Authorization

I, (print name) as owner of the property described above, or as a legally authorized representative of the owner, do hereby convey permission to Orange County Planning and Inspections Staff to enter the property at their convenience to conduct a surface water identification (SWID) to determine whether or not water features on my property are subject to the stream buffer regulations described in Section 6.13 of the Orange County Unified Development Ordinance. This SWID may be necessary to facilitate the approval of my proposed subdivision, or to determine whether or not the property may support a proposed improvement. This SWID will be public record, and may be requested in the future for review by parties interested in the property.
