical Professional's Point of View

According to the Human Rights Campaign, the United States is estimated to have over 2 million people who identify as transgender.

Join us for an engaging and insightful presentation with UNC Medical Center Department of Urology **Transgender Health Program Nurse Educator, Shae Bardgett.**

Participants will learn updated information about transgender health, information about gender reassignment surgery services, and how UNC Medical Center- Dept. of Urology is making great strides in transgender healthcare for North Carolina.

Tuesday, May 4 • 4-5:30pm
