

## Social Participation and Inclusion Subgroup Issues

### Programming

- Expand senior centers
- Improve transportation, hours, and pricing for learning and cultural offerings
- Increase educational and enrichment opportunities (inside and outside of centers)
- Provide more intergenerational programming

### Outreach

- Expand dementia-capable communities/Dementia Friendly Business initiative
- Build community cohesion
- Outreach to baby boomers
- Connect with faith-based communities
- Combat social isolation

## **Social Participation and Inclusion Subgroup Discussion**

### **Questions to consider:**

- What resonates with you as an important issue within this subgroup?
- What do we already have in place to address some of these issues?
- What resources are available?
- What programs or services need to be protected or expanded?
- Are there programs or services missing that should be added?
- Are there programs or services we can build upon?
- Who is missing from this work group? Who can recruit him/her?
