

2020 Census Partner Social Media Content

As a 2020 Census partner, you can help ensure that the people in your community are accurately counted and represented. Social media is a great way to reach your audiences and share helpful information about the 2020 Census.

Here are sample posts you can use on your own social media channels—either as is or edited to add a personal touch and better match the interests and concerns of your community. In 2019, we recommend that you share at least one post per month. The long-form posts are best suited for Facebook, LinkedIn, and Instagram. The short-form posts should be used for Twitter. Additionally, don't forget to share posts and photos from any 2020 Census events you attend or host.
